

Part 9 – True Constitution Why The Flag?

IMPETUS OF LIGHT - SANAT KUMARA – LADY META, - 17TH APRIL 2021

INVOCATION: Beloved Mighty Presence, the Great Central Sun. We Acknowledge Your Presence Within the 'I AM' One World Nation, the Heart of the World, the Ascended Host, the Angelic Host, Elements, Elementals, Devas, the Lessor and Greater Builders of Form and the Nature Kingdoms. We Call Forth the Sacred Fire Mastery Control Surrounding Each One Within this Circle of Light, In Any condition We Contact within the Outer World to Protect and Forever Expand All that Is Constructive, All that Is of God Within the Nations of this World. We Keep Our Attention Focused Upon the Eternal Sacred Fire Presence, Filling All Space, Infinitely Throughout all Outer Atmospheres. We Command and Demand the Sacred Fire to Strengthen All that Is Constructive, the Fulfilment of the Divine Plan on Earth, Within Its Heart, the Eternally Sustained Existence, the Command of the Sacred Fire and Its Ever-Expanding Blessing of Love to Life.

SANAT KUMARA: Beloved Lights of Universal Love, 'I AM' Sanat Kumara and once again I Come to this Elemental Grace Alliance Council to share My Essence and Pressure for the Benevolent upliftment and further expansion of the Narayana Consciousness and Divine Grace for all of humanity.

This Treatise will Assist in the reiteration of the importance of the 'Synergy of Energies' of those who will for the time being, continue to work together with great distances between them, as compared with the potentials of those working within the same physical proximity using their Synergetic Transferences therein. There is a distance problem here at present, at least for this early stage of development of such Radiation and Dissemination of Loving Energies, and so is creating a less than Perfect situation than anticipated. So once again We are looking at another aspect of compliance regarding the use of physical Radiation Centres and the Memberships thereof, as compared with groups gathering individually together from all different localities and energetic backgrounds around the world. This is yet another complex matter that needs further discussion and deliberation, but perhaps just not at this time. I would suggest that this be addressed in more detail when the time comes to Formulate the Christ Council Discourses and Formulations for Creating the Christ Councils on Location.

Indeed, all this is Divinely Orchestrated, and simply follows on with what Beloved Maha Chohan began in His Address when He said, speaking of the old formation of Groups:

"In the early ages, these individuals and their particular Groups of dedicated Lifestreams worked always in the privacy of the Great Temples of the Sacred Fire and the amount of Spiritual Wealth that infiltrated the mass mind in those ages was determined both by the development and nature of the Conductor, and the Strength and Vitality of the 'Forcefields'

which were voluntarily created by the individuals who stood around such a one. This Acted both as a Magnetic Field to draw the Truth and the Presence of the Master and as a Radiating Centre through dedicated Lifestreams who were prepared to carry that instruction to the people.” End of Excerpt.

The point that ‘I AM’ making is for the importance of the work now to reach greater heights of awareness and success, while humanity is still so far widespread physically, and mentally and emotionally drawn to their own personal environments, issues and daily needs to attend to, are still too deluded as far as the needs that are now presently being called for by God. It was always the way that those Who Work within the Higher Consciousness of the ‘I AM’ Presence, so as to fully embrace the potentialities at hand had to gather in Groups that would not be disturbed by normal human life or demanding consciousness’ of everyday matters or situations and circumstances.

Throughout the Ages I and My Spiritual Hierarchy have been dedicated to bringing Truth to mankind through whatsoever agency, organization, group or society that was available at the time, and through whatsoever Higher Entities and Souls that would volunteer themselves to assume the Responsibilities of bringing the ‘*Word of God*’ to humanity and the Truths acquired; into a vibratory action that might be absorbed and comprehended by the masses in each successive generation. **The Essenes are well renowned for their Work within these ways of Collaboration within the Realms of Higher Consciousness.**

What I believe The Maha Chohan is Proposing here, is that through these New Radiation Centres a New ‘*Impetus of Light*’ will be generated by a few dedicated Disciples, perhaps even the Returned Essenes Themselves, Who have once again incarnated upon the Earth, to complete what they began 2000 years ago alongside Our Beloved Yeshua Ben Joseph. This amplification of the Light from within such Radiating Centres would then stimulate and motivate others around the world to make the necessary choices to align themselves to this more direct and Intensified Duty of Exemplifying the Father’s Business through the Christ Consciousness within each Ascending Human Being.

