THE ELEMENTAL GRACE ALLIANCE COUNCIL, THE HUMAN CONTINGENCY: - Good morning Dear Ones, today's sharing has become a vital part of the overall, presentation that hopefully bring a better understanding to the progressive nature that has allowed for the completion of the '**True Constitution**'. This part in the overall scheme of things is so important that it is desired to present it as the whole of a previous Discourse given by Beloved St. Germain and which has within it, an excerpt from the Great Divine Director that explains in detail the very Essence of what this '**True Constitution**' is all about! This Discourse was one of the Alchemy Class Teachings with St. Germain. So rather than approach this as the EGA presenting this Petition it truly is Brother St. Germain who is presenting this Petition from His own position and involvement. So first let this now be shared as part of this Application and Presentation.

St. GERMAIN: Greetings Dear Ones, today is the New Moon for February and so it is very fitting that We are beginning Our New Ascension Alchemy 'I AM' Freedom Class Together. We have a lot to cover in this first Part of the New Class Study, Training and Their Associated Activities. As you are all aware, the EGA in general remains within the Respite/Reprieve period in which the EGA has now been divided into those who wished to remain inactive, seeing this opportunity to step back to do their own thing; and those of you're here who have held True to your 'I AM' Presence Guidance, to stay Focused and Attentive to what is now transpiring to be something that not even We The Masters anticipated.

This then is Proving to be something far Greater than just an Alchemy Class and this I need to Qualify in more detail for you! Not that this Class will be expected in anything less than what I have already made clear for you in the beginning, for that will remain unchanged and unaltered as to your Commitment and Energetic Participation, Faith, Trust and Love all in Divine Order.

Very few people upon the planet today, are even aware of what 'I AM' going to speak of briefly today! And if it were not for Our Brother here meeting with the Hierarchy on Kauai in 2006, it might have remained more illusory than it is today. I speak here of the New Human Prototype. So, what does this mean? Human Prototype? As you are aware by now, We the Masters are very specific when we use words and again the word '**Prototype**' was used with Peter in 2006 when he was made aware that he, himself was born a Human Prototype for the Anchoring of the New Civilization. We used this word so not to alarm, or draw undue attention to it at the time, for humanity, that is, so the New World Servers, would not react to it in a negative way, but in due course to Respond to it with New Awareness, Seeing It with the Eyes of God as Being Part of the New Civilization as an Individualized Expression of the New Human Angel, Ascended Master in Physical Manifestation, Hierarchy upon Earth.

This **Human Prototype** back then was to test the waters, so to speak of how humanity may move through the remaining 'I AM' Presence Tests without undue delay or irrevocable damage to the human biology. One could also call these New Humans, Living Examples, Exemplars, Archetypes, Model Patterns or as We All would Love to Achieve as Being the Original Genetic Profile Representatives of the First Adam Kadmon Human Race; Be-Coming the First Wave of the Second Coming of the New Adam Lilith Kadmon Man and Woman.

In 2006, Our Brother was told, that he was just one of those potential Beings. And that meant that his, that IS YOUR, All of You Here Reading or Listening to this Discourse, Divine Mission contained the following:-

- Came here to this Planet to be a Living Earth Christ by Design within the Human Experience.
- Came to Earth at this time to close the gap bringing greater potentials to manifest Heaven on Earth by filling in the missing pieces.
- Came in to be an Empath and Clairsentient Being, so that you may feel and know other people's feelings.
- Came having Everything you do being supported Consciously by the Universe.
- Came having Everything you do IS for the Greater Glory of God and Humanity.
- Came having a direct link to the Universe that shall be activated through Nature.
- Came to Create through your links to Higher Beings.
- Came to Unify all Bodies of Consciousness, Linking all Universes with the Golden Light/Ray.
- Came to Activate the 6th Light Body of a Christed One. (Golden Ray)
- Came to Earth as a Soul Incarnate of an Ascended Master.
- Came to Earth as Human Prototype to test out what and how will be the best way to embody the Divine Virtues and Qualities of the Christ within this Life Plan.
- Came in with your DNA already programmed with all the information and codes necessary to achieve The Goal of the Plan but having to be the one to activate the DNA strands through your own Self- Activations with Conscious Awareness and through your own personal Life Experiences.
- Came Knowing that It was the Hierarchy that Administers this Planet that will choose the timing of the events for the Activation of the Christed Ones to Walk upon the Planet again.
- Came Knowing it is all about the timing or Divine Order.

