POSITS OF THE TRUE CONSTITUTION INDENTURE '1ST PROCLAMATION RESOLUTION TRUST INSTRUMENT' WORD DEFINITIONS

- 1.1. Posit** – In accordance with man-made or human statutory and common law, the word *'Article'* has become a standard and accepted word for the definition of function, purpose and detail, within how the parties shall act in accordance with such statutory and common law, whether they be in the form of any indenture, be it a human legal or incorporated contract, agreement, or document, or any other form that relates to a business, organisation, foundation, institution, charity or philanthropic group or their like, for defining their activities for supply or that relates to an exchange of goods or services and the means of those exchanges between two or more parties. However, as the *'True Constitution'* is a Creation Built Upon the *'Bedrock'* or *'Anchor'* of Cosmic Law, by an Ashramic Living Group Organism within Divine Economy, ***'it is not written'*** in any sort of formula or structure that claims or implies any human legal or incorporated contract, agreement or document, or any other form that relates to a business, organisation, foundation, institution, charity or philanthropic group for defining their activities for supply or that relate to an exchange of goods or services and or the means of those exchanges between two or more parties. **Any such future Living Organism does not come under ANY human statutory or common law but does fully Function with the Cosmic Laws and does Accept the Full Accountability and Liability for all and any incorrect or wrongdoing in any Application to God Life and shall stand Voluntarily before Divine Justice for Its Deliverance of Karmic Debts to be Balanced without exception, immediately.**

This *'True Constitution'* Indenture *'1st Proclamation Resolution Trust Instrument'* is rather, a *'Formal Exposition'* that Establishes Cosmic Law as the Highest Law available to Mankind for its Rightful Application to God Life, within any God Creation upon this Earth, or within this Solar System, Galaxy, Universe or Cosmos. Therefore, that which would normally imply *'Articles'* of an Agreement, the word ***'Posit'*** is being used herein to define this *'True Constitution'* Indenture *'1st Proclamation Resolution Trust Instrument'*, as an Opportunity to begin to Understand and Accept the Full Power and Responsibility of God-Authority, while exercising their God-Given Rights in a most Appropriate and Rightful Love In Action, Reclaiming such Human Rights, Civil Liberties, Quality of Life and the Freedom of Spirit from those who oppose it.

The word ***'Posit'*** in this context, is defined in this *'True Constitution Trust Indenture '1st Proclamation Resolution Trust Instrument'*, its Function and Purpose, relates to the philosophical meaning as ***'a statement of information and or Knowledge which are made on the 'Assumption' that it will Prove to be True'***. Even though such Posits are already True or Based on Truth in Accordance with Cosmic Law. This word, ***'Posit'***, then, because the *'True Constitution'* was Created in Accordance with Cosmic Law, which are All Truths of God or Universal Mind, that which Is True to

God, is Undeniable, Unchangeable, Incontrovertible, Inescapable, Untouchable, Unquestionable, Immeasurable, Unchallengeable, Irrefutable, Incorruptible, Inalienable, Unmistakeable, Unassailable, Indestructible, Immortal, Unyielding, All-Encompassing, Conclusive, Absolute and Eternal.

However, while humanity remains within old belief systems of lower consciousness, the Full Truth may find resistance that will delay the time of Self-Realisation of that which is God Universally True, and that which remains the old human beliefs of miscreation, disinformation, mal-information, misinformation or untruths. Inevitably all of humanity will Know the Truth, but that may remain impending and immanent in Design, within this Human Evolutionary Plan that Must by Cosmic Law, the '*Law of Expansion*'; thus, allowing the Divine Truth to be attained by each person's own volition in such ways that are True and Eternal according to their own individual paths, timing and learning experiences through views and beliefs. Therefore, no agreements, contracts or documents can or will be imposed as to how one chooses to reach such attainments herein. Else God is Breaking God's Own Laws and that IS SIMPLY NOT POSSIBLE. Therefore, this '*True Constitution*' Trust Indenture '*1st Proclamation Resolution Trust Instrument*' has no Laws, orders, commands, rules or conditions imposed as to how such Elevation in Consciousness can be attained. Rather, humanity, individually or as Group Domains, can choose whatever they desire to do via their own '*free will*' choices. However, any choice will always come under the Cosmic '*Law of Accountability*' and the '*Law of Retribution*', or the '*Law of Cause and Effect*' as defined herein this Indenture '*1st Proclamation Resolution Trust Instrument*'.

These Posits then, remain as statements, declarations, proclamations, testimonials, assertions, announcements, or Discourses, which are Created for the Presentations for Guiding Purposes only, on the '*Assumption*' that they will Prove to be '*True*' through the Rightful Applications of God Life within the human experience of each Group Domain.

N. B. This '*True Constitution*' Indenture '*1st Proclamation Resolution Trust Instrument*' or in all its content in all its forms and titles, does not limit any human being, individually or Group Domain, to use such Cosmic Laws to weave into any future definition of function, purpose and the detail, as to how the parties therein shall act in accordance with such statutory and common law, whether they be in the form of any indenture, be it a human, legal or incorporated contract, agreement, or document, or any other form that relates to an existing or future business, organisation, foundation, institution, charity or philanthropic group for defining their activities for supply or that relates to any exchange of goods or services and the means of those exchanges between two or more parties. They can and are encouraged to be woven into such things, as is Declared and Stated within the '**True**

Constitution' at will. *The Future New Ashramic Living Organisms of Divine Economy will take time to Create, Transit or be Reformed from within the old human systems and structures of the actions of exchange as in any present Group Domain, past, present or future. Please read the True Constitution Indenture for Greater Understanding of such Transitional Periods.*

- 1.2. - Assumptions** – This word, in this context, under Cosmic Law is defined as the **Law of Believing**, also called, the **Law of Assumption**. Also defined within the content of this True Constitution Indenture '1st Proclamation Resolution Trust Instrument'.