In the times of the Essenes upon Earth, this is how that ‘*Impetus of Light*’ all began back then; The Founder of the Essene Movement, Beloved Anna, Mother of Mary and Grandmother of Yeshua and James, was an Immortal Soul who Knew the Sacred Laws and the Secrets of accessing the ‘*Divine Light*’. Over two generations She ‘*Light Incepted*’ 72 males and 72 females, totalling 144, including Mary, Yeshua, and James, who were also known as ‘*The Children of Light*’. These numbers grew over time and today upon Earth We are expecting far more than 144,000 of These ‘*Light Incepted*’ Beings to once again come together to reignite the ‘*Impetus of Light*’ that will spread like wildfire all over the planet. The shortcoming We have right now, is that these Dear Souls, even though they Know Who They Are, have not yet reignited those ‘*Light Inception Codes*’ within them. We are now hoping that the New Radiation Centres will provide the meeting places for such Souls to come together and Ignite these Codes, while in close proximity of each other. They will indeed recognize Their Brothers and Sisters of the Light when they meet. But creating the draw is Our present dilemma due

to the mass of human consciousness still interfering with such Divine Consciousness Patterning!

Again, We say, once the Groups of Disciples begin to come together upon Earth with Higher Consciousness, thus Creating Greater Connections and Communication access to the Ancient Secrets of Higher Wisdom and *'Light Inception'*, things will begin to change very rapidly. This will then become a much more refined dynamic, for use within such Radiating Centres. It was Beloved Archangel Gabriel Who Over Lighted the Essene Movement and Knew that once these Groups United as a Divine Union Together, They would then Soul Merge again to have the potential of Ascending as a Divine Assembly. This was indeed the Original aim of the Essenes until they discovered that as a Group, they did not have that Momentum sufficiently enough to achieve their Goal. And so, as Teachers of the Essene Mystery Schools, they all decided to Focus their *'Light Inception Codes'* upon Yeshua Training Him, so that He would make His physical Ascension. A Selfless Act of Love that has never been repeated upon Earth since!

Today this *'Essene Soul'* urge to Reunite is a huge pull upon Their Divine Hearts and yet even though Their Memories are now resurfacing once again, They remain within the Transmuting stages of human discord and imbalance and continue to clear and heal many physical, emotional and mental traumas along the way. Subconsciously, these Dear Souls, due to their failed attempt to Ascend as a Group, and who had to reincarnate time and time again over the last 2000 years, the mental and emotional scars of that disappointment are still holding most of them back from making the next major decision within their lives. These will begin to Heal now, thus making way for the final rehearsals before Reigniting the *'Inception Codes of the Light'*; this time with Absolute Permanent and Eternal Success.

'The God Awakening' Book has given rise to Soul Merging within the EGA Proposals and without question this aspect would play a very important part within these Dear Souls, for as part of their inability to make the Ascension back then, many have made use of their *'free will'* to experience all numbers of other potentials, only to spread themselves more thinly upon the ground, if We can say it this way! Many have allowed themselves to be caught up in their other life incarnations. Those who Incarnated in the time of Yeshua and became an Essene, have all now reincarnated upon the planet again, and are destined to, very soon, Gather in United Locations physically in many countries around the world. These Dear Souls will, by the Natural Laws of Attraction, Create such a Loving and Powerful *'Forcefield'*, and not a single word will have to be spoken!

It will be an overwhelming experience of being in the physical Presence of God! The Golden Threads of Light of the Soul Streams that will enter through the Cosmic Crown Chakra and down to the Earth Chakra, The Sun of Even Pressure. Today, when this takes place, a Golden Light will indeed manifest physically for all to see, instantly, and completely naturally, opening the Heart Chakras of those who see it, with profound and exuberant Waves of Divine Love, Light and Life! These New Groups who will gather together in a single Location will not be called Radiation Centres for nothing!

Beloved Kuan Yin made clear references to the potentials of those who are now moving into place for such a 'Second Coming', but Know this, igniting your 'I AM' Presence within the 3rd Dimensional Earth does not automatically afford you Ascension. There is still another aspect of the Divine Plan that today, 2000 years after Yeshua's Ascension, where a Single Soul is no longer sufficient for the Salvation of the World; it must now come through the Soul Merging and the final Group Initiations of the 'Inceptions of Light'! Then Dear Souls, if that is not hard enough, it then has to be integrated fully into the physical Realms of Earth! Sounds hard indeed, but the Truth Is, once the Soul Merge has begun, Living within the Multidimensional Levels of God the Father and Mother, those of the 4th through to the 9th Dimensional States of Consciousness and beyond, will become as Natural to you, as Breathing In and Out in the Circular Breath of God Life! Living from the Centre of Your Beings will become your Joy and Your Love, Power and Wisdom.