What was not told back then, was that all this would not be an Individual Journey but a Group Journey, as you have all discovered now! It was Our Beloved Master The Great Divine Director, Who has already defined the Human Prototype back in the 1960's, when He shared this with you, from the Lucille Cedercrans Communications on Ashramic Synthesis, Lesson 6, which is a lead into the next aspect of this which I wish to discuss here within this Discourse.

The Divine Prototype

“Focused into that Focal Point, which is defined as a human being, then, is not only the lower levels of the planetary consciousness, but the Higher Levels as well, even that which carries the Logoic Purpose, or the Logoic Will; and just as the lower states of consciousness influence and impress the man in the brain, so do the Higher States of Consciousness which Know no limitations. Just as the individual Disciple or Initiate is concerned with the Integration of his or her Total Consciousness into One Focal Point, which can become so Synthesized as to Become a Responsive Unit within the Body of God, so is the Planetary Life Endeavouring to Synthesize the Sum Total of His Consciousness into One Unit, One Responsive Unit Within the Body of God.

“Today, (more so now in 2020), the effort to establish the Divine Prototype within human flesh is being made with a new INTENSITY, which you cannot begin to grasp. Your response to this effort makes possible the incarnation into your brain awareness of that Divine Consciousness which Over Lights you, of Those Higher States of Consciousness which are not imprisoned Within the Body of God.

“The Hierarchy Works today to Externalize an Ashramic Group, an Ashramic Consciousness upon the face of the Earth. The Endeavour is being made to bring into outer appearance an incarnation of the Christ via a Group Vehicle. This Group will not consist of a few individuals in one room, in one city, in one state, in one part of the world. It will consist of a Group which is composed of all of those Disciples and Initiates throughout the entire world who respond to the impact of the Plan and who in their Response, Consciously Initiate themselves into the Hierarchical effort That consciousness, which is human in its nature, human in its response, whether that consciousness be so-called subconscious or whether it be conscious, is not more Powerful than the Plan. It is not more Powerful than the Spiritual Soul, it is not more Powerful than God. If you can conceive of what can take place, not for you as an individual, but for humanity, within the body of humanity, within that consciousness which is humanity and if you can Respond to that Concept to that Vision of what can be done, then you have Initiated Yourselves into the Hierarchical Effort.

“Your consciousness is heavy with limitation. It is heavy with the interpretations which you yourselves have given to your experiences. It has yet to Realize that Alignment which supersedes any possibility of interference insofar as the working out of the Plan is concerned. The Hierarchy, the Light of Wisdom, the Light of Understanding, the Light of Love, Over Lights humanity today and Seeks Entry into the three worlds, yet it Seeks a Doorway through which it can enter into the three worlds of human endeavour. That Doorway will be a Group - a Group whose Consciousness is so Completely Aligned with the Plan that such things as human frailty, human mistakes, though they be made, cannot interfere with the Building of that Doorway.

“As a Group is Established within the world, within the body of humanity, (and again I refer not to a small group, I refer to a vast Group throughout the world, Consciously Working, Consciously Responding to Hierarchical Impulse) as that Group is Established, as that Consciousness Integrates into a Focus of Receptivity to the Plan, to Light, then that Plan and Light shall put down into the body of humanity to reveal itself within every consciousness, within every form throughout the entire body of humanity.

“It is the Building of an Ashramic Consciousness, the Building of an Invocative Centre, to which you have responded. As you receive your Training, as you contemplate Higher and Higher Concepts of Truth, those Concepts of Truth which are Universal in Their Application, regardless of the mistakes you might make, as you contemplate these Concepts of Truth and as you sincerely attempt to incorporate them into your daily life and affairs, they have their effect within the body of humanity. They Lift the Frequency of human consciousness, bit by bit, fraction by fraction, until that consciousness too becomes responsive to the Plan, unconsciously at first, but with an Ever-Increasing Awareness of its Response.