"The idea of believing what one says will come to pass. Whatever a life-unit of whatever kingdom experiences, feels and thinks, it is possible to assume its mental and emotional condition and to experience what it experiences. This is empathy. Conversely, by the same Law, it is also possible to influence any life-unit with one's thoughts and feelings. Assumption is not restricted to the emotions or thoughts of a life-unit. One may also assume the power and characteristic of any life-unit. To assume the feelings of a person or a thing is an outstanding action. To assume the feelings of a plant or tree brings oneness or realization that you are that which you assumed. Anything can be assumed: thoughts, words, actions, stones, plants, animals, crystals, spirits, human beings, gods, angels, and even the Cosmic Mind. By assuming a thing, it is possible to acquire the Virtues or the vices of the thing. The 'Law of Assumption' may also be called the 'Law of Identification'. One of the related 'Laws of the 'Law of Assumption' is the 'Law of Attunement;' 'When two things resonate with one another they are said to be in attunement. In such a state there may be an energy exchange between the two things.

So, when man or woman find an Attunement with God and Open a Communication acknowledging that the Identification of one is equal to the other, then a link or what is called a 'Tube of Communication' can be established, known as the 'Antahkarana'. This takes practice to perfect, but it can, however, create such a communication that is able to find a link through which God, or Universal Consciousness can openly speak with man or woman where the man or woman can receive clear and undeniable communicative interaction. In this 'State of Consciousness', Prayer enters a Higher State of Transmission and Receiving. We now enter the Realms of becoming aware that as a human being we are not alone on the Earth and therefore the idea of God, as a personage becomes a vast array of other God Intelligences and Higher Consciousness such as but not limited to, Christ Consciousness, the Melchizedek Consciousness, the Mahatma Consciousness, etc., Who All Share upon and Within a Stream within God Consciousness, while all speaking the same Languages, all able to Create Like Our Prime Creator Or Creating from a place of Immaculate Conception".

The Posits herein contained, then become open to the 'Law of Free Will', naturally, where no asserting any facts or Truth are forced upon any person or group. The

Posits simply Postulate or put forward a Proposition of the Truth through the Principles, Characteristics, Qualities and Virtues of Divine Will through Agape Love, providing the Source Information that relates to the Ascension Process of a Human Race to raise its own consciousness Directly Back to God Life by their own volition and Love in Action. Such Posits and Assumptions, simply put, are '**Signposts**' where other avenues continue to remain open for whatever path one may choose along their own individual or group '*Path of Initiation*' or '*Higher Consciousness Awareness*'. These then leave all options upon the table of one's belief to explore or not as they wish. If acknowledged and accepted, with Due Diligence and Higher Qualification by individuals or Group Domains, these could be more easily attainable through.

1. Self-Examination (Know Thyself First).

2. Experiential implementation of new beliefs of information or Knowledge into individual life or Group lives. This is the ONLY way humanity can Understand and Align themselves for such changes to become their next Levels of Greater Awareness. This is a Cosmic Law the '*Law of the Acquisition of Knowledge*', where Knowledge can only be gained and kept, through the physical use and application by the willingness to put into one's life the trials and errors of implementation and ground it through and into a physical plane of existence and exchange with self, individuals or Group Domains.

3. Through the transcendence of belief, the Knowledge, hence becoming Wisdom. Wisdom is simply that State of Consciousness where beliefs no longer exist, beliefs, which remain in a consistent condition of changeability. Wisdom is a State of Unchangeability and Fully in Alignment to Cosmic Universal God Consciousness. Wisdom is Permanent Knowledge of God Intelligence.

1.3. Triune Grace Commission (TGC) - The TGC is a Newly Formed Circle of Light Inaugurated with the Higher Councils of Light, by the Elemental Grace Alliance Council on the 29th of December 2017, thus becoming a Communication Christ Council for the Function and Higher Purpose for Providing all necessary Cosmic God Intelligence Guidance for Humanity to Become Self-Governing by the People. This TGC Circle of Light is made up of both Human Beings and Higher Ascended Masters. The TGC is part of a New Holy Trinity, Created within the Chambers of Shamballa, not by name, but in Essence, between Shamballa God Intelligences, Hierarchy God Intelligences, and Humanity/God Intelligences, now called the '*Triune Grace Commission*'.

1.4. The Elemental Grace Alliance (EGA) - A Divine God Plan Founded on the 19th of August 2011, at 5:43 am in Nottinghamshire, United Kingdom. This Divine Plan was developed over a concentrated 13-month period that grew from a '*Mission Statement*', a Heavenly Search with the Higher God Intelligences to Assist in the

clarity of Divine Function and Purpose to find solutions and resolutions to ALL of humanity's world problems, both individuals and groups, communities, and nations alike.

'To change or rewrite the Divine Charters with God for the Elementals and Nature Kingdoms so that a radical and significant shift can be made toward humanity's conscious awareness about their interrelatedness and co-creational abilities for a more active and mutually beneficial co-creative collaboration together.'

This *'Mission Statement'* became the **'Bedrock'** from which the Church, or *'Circle of Influence'* of Christ Consciousness, is to become a more freely understood part of Humanity's Infinite Connection to God Universal Life, and thus, Becoming Aware of Their Own True Origins in the Truth of God Reality on a mass scale regardless of race, colour, creed, religious or political persuasions herein, no longer limited to or thus remaining in separation consciousness with the mystical domains of smaller secret societies or Divine Spiritual World Serving Groups.

The Abstraction of this *'Mission Statement'* had to be Concretised within the minds of men and women, understood and proven through experimentation and physical implementation into the lives of physical beings as to prove Its Truth and Reality in these lower realms of God Existence before it could become a physical manifestation upon any sort of mass scale platform. It began through the Clarity of the Truth of God Existence by Higher Divine Understandings through multiple Discourses and Treatises, both new and old in terms of human awareness. The Divine Understandings Found both Function and Purpose for this God Divine Plan, for this Human Evolutionary Plan, and thus, as a result, found the answers to ALL questions and has Found All the Solutions and Resolutions to mankind's individual and world problems.

These are the Words of Our Beloved Brother, Jesus the Christ, and it was these words that Summarized and Concretized, very clearly, the Intention for Co-Creating the Elemental Grace Alliance Council, a High Council where both human beings representing the whole of humanity and Unlimited Higher God Intelligences from all 7 Spheres of God's Creations that Participated in the Gatherings that took place where the Holy Desire *'to bring to the Light of human consciousness'*, the solution and resolution for building first a Bridge of Consciousness, a Bridge of Friendship in Brother and Sisterhood, and a Bridge of Trust between Humanity and the Elementals, Devas, Angelic Host Realms and Nature Kingdoms.

