

## THE ELEMENTAL GRACE ALLIANCE Sun Of Even Pressure Disciple Council

### INTRODUCTION TO JOIN THE EGA

Before I begin to introduce the Sun of Even Pressure Disciple Council, I wish to say that there is a Word Docx of this entire information, to read away from the computer if that is easier for you. Here is that Button Link to make that transition if you so desire.

[SOEPDC Information To Join](#)

Before you begin reading I wish to pre-empt any potential reactions from one's outer mind. To read what is coming up with the ego mind, will not give you any possibility of grasping the importance of this sharing or indeed the depth of the Truth that is being presented here for you. You are being invited to read with you Heart Mind and your Higher Intelligence shall lead you through your I Am Presence. This will offer you the opportunity you have been led here to see. I Pray you shall understand this.

Since the launch of the Elemental Grace Alliance Project in February 2016, many people have found the Discourses of great interest. Many joined the newsletter group for updates and news, many have even joined the Blog site to receive the different elements of the more detailed aspects of the work we have had placed within our care and execution. But then there was a small group of Dear Souls who wanted more, to become part of the Elemental Grace Alliance Project permanently and were prepared not only to take on the responsibilities called for within this Project of Proposals, to clean up this Earth, but to actually formally dedicate and commit to the project through their Own I Am Presence's offering Heartfelt Pledges and Covenants to God to this effect.

In July 2016, we began with 20 Dear Hearts and set out to refine and define the work we would be doing. Within the Discourses, we were told that to begin the work of the Proposals there was going to be a minimum level of Vibrational Consciousness that would be required.

Beloved Lady Nada stepped forward and told us within Her Discourse, that anyone who would commit to such work would receive a Divine Dispensation of fast tracking their karmic responsibilities and thus increasing their Vibrational Resonances exponentially. This Dispensation was Granted by the Karmic Board of Directors. Beloved Lady Nada was True to Her Word! Once we began the individual and group Resonances rose steadily, very quickly. However, these increases were not always able to be held and implemented into each person's life as we advanced. Some found it necessary to take their leave because they found it too difficult to manage, while others left for they discovered it was not for them according to

their own free will choices. It was a bit of a rocky road to start, but in Light of the hard work that everyone put in, we now have a stable and small group of 12 dedicated and committed Souls who are unwavering in this New Work. So much so, that on the 1st April 2017, Beloved Djwhal Khul, saw a potential to offer His Services to come and help us consolidate and refine even further, the Group Energies. DK's full Discourse is available here as a link below; you may download the pdf for your interest and discernment. "SOEPDC DJWHAL KHUL"; This is an excerpt of that Discourse, He said to us:

#### Why The SOEPDC Djwhal Khul

*"This very specific Group, The Sun of Even Pressure Disciple Council, is about to enter a deeper Epoch of Greater Service. But first you shall need some training. That is why you are here, and many will follow in your footsteps. Those who may read this may feel the draw within the Core of their being and I say to you Dear Brothers and Sisters, come forth and follow this lead, for you will not be led astray! But be mindful of this first!*

*"You have thus all been led to follow your own personal ego and mental objectives, goals and targets. With these intentions and foci, you have forced yourselves to service these desires, wants and perceived needs. This New Work of this Disciple Council, is going to call for you, individually at first, and then as a Group, to place your attentions and intentions upon ONLY subjective ones that are aroused, stirred and ignited through, personal, internal, emotional, instinctive, intuitive Impulses. These Subjective Impulses progressively coming from the Impersonality's expressions of you all, shall be so far reaching in their scope and effects when incorporated with this Group, it is impossible to imagine the results and manifestations from where you are sitting right now.*

*"I wish to encourage your creativity to attain your goals, to be mindful of the Vision and hold this Vision firmly within your Hearts and Minds. To create and manifest only those things that come into your immediate view. Those aspects of the Plan, those precious moments that need your instantaneous Love and Light, those matters that call for your attention in the time of your present place and location. Do not misunderstand any circumstances, I repeat, DO NOT, walk around anyone or anything that comes into your awareness that you know within your Heart, that you can make a difference to. This is a Full Time Vocation Dear Brothers and Sisters, and it will take all of your Devotion and Dedication to do this. That is why to be a Member of this Group, Membership cannot be one of half-heartedness. It must be a Full Time Life Occupation from now on!*

*"To Help Me Dear Hearts, at the optimum levels of attainment, I need you to be glamour free, creatively and as a Group; walking within the madness, speaking within the disarray of confusion, thinking and feeling in the pandemonium of hearts, minds, bodies and spirits, in the turmoil of the loss of Divine Consciousness; standing firm and balanced within your I Am Presence, unaffected in the face of all adversities.*

*"I will help you as individuals to find detachment, dispassion and discrimination which the Buddha taught.*

*"I will help you as a Group to find the complete dissolution and subordination of the personality and to expand the Unity Consciousness for the Group's Significant Pursuits, as a Group, as Christ taught.*