“The actual Building of such a Group in the outer world is somewhat difficult, because this Group must function along New Age lines. It will function without any visible Leader, without any visible organization. It must necessarily Respond to the Plan and each Member, or each small Group unit within it, Initiates those activities in the outer life and affairs which manifest the Plan, but without a Central Leader, without any one individual directing the Activities of the Group. Each Member must Work as a Soul. Where the Individual and the Groups of Individuals Respond to this Plan and make themselves available for whatever training is their karmic right, the fact of their availability will be taken advantage of. They will receive that Training. Their Consciousness will be Impressed with whatever Concept of Truth to which they are Receptive, via Inner Attitude and in this Way a New Ashramic Consciousness will be brought into Manifestation within the body of humanity; within the three worlds of human endeavour to do Its Work, to Work Its Magic within the Consciousness Aspect of humanity.

“One of the points that ‘I AM’ attempting to make at this time is that the lower state of consciousness with which you have so much difficulty, that tremendous Group Life which constitutes the personality, the hidden subjective personality aspect, that these apparent obstacles to the Growth and Development of the Consciousness of the Soul Itself, into that Divine Being which it is, are only apparent. The True Power, the Divine Power, lies in the Higher Realms of Consciousness; regardless of where a man or woman might be in awareness, in understanding, if within his or her heart there is Love and Inspiration and within their mind there is that need to comprehend, to know and if out of the two of these there is some Desire to Be of Service, then this man or woman can Invoke into their own vehicle, into their own life and affairs, that Higher Power which will make possible his or her Conscious Service to the Plan.” End Excerpt

As you begin to see the Bigger Picture, through the Divine Understanding of the pieces of the Divine Plan as they are presented to you, you will find yourselves opening to Higher Awareness quite naturally. Maybe not acknowledged at first, or even perceived at the time, those ‘Seeds’ that were implanted in the past are now receiving Divine Activation from within your own DNA Encodements allowing Greater Knowledge to move into your Conscious Awareness, where you can now bring those Seeds of Consciousness into a New Life Form through the Application of God Life by Use of the Divine Virtues of a Living Christ!

You will remember just a few scant months ago, that you wanted to Create a New Website. A Website that you will call **'I AM' One World Nation!** How Beautiful then; *'the Consciousness will be Impressed with whatever Concept of Truth to which they are Receptive, via Inner Attitude and in this Way a New Ashramic Consciousness will be brought into Manifestation within the body of humanity; within the three worlds of human endeavour to do Its Work, to Work Its Magic within the Consciousness Aspect of humanity'*.

Each New World Server is responsible to Birth his or her own 'I AM' Presence and therefore their Own Golden Light Body along with Their Own Mighty Powers upon the Earth. No-one is separate from the Whole; All are interrelated with one another and the Re-Birth of the 'I AM' Consciousness must Serve the overall Good-To-Do and Good-To-Be for that Whole.

Therefore, Unification within the three worlds of human endeavour must Invoke Spiritual demonstrations (*not to be confused with protests*) and in this case as part of the New Body of Christ beginning to Manifest within the New Realms of Physicality upon Earth, a New **'I AM' One World Nation**, has been conceived and awaiting its physical manifestation.

This **'I AM' One World Nation** shall be the congregation of all Souls on Earth who will dedicate themselves to Serve God First and Foremost and then the 'I AM' Presence of each other Individualized Presence. Each person then becomes a potential of the New **'I AM' One World Nation Citizen**, regardless of their race, age, gender, religious denomination, nationality or exoteric or esoteric affiliation. As New World Servers United to Birth the Light Body of Each One you are now beginning to see how you are demonstrating in many ways the **New World Divine Human Prototype** that will Evolve into a Divine Spiritual World Government upon the Earth, that will be Inaugurated by the Living Christs after the Second Coming in the near future.