Part of this Self-Realization came from *'A Course in Miracles'* where Jesus said:

'Peace be to Me, the Holy Son of God. Peace to My Brother who is One with Me. Let All the World be Blessed with Peace through Us. Father, it is Your Peace that I would give, receiving it of You. I Am Your Son, forever, just as You Created Me, for

the Great Rays remain forever still and undisturbed within Me. I would reach to Them in Silence and in certainty for nowhere else can certainty be found. Peace be to Me, and Peace to All the World. In Holiness were We Created, and in Holiness do We remain. Your Son and Daughter is likened unto You in Perfect Sinlessness. And with this thought We gladly say Amen!

Twelve years on from the Inauguration of the EGA, the Birth of the 'True Constitution' was given Life as the first Official Human Ashramic Group Living Organism.

- 1.5. Ashramic Group** – Since the Great Fall from Grace, there has been a Genealogical Lineage that Links back to the Original Living Sons and Daughters of the Light. That Genealogy lies with those whose Hearts have always been connected Innately to the Universal Divine Plan for the Evolution of a Human Race from the bottom up. Moses, Jesus and Paul of Tarsus and many others throughout the generations and millions of years past were all connected, just like you who are reading this.

The word 'Ashram' is normally seen as being composed of a Master or Teacher and His students, but it is more far reaching than that. And Master Djwhal Khul explains everything within His Teachings that relate to this and more, but there is a new 'Point of Tension', or 'Focus', on this understanding for the Purpose of Planting yet another 'Seed of Consciousness' for you in humanity to Act upon. An Ashram can also be seen as a '**Circle of Influence**' or inclusion where Energies Circulate from the Centre of that Circle to the periphery. The Circulation of Energy links Disciples to their Masters or Teachers. This also now relates to the People who become a Central Core or Nucleus of a Circle of Specific Consciousness, both Esoteric and Exoteric in nature; the first dealing with the Education through the Supply of Knowledge and Wisdom and the second dealing with the Teaching of that Supply of Knowledge and Wisdom. There are Inner and Outer Connections to the Ashram. The Inner are those who consciously meet as individuals and the outer is composed of those under the Influence of the Ashram. They are linked to it and receive Telepathic Instruction and Feedback. But here is where it gets interesting!

Because of the Work the Elemental Grace Alliance has done and continues to do, and the way in which it has Evolved from its beginning, it has now created a very unique situation through the Whole of the Evolutionary Plan for Uniting Humanity, the Supplementary Seven, those who function upon and within the physical plane of Earth; with Shamballa, Hierarchy and Humanity, as set out in Rule 8 of the Djwhal Khul Teachings, *The 14 Rules for Group Initiation*. The Connections made to the Higher Realms by the Elemental Grace Alliance has now Demanded the need for Reformation within the Council Chambers of Shamballa and therefore, Reformations within the Realms of Hierarchy and Humanity. Thus, now the New Holy Trinity can Function with Greater Purpose and Freedom of Movement to help make the changes needed upon the Planet to Bring about Greater Balance through Divine Justice.

1.6. Living Organism – In this context, ‘Living Organism’ refers to Groups of Souls, Forcefields or ‘Circles of Influence’ in the Formation of Ashramic Groups of men and women who co-create in ways pertaining to the Law of Precipitation. A Living Organism is a New Template of Approach for the Gathering of ‘Circles of Influence’ to become a New Vibratory Frequency of Higher Resonant Formations that are more greatly implementing Function and Purpose to Human Rights, Civil Liberties, and Self-Governance of their own Group Domain. This New Living Organism, or ‘Circle of Influence’, will, in the shortest time, supersede and move into Higher Resonances and Light Quotients beyond today's groups, governments, administrations, companies, foundations, organizations, institutions, establishments, political parties, societies, charities, non-profits, philanthropic companies or trusts, and any other statutory or common law entities, legally enforced or otherwise, by man-made Laws known today.

Living Organisms can be seen as alive, pulsating with life force, breathing, expanding, as any living organic entity would do, whereby the structure of the Body will be likened more in terms of all parts of a Body becoming more integrally aligned in Function and Purpose as a biological organism. From a single cell to infinite cellular Organisms like a Universe, the Earth and the Oceans and Mountain Ranges of the World. From a single person to a whole human race, these New Living Organisms will be more aligned to having not top-down ranking systems or departments and where systems are ranked in accordance with position, wealth and power. Rather, these New Living Organismal Entities will be Created from within the Creative Powers of a Living Immaculate Conception of Christ Councils of 12 + 1, whereby the Mother’s Love and the Father’s Light shall be likened to the sperm and ovum of the Birthing of an Immaculate Child of God, as Jesus was born, or that of a Whole Universe, which is the exact same Formula for All Creation Itself. All such Births, Children or Creations, if correctly Conceived in the future to come, is now available to All here upon Earth, and shall be Benevolent to All Group Domains, thus eliminating all old systems of profit mentality that undermines the Core of God’s Laws.

Therefore, in these future transitional times, all titles and positions will be abolished, whether King or Queen, Prince or Princess, President or Vice President, Prime Minister, CEO, and any other of the positions that are infinite in number that limit the Freedom of Humanity in ways of equality! Taxes will be abolished as they are used today, and voluntary tithing will replace the old with the new Resources of Energies, not necessarily money, that will provide the needed Energies to Support and Underpin all New Creation that must now become more munificent and altruistic for the expansion of such Living Organism Group Domains in all their varying needs. They will become Ever-Evolving and Perfecting their Functions and Purposes in Accordance with their own creativity, design cultures, religions, etc.

A Living Organism has no Leaders. All are equal in Authority and Responsibility among all the Cells of that Body Unit. It is a totally new way of Group Domains to perform, operate and behave, whereby All Members of that Living Organism are Equally important and have the same Benefits and Rights as anyone else in that Living Organism, or Body of Unity Consciousness, Brotherhood and Sisterhood in all matters of God Life, where the decisions will be made by the People, for the People, through the People and with the People Being the Self-Governors of their own Group Domains, and for smaller Group Domains to eventually Unite fully into a Living Organisms of a Single and Whole Human Race so named the 'I AM' One World Nation.