*"I will help you with your Group Endeavours, to rise in Consciousness to go forth as a Divine Unity of Oneness, To Love and Serve All Beings while truly Comprehending and Understanding the Truth of Working as a Group within this New Golden Age.*

*"I will remind you constantly, to remember exactly what you are doing at all times. This is of major importance. To know why this is important is so that you register consciously and all the time, just exactly what you are doing. I would have you remember that right doing is the result of Being. If your awareness of being is of a personality nature, so will be your activities and creations. If your consciousness is focussed*

*in Spiritual Being, Group Attainments, your Spontaneous, Creative and Active Service will be consequently through this Radiation. Please ponder on this, for it has great value in its simplicity. Not easy to attain, but simple in words."*

The Elemental Grace Alliance has been meticulously founded on very specific Templates for both Creating the Plan in the first place, and then to Create this Sun Of Even Pressure Disciple Council. Beloved God Alpha in the Discourses of the Elemental Grace Alliance says this about what is Being Created here; -

*"So with the potential of the New Disciples, who wish to enter the New Physical Radiation Centres, Without Total surrender to Me and My Design and My Plan for them, then such places of Service, that I wish to Manifest through Them, must therefore have a 'Ring Passeth Not' placed around Them, so that the Work that I Desire within It, can be fulfilled without discord, personal agendas, self-will or self-gain, or any amount of personality traits that will diminish the Resonances or Resources required to Create the Changes needed upon the Planet soon".*

Because of the Nature of this Council and the Work we have now begun, one must work through a series of Activations and Attunements through Invocations, Decrees and Prayers to raise one's Vibrational Frequencies to at least the average of the present Group Levels.

Remember, this is all about fast tracking. Under normal circumstances, the rise of one's resonance happens over a long period of time. Whereby life in its everyday existence presents life lessons that one either passes or has to repeat until they do. Each pass produces an incrementation of vibrational frequency.

The SOEPDC, is a High Resonant Group and to attain the minimum levels of vibration required, many are ready to make these transitions, but it takes commitment and dedication to take such an Escalator to new Resonant opportunities. Your I Am Presence Knows if you are ready or not and will Guide you. Your connection to your 'I Am' is very much a prerequisite to be able to communicate at a reasonable level to know when your personality is speaking or your I Am Impersonality is leading you.

When it comes to being exposed to and working with Higher Levels of Vibrational Frequencies, if one has not done their own Inner Work first, it can and will bring to the surface any and all untouched physical, emotional and mental imbalances to deal with. The more intense the Light the more powerful the dark. The more concentrated the Love, the more profound the fear! With greater Light comes more expansive responsibilities.

It is the unfinished aspects of self, that create all sorts of upheavals and disturbances within the individual. There is no room within this Council for personality issues, this is made very clear within the Discourses of the EGA. That is why the Light Programs have been prepared in these sequential Activations and Attunements; Initiated and Implemented to pass through such upheavals, and disturbances, with as much Ease and Grace as possible to Heal them, prior to any Higher Engagements with your I Am Presence at the Helm!

So, in Truth that is why this Sun of Even Pressure is very focused on only opening its doors to those who can work from within the Impersonal Expressions of God, leaving all personality aspects outside the door! Not what you may wish to hear, perhaps! But this is the Reality when rising above the personality ego desires and demands, while working to find the necessary Solutions and Resolutions of all human discord and chaos. These cannot be found while the personality's outer mind is engaged. It simply cannot! Up until our present stage, the Sun of Even Pressure Disciple Council Members have been Divinely Guided to go through a number of prerequisite tasks, including Activations and Attunements, Invocations and Decrees. Between each one, there must be an amount of unspecified time for integration for the increase

of Resonances. Each Soul accepting these conditions can all be at differing levels to begin with. But what we have found through trial and error is that gradually the individuals all begin to resonate at the same vibrational frequency.

This is due to the energetic dynamics created within the Group as a Totally Unified Group of Like Minded Souls as shared by Djwhal Khul in His Books written by Alice Bailey, particularly 'Discipleship In The New Age Volume I and II' and 'Treatise on White Magic'! He defines everything in such detail that one will find this potential as one of True Focus, Allegiance, Devotion, Perseverance and Dedication.

The following steps toward joining the Sun of Even Pressure Disciple Council begins with an invitation. The invitation itself comes from within yourself from your "I AM" Presence and it is then supported by the Sun Of Even Pressure Disciple Council (SOEPDC) after you have made the conscious decision to follow through with your New-Found Desire. As you place your attention upon the Mighty I AM Presence, you will make room for your I Am Presence in your life. This will establish the disciplines that demand of your vehicles to be responsive to the directive of the Light of God – this will prepare you. The person must be free to accept with Impersonal Love In Action and with the Heart intent for the "Greatest Good of All Concerned". The call is an interior movement of God's Grace which the person senses, attracting Him/Her to a profound sense of life and the idea of offering your Heart and Love to Humanity for the Greatest Good of All Concerned.