As in the Macrocosm of the Planetary Life, so in the Microcosm of Individualized Conscious Awareness, each reflecting the Life of a Singularity of the **'I AM' One World Nation**; each Citizen Acting as an Individualized Cell of Divine Consciousness, Working with a Specific Divine Virtue through thoughts and patterns of Soul Consciousness. Therefore, through the continued Purification of the ego personality body, temple and nation from within, you continue to Demonstrate, Lead By Example, Exemplify or Radiate the Very Virtues and Essences of the Christed Light Body. Separation must therefore be bridged before this **'I AM' One World Nation** will become a Reality for the masses! That is the Whole Divine Purpose and Will of the Elemental Grace Alliance Council herein.

The Great Divine Director says it perfectly when He said within Lesson 4 - Application for Ashramic Synthesis:

"One might well ask, is there no other way to appropriate the Synthesis Energy? Ah, My Brothers and Sisters, the inequity of separateness rears its ugly head. But then yes, there is another way. Every Energy which reaches you comes to you through a series of centres which, aligned with one another, provide its path of least resistance. You may use the path of least resistance created by your own Ray Energies. Align the bodies, the Soul, the Monad and so reaching toward the Source, you will receive the Energy according to the Perfection or non-perfection of your own interior alignment; your Ability to Comprehend the Truths which are the Soul of the Energy; and your Power potential in Service.

“Choose whichever Technique you will and Serve. ...

“Certainly, the ordinary common laws of Brother, Sisterhood are applicable in the Use of Synthesis. Technically, it is applied directly to the situation or circumstance via meditative direction and the use of the voice, hands, or eyes as Focal Points of distribution. The latter are first Aligned from the meditative Focus with the Inflowing Synthesis and then, via the Devas of Synthesis in the Etheric Network, with the target (so to speak).

“To successfully Apply the Synthesis Energy, one must first divorce oneself from all emotion (taking care to include the emotion of others as well as one's own in the divorcing) regarding the situation or circumstance. One rises above the sense of good and bad, pleasant, or unpleasant, desirable, or undesirable and recognizes the need for evolutionary change. That change, from an ever-diminishing darkness to an Ever-Increasing and Illuminating Light, becomes the common necessity, the Goal to be achieved in every instance.

“One's Divine Love Embraces all equally. One's Compassion fulfils need, soothes and quiets torment, forgives and stops guilt and finally transmutes the many shades of hate into an Understanding Love. One's mind, brain and nervous system organize Truth, in the construction of that New Way of Life which humanity is seeking, Building a New Form of thought here, a New Automatic Response there, a New Quality into one's relationships, a New Clarity and Purpose into one's words and finally a New Life Form altogether.

“This Living Organism, Arrangement, Design and Constitution of Truth, which is the task of every Disciple and Initiate in the field today (regardless of his or her Department of Service), is Based upon a New Understanding of the Pairs of Opposites. Remember that Synthesis Actually Synthesizes the many into the One. The Disciple or Initiate who is working with this Energy looks for the Right Relationship of all apparently separated parts, so that that which appears by itself as false and unreal is finally seen as a facet of the Many-Faceted Jewel of Truth.

“Nothing is discarded as actually false or wrong, or bad, but rather it is gathered into Its Right Relationship with the other Pieces of the Whole. The Whole or Total Unit then becomes a part of the heretofore missing Pattern of the Divine Plan for humanity and Serves its Purpose. In so doing it becomes an Illuminating Force in the world.” End Excerpt.

I don't wish to delve into too much information here, only to bring to your Attention and Awareness that what is Transpiring herein, as part of the Ever-Increasing Reality of what you have Accepted as Part of your Covenants and Decrees within this Divine Plan and as Part of this Ashramic Group called the Elemental Grace Alliance, albeit, One Group of Cells, a Group Consciousness of a single Living Organism of the Whole.