Today, world governments and most global organizations have put in place mechanisms that completely disempower their citizens, turning them into mere cogs within their profit-making machines. This is no longer sustainable or acceptable under Cosmic Law. This remains a delusional state of consciousness that no longer has the power to overrule *'The Peoples'* choices. These false beliefs are archaic untruths and incorrect assumptions to God Life! The People of the Nations and World *'ARE'* the ONLY *'ones'* who must choose who they wish to be Served by. They are to be the *'ones'* who shall become the *'Bedrocks'* and *'Minsters'* of all Group Domains, where the Greatest Light begins to turn such misconceptions around in favour of the *'People of God'*, to Radiate with more Illumination the Inner Flames of Life, to Become more Affluent in Knowledge, Wisdom, Love and Truth, Well-Being and Happiness! Human Rights and Civil Liberties can only flourish when all people Know Who They Are in Relationship to Their Benevolent Creator. In this there is no opposition, and only the Rightful Application and Attitude toward 'the Highest Good for All Concerned' will turn the tides of oppression, inhumanity toward the Sons and Daughters of mankind, as well as the Sons and Daughters of God.

- 1.7. Forcefield** is a Field of Constructive Energy having no physical mass which has the capacity of matter, and as such, can act as a barrier so that objects or other energies affected by a force or forces relating to the field are unable to pass through the field. Thus, a Forcefield can act as a Protection Mechanism the same as it can act as a mechanism of active force, depending on the purpose and intent of the Creator. The Purpose of the Establishment of such *'Forcefields'* is not to exploit the personality nor the efficacy of any individual or Group Domain, but to so Magnetize and Sustain certain God Qualities so that they are *'always available free of charge for the use of all'*, not just those who can pay for such privileges. It is so that the Ascended Host, Who offer all Their Momentums of Perfection to anyone absolutely free and without encumbrances and the Universal Progress that results, are an Act of such Selfless Service. The Hierarchy wishes to, once again, Establish Their Communications with Humanity more Directly upon these Principles which were Originally the Individual

'Forcefields' which Magnetized into Their Momentums the already Gathered Cosmic Momentums of the Ascended Etheric Master Retreats.

This was done and continues to be implemented around the world, primarily, through the Inbreathing of the Substance of the Flame and Ray Virtue of the Transmission of the Flame Service or Group Living Organism, or now, the New Group Domains in preparation. Then the sincere and selfless Disciples, and the *'People of God'* using the Magnetizing Centre of their Group Domain *'Forcefield'* will expand these Virtues into their localities through the expansion and in and of their Own Inner Breath. Thus, unascended beings can learn and discover new experiences to work with and Expand the Services of the Ascended Master Retreats, thus being of benefit to all of mankind without interferences of outer intentions that have private goals to miscreate via their own personality and their own group agendas.

- 1.8. Adam and Lilith Kadmon Human Race** - The New and more Highly Spiritual Human Race, who are in their final stages of preparations to reveal themselves to the present-day masses of humanity. It is the same human race as is seen today, but having completed such entry into Higher Levels of Conscious Awareness, will now begin the Final Transitions to assist present human beings and those awaiting their incarnations to enter the next levels of Higher Dimensional Fields of Consciousness of this Earth Evolutionary Cycle and Plan under the *'Law of Evolution'*.
- 1.9. Group Domains** shall mean, but not be limited to, Gatherings of two or more, Families, Communities, Groups, Hamlets, Small Towns, Cities, Municipal Shires, and County Councils, States, Principalities, Territories, Islands, Kingdoms, and eventually across All Nations, individually or collectively.
- 1.10. Karmic Board of Directors** - The Karmic Board are also known as the Lords of Karma and are a Body of Ascended Masters Who are Assigned the Responsibility as Divine Intercessors for Earth to Dispense Justice and Adjudicate Karma, Mercy and Judgment on behalf of each Soul on Earth. All Souls are required to go before the Karmic Board before and after each incarnation on earth. Twice a year the Karmic Board receives and considers requests from Masters, Cosmic Beings and Humanity for Dispensations, Petitions for Projects and for the Investment of Energies by a Cosmic Sponsor. (See *Law of Granting Petitions – Posit V, Assumption 3, page 37*).
- 1.11. Ascension** is an Awakening of the Soul into a Higher Level of Consciousness that expands the Vibrational Frequency increasing one's Energy and Light Quotient. It unleashes Innate Powers and Wisdom. The Ascension is an Evolutionary Process that is Multi-Dimensional and unique to each individual.
- 1.12. Conscious Mind Patterns (Consciousness Patterning)** in Spiritual Terms refers to the consideration of different perspectives and views and a range of information taking

an objective view of seeing the world realistically and living life, considering choices and making decisions by considering all potentials as part of a much greater whole. Consciousness is a State of Being aware of and responding to one's surroundings.

- 1.13. Artificial Time Cell** - Artificially formed timelines are holographically created for the purpose of gaining control over matter and influencing events. Accelerated time can be precipitated through artificial intelligence interjected in and through modern human lifestyles and can be experienced as a binding or contraction of time. While this is True in many ways, it is equally True that Artificial Time Cells are likened to holographic '*Spheres of Influence*' that can manipulate physical matter and events for the purpose of saving God Life. Humanity was 5000 years behind in its own True and Natural Time Cell, ready to evolve into its next Stage, '*Ring of Consciousness Passeth Not*', and since December 2012, the lapse in Time has been made up to what we are being told is still lagging around 300 years behind Our Earth's Natural Time Cell. While Human Consciousness remains the constant of this Transitional Period, it remains that the Collective will provide the necessary importance to make an even earlier shift, via '*Divine Will*', or carries the potential to radically set progress back again through '*free will*'. Human Consciousness is assessed for its mass Average Vibrational Frequency every 25 Years by the Hierarchy, and the next reading will be taken in 2025. So, humanity has an incredible Opportunity now to assist in this most important '*Artificial Time Cell*' whereby if a certain raising of consciousness through humanity can be achieved, such transitions are possible to take place within a decade. One need not believe this or even accept it, but that does not mean it is not a Truth. The important thing is Humanity, in general, have an Opportunity to make a difference in their own and in the Group Life if they want a Quality of Life and Freedom of Spirit and that everyone has a '*free will*' choice to make for themselves.
- 1.14. Natural Time Cell** – This relates to a time within the history of mankind, a point along their Evolutionary Cycle whereby they have reached a Level of Awareness in the Higher Understanding of the Energy Vortices around the world. Once this Level of Consciousness is reached, such Vortices can be Activated and Energised to open Celestial Vortices, thresholds of Magnetic Forcefields. These will come automatically now, and tremendous Solar Flares will bombard these Magnetic Vortices through the North and South Poles. While such Transitions may be somewhat catastrophic in nature, Work continues to make these necessary Transitions to allow such Earth movements to find their new Equatorial Alignments. Humanity is now in a position to soften such Transformations in a likened way that humanity now has the same opportunities to find their own internally required Polarity Balances within their daily lives via Greater Awareness of Knowledge and Wisdom. The '*Natural Time Cell*', then, is a place of Neutrality, a Place where God is Ever-Present, and We know that God is the Perfection of Itself. So, too, then can the Human Race be once it lifts its