We, as the EGA Group Consciousness are here to Unify All Our Energies as One Combined Force Field and to work exclusively with the Elemental Grace Alliance Divine Plan. We as ONE are here to align and recalibrate Resonant Force Fields of Vibrational Frequencies for the purpose of beginning the work set out within the proposals of the EGA Divine Plan!

We as a Group Consciousness must not enter any fear-based paradigms of what is right or wrong, or am I making any mistakes, or do I have the right to do this? If you act like Gods then You ARE God, Expressing God's Desire for your own Individualized Expression of God Through you! If you Know that you are Created in His/Her image, then Think, Speak, Feel and Act like It!

*"Do You think that We would give you all such Missions within Our Design for this Our Plan and not allow you to Express the Highest That You Are! Of Course Not! Just remember the Laws Dear Ones, for your Creations will only be in Alignment and of that Perfection with that of your own Levels of Resonance and Vibrational Frequencies within your own Knowingness and Understanding of the Laws that Govern All Prime Creations". (Mother Omega)*

We are here to learn, understand and apply the Universal Laws for Humanity, and how they apply to humanity at this time, by expanding Opportunities of Expression through Creative and Co-Creative thinking.

We are here to learn, educate and demonstrate how to live a life Full of Light, Love, Wisdom, Power, Peace, Abundance, Harmony, Joy, and Perfect Health through the encouragement and Direct communication and belief in your Own "I AM Presence", the Spiritual Hierarchy of Love and Light and doing so BEING Love in Action.

We as ONE with all of Humanity and One Group Consciousness make an impact upon Humanity's Higher Consciousness in such a way that will improve Life on Earth by translating the economy, the environment, and the social process into terms of Human Capital Investment.

## SUMMARY

As the Planet Earth evolves, so do the inhabitants of the planet. The human beings that live here are now raising vibrational frequencies to the point where old belief systems can no longer be sustained within the realms of normal thinking. The traditional and conventional ways of life are shifting to such a degree that many things within our families, businesses, communities, societies, religions, governments and world organizations, can no longer function in the old resonance of patterns and conscious programming. As human beings it is our responsibility under our own free will, to direct the changes necessary to succeed in this Divine Plan for the Transformation and Ascension of Humanity and the Earth.

The Elemental Grace Alliance Narayana Joy Akasha Disciple Academy is being set up to go against everything we ever learned about being human. Most of the information presented through the EGA will not make much logical sense, and that is why it is going to work for you! That is, if you are open minded enough to Let Go and Let God! We are now moving outside of the logical mind and beginning to live within the Realms of the Fifth Dimensional Consciousness and beyond.

Normally it would be advisable to lay these two thought forms side by side and work with them together. However, we are going to take one step further. Here there will be no Teachers. Information shall be provided, and it shall be personal responsibility to find the ONLY Teacher within the Self, which is The I AM Presence / The Christ Within one's self! The goal is to achieve a Level of Communication for this potential without all the old thought processes that go with it. The objective is to step outside of the box and endeavor to design a Template that everyone can follow and use within their own everyday lives and businesses, for everyone is EQUAL in the Eyes of God!

Before you read the Prerequisites to become a Member of the Sun of Even Pressure please read this, for what may appear on the surface as normal activations as we know them to be in previous attempts to heal and develop our Spirituality, I say they are far more than that. These Light Programs are Over Lighted, just as the Elemental Grace Alliance Discourses and Divine Plan is with Light Language that will impregnate your entire Being! So, I invite you to not make the mistake of seeing them as just a list of things to do. They have been Over Lighted by the Entire 7 Spheres and the Spiritual Triad of this Elemental Grace Alliance Council, indeed this Universe, and so if completed in accordance with your I Am Presence's Direction, Instructions and Guidance they do have the potential to fast track the raising of one's Vibrational Frequencies and Light Quotients. Beloved Jesus says this from A Course in Miracles;

*"It is the mind that interprets the eyes' messages and gives them 'meaning.' And this meaning does not exist in the world outside at all. What is seen as 'reality' is simply what the mind prefers. Its hierarchy of values is Projected outward, and it sends the body's eyes to find it. The body's eyes will never see except through differences. Yet it is not the messages they bring on which perception rests. Only the mind evaluates their messages, and so only the mind is responsible for seeing. It alone decides whether what is seen is real or illusory, desirable or undesirable, pleasurable or painful.*

*"It is in the sorting out and categorizing activities of the mind that errors in perception enter. And it is here correction must be made. The mind classifies what the body's eyes bring to it according to its preconceived values, judging where each sense datum fits best. What basis could be faultier than this? Unrecognized by itself, it has itself asked to be given what will fit into these categories. And having done so, it concludes that the categories must be true. On this the judgment of all differences rests, because it is on this that judgments of the world depend. Can this confused and senseless 'reasoning' be depended on for anything"?*

So, the Objective here, is to Unite in One Focus, One Intention, One World Wide Mission to Heal Humanity, The Elementals, Devas, and The Angelic Host and to Clean Up this Planet to return it to its

Pristine State it once was! Not to keep them separate anymore! A Course In Miracles also says “*The One answer to sickness of any kind is healing. The One answer to all illusions is Truth*”.