So, I want to show you that apart from the Absolute Necessity to Perfect the Art of Ascension Alchemy, this will all play out within the 3 Distinct Spheres of Rays 1, 2 and 7. You may have already begun to consider how you are going to give this Class Unwavering Commitment when you also have Rays 1, 2 and 7 Fields of Engagement to both Represent and bring about into Manifestation? I tell you, as long as you follow these Class Discourses and Activities All will fall into place with Ease and Grace and All In Divine Order. Unwavering Commitment simply means holding your Attention, Focus and Faith Resolute, Steadfast and Untiringly upon

the Principles and Divine Virtues that you MUST embody before this **Divine Human Prototype** shall be allowed to be made manifest.

That means, follow and become Reliable, Dependable and Faithful Living Examples of the Full Expressions of the 28 Rules of Engagement, toward Be-Coming a Christed Being, using every second of time you have available, both asleep and awake, '**APPROPRIATING**' the Manifestation now of Be-Coming the Christed Ones You came to Be! Look the word '*Appropriation*' up within your DK Discourses, for there is not a single activity physical, mental, emotional or Spiritual within your life, personal, family, Group or within the Impersonality of the 'I AM' Presence, that cannot be embraced therein! Every single breath you take, can be '*Appropriated*' toward your Divine Will and Purpose! That is what I mean when I say I Demand that you are an Unwavering Member of My Class and Study. This then leaves no area in your life that cannot be embraced while still remaining within My Class. So, you can do many things, while still remaining present and focused herein these Alchemy Classes, if your Appropriations of your Energies are correctly managed.

'I AM' St. Germain

May You Pass Every Test

End of Discourse.

We are Grateful for this Knowledge to help us comprehend all that we have done within the Core Nucleus Group, that in turn has given us an incredible Opportunity to work with such a far-reaching '**True Constitution**' to be made manifest. Never in Our wildest Imaginings did we see what was coming, or its phenomenal connection to the US Constitution, or the timing of its Consecration! So many remarkable comparisons, associations and analogies, especially from the Spiritual perspectives. But what else could we expect with Brother St. Germain at the Helm, Guiding Us!

Perhaps we were not always conscious of the choices made along the way, or not without some huge mistakes, with our tumbles and disorientations, but we kept on keeping on in the belief and Knowing that what the Elemental Grace Alliance began with, how could we ever fail in anything we took upon with both Hands and Heart working in Unison! We corrected to the best of our human abilities, the mistakes, seeking easier approaches and holding True to the Trust and Faith Resolute and finally being able to show what Beloved Master Rakoczy spoke of Creating a New Doorway for the Masters to one day walk through to be closer to the New World Servers and Humanity physically to carry on the Higher Work.

The Opportunities continue to arrive at Our Open Heart to Serve, but we do remain, at this time, short of the Dear Souls who will hear the Group Note that we send out often, to come forward and join us in more fervently within Our Two Groups. We were told in 2015 that this would not be easy and it has not been, not at all! But now we have so much more to work with and the tremendous help that Lady Portia revealed to us that the birth of the EGA as a Living Organism had its own Genetic Profile and that the Members would play out those Profiles depending upon what Resonances they were at! This was a total Revelation for us! Today we are wiser, more aware and more determined to lift the EGA above and beyond such limitations, especially the shadow resonances of half-heartedness and now with the Triune

Grace Commission also having been given birth to, we know there is so much more to come that will be Higher and even more Expansive Work. The Radiation Centres await us as we speak!

In Part 4, Our closing address will permit us to step back to allow the Board to review all that has been shared and make enter Their deliberations. Until then, thank you for All for listening. We Are Love With You!

BENEDICTION: We Offer Our Gratitude to the Great Equilibrium, That Loving, Vibrant Source Energy That We Know as Father Mother Life, in Whose Image We Are Created. We Infuse Our Breath with Its Divine Essence, Calling Forth the Joy of the Soul, the Love of All Life and the Peaceful, Beauteous, Balanced Harmonies of Nature. As We Do This, We Allow Ourselves to Join in Surrender to the Glorious, Intelligent Rhythms of the Cosmos that Fully Encompass Our Ever-Present, Planetary Ascension. In Gratitude, We Attune Our Hearts to the Sound Currents That Emanate and Flow from the Great Sustained Silence, the Loving, Vast, Oceanic Force of All That Is.