consciousness out of the hypnotic low-energy human vortices or illusionary beliefs of its lower conscious mind projections. Balancing the Energies of Mother Earth is no more complicated as humanity will make it. God Is Simple. God Is Life. And what God Is, so Humanity can become with the Rightful Application to God Life.

- 1.15. **Rings of Consciousness Pass(eth) Not** - Circles, boundaries or frontiers within which is contained the consciousness of those who are still under the sway of the delusion of separateness and which must be transcended to make any further progress toward Ascension.
- 1.16. **Kalpa** – Kalpa used in the context here in these Posits refers to the period of time between the creation and dissolution/re-creation of this Universe. This cycle is around 4.32 billion years, for purposes of mutual help and mutual correction. Those who incarnate into this System of Worlds are really Destined to work together, but nevertheless, on other Cosmic Planes they have Points of Contact unknown to the masses of humanity.
- 1.17. **Mars Sector 6** – Mars Sector 6 is a Martian Higher Entity with whom George King, author of the book *'The Nine Freedoms'*, had communications with.
- 1.18. **Student, Aspirant, Disciple, Initiate, Unascended Master** – Varying Levels of Consciousness of men and women who have chosen to study all matters related to their Spiritual Heritage.
- 1.19. **Seekers of Truth** – Men and women who Seek the Truths of God Life that will help set them free, becoming unbound or untethered to lower conscious thoughts and practices that control and manipulate, oppress and suppress a more fruitful life!
- 1.20. **Laggard Consciousness** – In the context of these Posits, the Laggard Consciousness began here on Earth around 2 million years ago, at the time of the 4th Root Race. They were immigrants of their own decaying planetary worlds, and it was this Planet Earth who felt God's Compassion to give them a new home. The laggard consciousness, along with those who assumed power and control over other people, using them as fodder for their own greed and authoritative mind controls, is a part of the demise of human races over hundreds of thousands of years. Today's Humanity knows very little, if anything, of these things, but the Earth Records of such civilization extinctions will be revealed very soon now!

Such was, and continues to be, the consequences of billions of people who have been unknowingly forced into what could easily be referred to as inhumane and heartless incarcerations, where the rest of the Human Race are all sucked and drained of life and hope. Here, humanity is controlled from every aspect of life, even to the depth of having their DNA manipulated and encoded with untruths that have kept them in the deepest despair and darkness for eons of time. These laggards are Registered by their lower levels of conscious Resonance or Vibrational Frequencies and Light

Quotients. (*See the Law of Resonance in these Posits*). Laggards are victims of their own states of consciousness, a fear-based state of new concepts or modalities that insist upon Equal Rights for all and hate true democracy, thus creating for themselves a depreciating value that is fast being reflected back to them. Their inability to accept the advancement of the mass consciousness under the '*Law of Evolution*' will be a very quick collapse now of their power regimes. These people can be recognized by their beliefs they portray in thoughts, words and actions that oppose and attempt to desecrate Human Rights, Human Life and the Civil Liberties of We The People. A Greater Awareness of the laggard invasion upon Earth can be found in the Elemental Grace Alliance – 'A God Awakening' Book.

- 1.21. **The People of God or God's People** – Generally recognized as all or any of humanity, each being metaphorically a spark or cell within the Body of God.
- 1.22. **Supporting Discourses** – Where references are made to Supporting Discourses, are implied to all Discourses, Treatises, Entreaties, all Communications from Higher Intelligences that began in greater earnestness after the Directors of the Karmic Board Granted such Dispensations and Declared to allow for greater mass communications to be made between the Higher Realms and humanity upon the ground. That Agreement and Work, since the early 1900's, has allowed for the Greater Awareness of the Greater Divine Plan for the Original God Fixed Design Function and Purpose and that has led to the Formation and Structures of All Petitions to the Karmic Board that have resulted in the Grants and Dispensations by the unascended human beings that have supported tens of millions of the '*People of God*' to Unite as One Voice so that this '*True Constitution*', '*I AM*' One World Nation and Declaration For The Freedom Of Humanity to be Immaculately Conceived and Birthed upon this Planet.

Posit I

- Imbalanced energies of inharmony, criminality, control and manipulation, surveillance through wrongful use of technologies, devices and artificially programmed intelligentia, robots of whatsoever nature.

- The dumping of harmful chemicals and substances into any location that is not designated for such disposal.
- Any and all corruptions to God Life as in conscious and intentional

pollution, effluence, toxic waste, contamination, greenhouse gases, adulteration or infectious contagions, including, but not limited to, man-made viruses, genetically-modified organisms (GMO), use of heavy metals, and any chemical concoctions designed for the deployment into the Earth's Inner or outer atmospheres other than Natural Substances.

- Any imbalances whatsoever that are not in alignment with the Cosmic Laws, Human Rights or Divine Will, and a Peaceful, Loving, Happy and Liberated God Life.

All bullet points above shall not be limited to any form of such things that may be ascribed, qualified or attributed to them.

ASSUMPTION 2.