It is time that you begin to ask yourselves the questions that will offer you the Guidance to achieve what you Desire, or indeed more importantly, what your Soul Desires of you! You have an unimaginable potential being offered to you now. What you do with it will make all the difference! I plead with you all who are reading or listening to this Treatise, give this some deep Feeling and Due Diligence and then step aside of your ego and your personality intellect and listen to what your 'I AM' Presence wants you to Know!

I shall close now and ask My Beloved Daughter Princess Meta to take the Podium and Speak with you! Congratulations to all of you for achieving these potentials available to you, the Elementals, Devas and Angelic Host Kingdoms.

'I AM' Sanat Kumara and Bid You Blessings of Love and Light.

Beloved Sanat Kumara steps aside and Lady Meta steps forward.

LADY META: Beloved and Esteemed Members of this Gathering, It is with Great Joy that I, Lady Meta, have been given the Opportunity to Speak of this, the '**True Constitution**' and the '**I AM' One World Nation** and the Elemental Grace Alliance Council. So many Loving Beings are now speaking of such things and how an unascended being has come forward with such a Mighty Proposal that has rallied together so many Light Beings from throughout the Galaxies. It is this potential that is now more than just a Proposal, that is allowing for the turning of the many tides of imbalance, away from that which has held humanity, the Elementals, Devas and Angelic Host within such turmoil and undesirous chaos for so long!

I, the Goddess of Healing and the Patron of Doctors and Nurses upon the Earth, and of the 5th Ray of the Holy Green Flame, hold the Crystalline Blueprint of Every Child upon the Planet within My Heart. Along with all those Dear Souls who are awaiting incarnation in the Heavenly Realms before birthing upon the Earth. This Divine Blessing, that I have had Bestowed upon Me by God, Allows Me to Work with all the Healing Masters and Angels, to Uphold the Highest Matrix of Perfection for every child coming into embodiment. Thanks to the Work of the Melvadek Alliance, the Work to free the entanglements of the old Double Core Flower of Life, Our Work today has been eased beyond measure. Yet, We are still obliged to hold this New

Single Core Flower of Life Blueprint in place, especially at the time the Dear Children are birthed into the Earth's Atmosphere and then again when they physically touch the Earth for the first time.

It is this time most of all, that without Our Help and Our Over Lighting Gifts, when these Beloved Ones are most vulnerable, especially now that their Energies are beginning to rise in vibrational frequency in anticipation to that of the actual Earth resonances and the human conscious mass resonances. These are still very low in comparison and continue to hold the disruptive discords and interference patterns throughout humanity. So much has been spoken of these things earlier within the EGA Discourses and so this is one of the major concerns that We still have, as We continue to bring about the balance of new and innocent lives, The New Children of the Light! So, We are very busy here within the Inner Realms working with the younger children of Earth, by healing their minds and bodies from harmful influences. My Devoted Priestesses and Angelic Beings and I of the Sacred Fire, Work tirelessly beside these Children as they, their parents, or their Guardian Angels, call upon Us for Divine Assistance, Healing and Guidance.

So, the Work you all have to do regarding the cleansing of the human auras, the conscious mine fields of humanity, the influence of negative and destructive astral plane interferences and the clearing of the harmful energetic patterns that have been embedded into Mother Gaia's surface, does indeed, without question, warrant a great deal of focus and attention in due course. Yet, this is still, an important part to be concluded; to make way for the Purity of the Children so they may be held in Their Original Crystalline Integrity once they enter the Earth. I Am Aware, that you are all beginning to see just how much is now depending upon what are now being called the Radiations Centres. Remember, you are not alone Dear Souls and God would not have given any of you this Divine Task, if He/She Knew that it would be too great a Work for you. For that reason alone, you are drawing unto yourselves now a Divine Responsibility that is Equal to the Success of this Divine Plan for a New **'True Constitution'** and **'I AM' One World Nation**.