The Divine Authority of Ambassadors, Guardians, Diplomats, Caretakers, Custodians, Emissaries, Envoys, Champions, Defenders, Protectors, Advocates, Upholders and Sponsors of the Universal/Cosmic Laws shall be placed in Divine Service to the Planet Earth and all its People; here upon, shall first require Grants and Dispensations from the Karmic Board of Directors, Godmother Vesta and Goddess Pallas Athena, to then Accept and Execute the Authority to Govern and Administer to this Earth and its surrounding troposphere, stratosphere, mesosphere, thermosphere, ionosphere and exosphere in the Name of the 'I AM' Presence, the Offices of the Christ, and All Seven Spheres (*the 7 Ray Qualities and Virtues*) of the Entire Company of Heaven For the Greater Glory of God at the Highest Levels of God Life herein that will ensure all New Creations upon Earth for the People will align to the Highest Levels of the Divine Immaculate Conception as possible, where Jesus the Christ is the best Known Living example of this Human Accomplishment. Those who step into these Seats of Authority MUST sooner, rather than later, become 'Vested' in such Powers of Creation. This is Only Possible through the Cosmic Law of Petitions; that is, the Creation of a Divine Petition to the Karmic Board to be Bestowed with such a Grant and Dispensation in the Event that the Karmic Board Approves such a Petition.

ASSUMPTION 3.

This 'Authority' shall be of the New 'I AM' One World Nation Ascendency known as the '**Order of Melchizedek Most High**', OverLighted by the Cosmic Councils and Offices of the Christ, Lord Melchizedek, Lord Michael, Lord Metatron and the Lord Jesus the Christ, as well as the Angelic Host of Michael, Gabriel, Remiel, Uriel, Jophiel, Phanuel, Raphael and Ariel, as well as Their Divine Consorts, through the Rightful Application of the New '**True Constitution**' through humanity, which is available and ready to be accepted and received by any and all people around the world NOW, of any nation, race, religion, colour or creed, through their own '*free will*' to choose without obligation or judgement, provided that they are conscientiously working to attain, or have passed through all the various '*Rings of Consciousness Passeth Not*', thus attaining through the '*Law of Resonance*', or Higher Consciousness where such Levels of Resonance and Light Quotient has been Self-Accomplished, Self-Comprehended, Self-Fulfilled and Self-Realized and Demonstrable in one's own life. These New Levels of Governance come under the '*Law of One*' and the '*Law of Divine Justice*' where the personality ego has been integrated sufficiently that it Aligns to the Impersonality of the 'I AM' Presence of the Individual, the '*Law of the 'I AM' Presence*'.

ASSUMPTION 4.

This 'Authority' shall be extended to the Responsibilities to Lower the New

Communities of Light, To Build or make Manifest the New Narayana Joy Pyramidal Sanctuaries and Radiation Centres, and also to be part of an Ever-Expanding Group who will assist in the Lowering from the Etheric Realms, also known as the Higher Dimensional Fields of Sacred Cosmic White Fire Light Substance, the New Cities of Light all over the World in every Nation, beginning with Group Domains.

ASSUMPTION 5.

The New Life upon Earth shall become the Servant of the God Flame within each individual person, as strong and as vibrant as each person will give it in an Honest Commitment and Devotion, as Photonic Light is the Natural Radiation of God Life, and without any Intelligence of Directorship, Life would remain forever dormant and inactive. Therefore, the Life of the One who Seeks Truth, whether through the Veil of the Heavens or from within the Domain of Faith and Trust in the Lord Jesus the Christ on Earth, All Life Retains God's Freedom to Attain the Truth and has Innately held within it Every Power, Attribute, Capacity and Virtue which is God's to Give and Receive Freely to Everyone. However, mankind, in their Wisdom, must first learn of his or her 'I AM' Presence and how to Draw forth Its Fullness, Its Love, Wisdom and Power. They must become 'Vested' with the Power of Creation, in Accordance with Cosmic Law, to be able to find their own Innate Power to Free Themselves First,

and thereafter, to Free others, who will go on to free others still.

ASSUMPTION 6.

Such Christ Councils aforementioned shall be Self-Appointed in Accordance With Cosmic Law and located within the World by Designated requirements according to the needs of the People and as the human Ascension Program expands through Study and Self-Application or by Natural Means out into Group Domains themselves. As each New Christ Council is Created within such Group Domains, there shall be such Integrated Groups of Like-minded People who establish, in the first part, the best they can, under the Principles of such Higher Christ Councils. This will not be achieved in the earlier times, but All Will if conducted within the Rightful Application to God Life through the Understanding and Practical Application of the Cosmic Laws of the God Universal Consciousness. The New Circles of Light shall continue to Expand and Establish themselves accordingly.

All politically-based governance will begin their sincere, honest and determined reformations toward Human Rights and such Service to the People or surrender and relinquish their holds upon humanity and hand over voluntarily such New Self-Governing Powers back to Humanity, the People! Failure to do this, the Greater God Powers of Divine Agape Love shall, with Greater Exponential Intensity, begin the physical dismantling of such governments and false authoritative groups, thus enforcing their continued

collapse under the weights of their own misgivings and their accrued karmic debts, where all such acts against Human Rights through Divine Justice will be immediately Enforced, individually and as group memberships and participators, without further notice. All human beings will be Streamed in Accordance with their own consciousness.

Those who promote and are actively promoting the abolition of all Human Rights and Civil Liberties are now sufficiently known, or publicly declaring their positions in such attacks against the People of the World, and they are not limited to world governments, organisations, foundations, banks or other pharmaceutical, chemical, financial, trade, health, food, economic institutions, manufacturing or production facilities of any kind, utility enterprises, or any corrupted charities or philanthropic organisations or criminal, illegal, felonious, immoral, drug or illicit gangs, rings or militia, that do not function toward, provide or operate in True God Service to the People.

Those left unknown to humanity, to date, will be revealed systematically, so as to allow these Truths to Surface, as Truth is no longer able to be denied the People any longer.

To the Champions, Defenders, Advocates, Supporters, Campaigners, and Guardians, etc., of Human Rights and Civil Liberties, the New Self-Governing Establishments can now begin to amalgamate their **'Emergence'** efforts to Self-Realize, Enlighten, Illuminate, Expose the untruths

to Implement, and Employ their Divinely Guided Love In Actions In the *'Name of God'*, to bring into Divine Manifestation Balance, Peace and Good Will To All of God Life, not just humanity.

The New Group Domains in their own ways, and within their own capacities, shall determine the means by which any actions taken would be well-advised to be mindful of the Cosmic Laws so as not to accrue any further or unnecessary Karma from wrongful use of such actions. The Laws of Karma shall continue for this cannot be circumvented in the course of such transitions.

All Sectors and Divisions of Societal Living are to become in time Living Organisms, whereby the Members of any Group Domain Unite in a Unified Consciousness where all Cell Life, or, in other words, the People of Earth, become an effective part of that Living Organism working in Unison for the Whole Body of the Living Organism Known as Mother Gaia, or Earth, through Rightful Application In Divine Love to All God Life; to Love, Respect, Honour, Share, Protect, Provide, Heal, Guide, Educate and Teach the Fundamental Living Principles of a God Universal Being Creating New Father, Mother Creative Consciousness.

Such malevolent extractions or any imbalance, be it thoughts, words or actions, man or woman, disease or illness, are all founded upon Laws that Will Support the Balance or Correction of any out-of-balance situation. Remember that ego force will be met with ego force! Yet, there is another Cosmic Law called the

'Law of God's Freedom'. No Hierarchy, especially the Karmic Board of Directors, are for war or destruction or loss of life. However, there is also that side of God's Creations here upon Earth that is based upon Harmony through Conflict, the 4th Ray, of which humanity is influenced by. This Cosmic Law states that *'Freedom is a God-Given Right'*, and so from time to time, it necessitates actions that secures God's Freedom or the People's Rights to be Free! This Law was shared when Jesus said, *'and fear not them who kill the body but are not able to kill the Soul. But rather, fear the one who can destroy both body and Soul in hell'*.

The last time such a Law based upon the Permissions Granted by the Karmic Board to use excessive force for the protection of America's Soul was to save the Soul of America that had to be enforced to stop the advancement of Germany and Japan from taking over what would have been The Americas, including Canada.

Today we have other options to save The Americas and all other World Nations' Souls, and all nations have collective Souls which very few in humanity even know about such things. Seek the Solutions, then, via the Higher Intelligences, and make not judgements or choices from any place of an ego-mind projection. This is Humanity's Saving Grace today, not another physical war! This is not an option. Today's war is a secret war, yet there are no secrets to God, and so the Solutions are already Known in how to combat such deceptions. **There is no human power on any level Greater than**

the Power of GOD. God's Power, the same Power that Creates Universes, is the same Power that the People of God have within them, providing they Follow God Universal Laws!

ASSUMPTION 7.

All Group Domains shall come to grow and develop, learn and become Knowledgeable on how to Function and Operate under the *'Law of Unity'* and the *'Law of Divine Service'* while maintaining all facets of Human Society in Accordance with the *'Law of Group Life'*.

These Societies can be as small as where two or more are gathered in the Name of Mother, Father God, or as large as a Nation with hundreds of millions of citizens and residents. Posit V

COSMIC AND NATURAL LAWS CITED IN THESE POSITS OF THIS TRUE CONSTITUTION ARE FOR THE UNDERSTANDING AND APPLICATIONS OF RIGHTFUL USE FOR IMPLEMENTATION.

ASSUMPTION 1.

What is Cosmic Law?

Cosmic Law is the imposition (*upon both the lesser and the more important*) of the Will and Purpose of that which is Supremely Great or God Universal Consciousness, the Prime Creator.

Therefore, it lies beyond men's and women's awareness, knowledge and comprehension, unless consciously cultivated. Men and women have someday to learn that all the '*Laws of Nature*' have their Higher, Spiritual Counterparts. Laws of today are but Secondary Laws. They are the '*Laws of Group Life*' and they Govern the Kingdoms of Nature and find their Expression (*for the Human Kingdom*) through the medium of the mind, of the emotional nature, and through a physical plane agent.

Human beings have a '*free will*' choice in how their reality is constructed. This is the Great Adventure that you take as you enter a process of Alchemical Transformation and Co-Creation within your own body. There is a hidden wormhole in the DNA, a shortcut to the Divine, when the road to Enlightenment is taken one step at a time. This is where

Pure Unconditional Love can break all the Laws of the Cosmos, including all Genetic Laws. It is allowing human beings to take charge of their own Evolution and Outwit or Override the Global Genetic Profiles of Mankind. In this respect, one finds a strong connection with '*Divine Grace*', since it is Grace that decides when, where and to whom a Miracle will occur. Mankind can draw great comfort from the fact that deep within their DNA of each and every one, when the Laws of the Cosmos are Faithfully and with Great Respectful and Rightful Application, remember such Laws through the infinite possibilities of a life lived in the Unity Consciousness of Unconditional Love and Light, which is God Life Itself, also called '*AGAPE LOVE*'. In other words, if one is consciously allowing the Natural Flow of one's First Inner Feelings and Thoughts and following such visions, ideas and activities while not entering the processes of questioning such things, that the ego personality immediately begins to override one's Natural Flow of Energies. This is about following your Intuition. This is about the Faith and Trust of following Higher Guidance without compromising such first Thoughts and Feelings.

The Cosmos Will Bestow upon All those who Knowingly and Wilfully, with Divine Faith, Divine Truth, and Divine Wisdom, the Light and Essence of Divine Grace Itself With the Gift of Graciousness, where one can begin to disperse their own Karma and that of their Ancestral Lineage through the Rejuvenation and Regeneration of their DNA. The Gift of

Graciousness might also be called the *'Gift of the Soul'*. Above all else, this is the *'Gift of Living Life from a place of Deep Divine Love'*.

There is nowhere one can hide in this Universe. Everything is heard and recorded. Neither can one hide from Grace, for Grace is your True Innate Nature. It is one's own Divine Inheritance. It is the Soul of the World. It is also a state that is beyond human Laws of this world. Grace is the Breath of the Divine. When True Grace descends, it wipes out all past karma in a flash. It also wipes out the Karma of all ancestral lines and all lines associated or linked to them. With Grace, all human emotion is instantly Transformed into Divine Unconditional Love. Through Grace, the Universe has but one single wish: ***'for you to remember that you are Divine Love and there is nothing in you but Love Itself.'***

ASSUMPTION 2.

Law of Resonance

The *'Law of Resonance'*, like all other Universal Laws, once understood, will provide a greatly enhanced ability to begin *'consciously'*, intentionally and consistently attracting and experiencing more of the desired outcomes that you wish to experience and envision for oneself.