Dear Souls, you cannot know the excitement and the relief that you have given to so many through the implementation of such a simple idea as to want to help humanity and the Elemental Kingdoms. I Know that you will not accept such a Blessing and tell Us that it was God's Idea Impressed Upon Your Hearts and Minds. But you Dear Souls had to come to the Realization first that offered the Opportunity to allow God to make these suggestions through you! Now through your Persistence and Dedication and Focus, indeed your Rhythm to take it this far, We are all faced with a new potential that if implemented by you through others that will join you, the Idea of the Maha Chohan to Build Radiation Centres around the world, Oh My! This will change everything on every Level of Dimension and Reality. So Please Dear Souls, continue with your passions and do not let it wane or be inhibited by those who cannot yet understand or hear the Music, the Power of what is unfolding here. The Momentum must keep Flowing and We Will Do Our Parts to get behind you with All Our Might, that I can Promise You in the Name of God!

These Radiations Centres if I may speak of the opportunities that 'I Am' being Blessed with such Visions now. These Radiation Centres could also become Healing Centres, just as Our '*Temples of Light*' are within the Etheric Realms, but now upon the ground! With only as little as three persons can such a difference be made to so many locations around the world. Therefore, choose to make of your own sweet sanctuaries, foci for the melting and transmuting of these Healing Activities, We shall be glad to assist you.

I Am a Servant of Light and I Am Willing and Desirous of pouring My Light Rays through each Disciple of as many Radiation Centres as possible. Helping you to experiment with the conscious direction of those Beams or Inceptions of Light, to Generate the Love, Wisdom and Power of the Sacred White Fire Light that will be used for the Transmutation of all discord and imbalance around the Globe. ***Will you please ask Me to give each of you the Opportunity to direct a Specific Beam of Consciously Qualified Light into some particular condition that you feel is in need of adjustment, holding that Beam steady upon that goal? Ask me to give you the Pressure of My Green Flame, and then enjoy what the Light will do, without the pressure of your personal will!***

I, Meta, are here to give you all the Images and Visions and the Ideas for Creating such Facilities within your Centres that would extend into surgeries, hospitals, rehabilitation Facilities, Hospices and other Institutions, whereby Sound and Harmonic '*Key Notes*' could be used to Maintain, Repair, Rejuvenate, Regenerate and Heal the Human Matrices of One's Blueprint and Morphogenetic Grids. Astrological Birth Charts will also play a major part within the Formulas of Approach and the outcomes of what will be discovered. **Do not overlook this fact!**

This is a huge subject with a simple answer, all that has to be done is the Research and Investigation work with clinical trials that will establish a whole new dynamic within the Medical Professions, that have not yet entered the minds of your scientists for treatment and cures of so many human disorders and dis-easements; not to what I Am Speaking of here! I will help you to garner the information and place you in contact with all who can help you to change the history of present and alternative medicine.

Beloveds, the Magnificent Centrifugal Vortices Created by Our Temples once Transferred to the New Radiation Centres will send forth the '*Forcefields*' of the various Group Endeavours, and they shall be persistently, relentlessly and constantly laying upon such discordant and imbalanced vortices, dissolving and melting them away, that with little to no effort once the Radiation begins, they shall relieve The Elementals, Devas, The Angelic Host, so that mankind will literally be enabled to stand Forthright, Breathe in the Sacred Fire Light, and actually Live the '*Quality of Life and Freedom of Spirit*', in the physical form while in the Sovereignty of the 'I AM' Presence that has always been their Divine Birth Right!

When you enter such Circles of Love In Action, into your Groups, and begin the make your tremendous Calls for the Light Rays to Expand, Expand and Expand, that will remove those causes of distress, at a Causal Level of All Life upon the planet, you will Render an Extraordinary Service that you will '*never*' fully comprehend, until you have Ascended. You

cannot imagine now the changes that have occurred, even at this time, through the world with so many now sending out and holding the Love of Self, up to the Light of God! God Bless You, and may All Your Journeys be filled with Love, Light and Life. In the Spirit of '*Narayana and Divine Grace*', I say, please Call upon Me anytime and Know that I, Princess Meta, Daughter of Beloved Sanat Kumara and Lady Venus, will Come with All My Dear Healing Masters and Angels to aid and Support you!

'I AM' So Grateful, One and All! And So, It Is!

BENEDICTION: We Completely and Gratefully, Give Thanks and Divine Adoration, while Acknowledging and Accepting the One Eternal, Ever - Expanding Christ Light.