Once this conscious awareness of the *'Law of Resonance'* is attained, it will enable you to clearly understand the importance and necessity of consciously directing and maintaining the kind and

quality of energy that you project through your thoughts, emotions and beliefs, which in turn will enable you to begin attracting and experiencing the desired *'tangible physical results'* that you may currently be *'unconsciously attracting'* and that so many *'perceive'* to be random acts of nature that fall outside of their ability to consciously control.

Although a widely held belief, like many beliefs held today as you'll discover, it is and can only continue to limit you if you choose to allow it to.

The *'Law of Resonance'* will enable you to break free from the mindset as well as the limitations that the vast majority place on themselves and enable you to begin experiencing a Kind and Quality of Life and Freedom of Spirit that the majority *'unconsciously'* choose not to.

A deeper look into the *'Law of Resonance'* will provide you with the *'seemingly'* hidden key of all the keys concerning the unwavering process of manifestation, meaning how each of the events, conditions and circumstances are drawn or attracted to you and created in every area of your life, whether physically, relationally, emotionally, financially or Spiritually.

In fact, ALL physical, *or seen*, as well as the unseen events, conditions and circumstances which make up your personal life experience, as well as those which are continually being created in the entire Universe, are only possible and happen as a result of the *'Law of Resonance'*.

The '*Law of Resonance*,' which is closely interconnected and works in Harmony with the '*Law of Attraction*,' is the Universal Law which determines precisely what it is that you will attract into your life based on the resonance or frequency of the energy that you are projecting.

Although many have become aware of the '*Law of Attraction*' recently, many believe that it's the '*Law of Attraction*' that is solely responsible for determining what is drawn into their life experiences in the physical world. Although to an extent that's true, the '*Law of Attraction*' is merely the perfectly constructed, Immutable and Unwavering Law which makes certain that '*something*' is attracted and created based on individual choices that are made by each person.

The '*Law of Resonance*' is the Law which determines precisely WHAT IS attracted, based on the resonance or the frequency of energy that is chosen by you through your emotional response system; and as a result of that choice, determines the kind and quality of the resonance or frequency projected which the '*Law of Attraction*' utilizes to determine precisely what IS attracted.

The simplest way to put it would be to say that the '*Law of Resonance*' is the Law that assures that all energy continuously vibrates at a given frequency, and depending on the vibratory output of this emitted frequency is what the '*Law of Attraction*' uses to determine what additional energies are attracted to one another which join together, resulting in a transmutation of the energy from the

unseen, or Spiritual Realm, producing outcomes in physical form. To provide more clarity, the '*Law of Attraction*' will attract to you every event, condition and circumstance experienced in your life which is determined by the Vibrational Resonance created based on how you perceive what's going on around you. The '*Law of Attraction*' makes no judgments, distinctions or determinations between what you might perceive to be good or bad, right or wrong, etc., and is TOTALLY unbiased in what it attracts to you. It serves and acts only as a delivery system, '*Impersonally*' delivering to you precisely what you call forth based on your Resonance.

The '*Law of Resonance*' simply determines the vibrational intensity of what you choose to project which determines what you are asking for.

The '*Law of Attraction*' operates precisely the same without bias for EVERY person in precisely the same manner. It is an individual's Resonance, the energy which is projected outward, which determines exactly what those events, conditions and circumstances in each person's life consists, everything which exists in the entire Universe, whether it be those things that can be experienced with your five physical senses of sight, smell, touch, taste and hearing, as well as those which are above or below the ability to comprehend. When broken down, studied and analysed in their purest and most basic form, *subatomic particles* exist as a result of energy or light.

In other words, ABSOLUTELY EVERYTHING, whether physical objects, your body, sounds, colours, feelings, oxygen, thoughts, emotions, etc., exist as a result of energy or what science refers to as 'Quanta', which exists as vibrating energy packets. The outcomes or effects of both the physical and the nonphysical are determined by and constructed of the varying vibrational outputs of these subatomic particles.

The only thing that determines the difference between, let's say, water and the chair you're sitting in is the varying vibrational intensities of the energy which make them up. At their core, they exist of the same energy; it's simply the vibrational output of the energy which makes them appear as different forms or physical manifestations. In the same way, YOU determine what you'll experience in your life based on the Resonance that you choose to project.

So, what determines this resonance that you emit from your physical body? Your EMOTIONS! The emotions that you experience create a specific Vibratory Frequency or Resonance which, once created, is projected outward activating and enabling the 'Law of Attraction' to do its job, and with unwavering certainty, creates what you experience in your life. The result is that you begin attracting to yourself precisely what you are asking for based on the resonance, or frequency of energy, that you are projecting. The job of the 'Law of Attraction' is to attract to you and bring into your physical existence precisely what you are asking for as a

result of that projected Frequency or Resonance which is created and projected as a result of the emotions that you choose to experience.

The 'Law of Resonance' is, quite literally, the Law that determines how ANYTHING and EVERYTHING is brought into (*manifested in*) your physical world. Resonance is the outgoing frequency that you project based on the quality of your 'consciousness' which determines what you will attract, much like the outgoing frequency from a radio determines which radio station is picked up and heard through the speakers of that radio. It is the outbound frequency created by the radio which harmonizes and resonates with the frequency emitted from a radio tower which attracts and combines those frequencies and enables the sound to be heard.

So, what do radio frequencies have to do with emotions and resonance?

Your quality of consciousness determines the quality or vibrational intensity of the energy emitted and projected which determines what is attracted to you. Emotions of fear, apathy, grief, anger, and anxiety, dissonance or separation consciousness, emit a much different resonance or vibrational output than those emotions of Love, Joy, Gratitude, etc., just as tuning to 96.9 FM emits, and as a result, attracts a different outcome or frequency than 104.7 FM on your radio dial. Resonance is merely a process of initiating and amplifying a vibratory response (*a link*) in a receiving system that is attuned to or in vibrational resonance

with an emitting system which creates an outcome.

Your individual thoughts, emotions and beliefs determine the vibrational intensity of this emitted frequency which, in turn, determines what you'll attract to yourself and your experience in life.

It is very important to understand that resonance starts only when the frequency of the two *systems, the receiving and the emitting*, are very close or identical in frequency and harmonize, which then determines what the *'Law of Attraction'* will draw to you. In other words, you can't expect to send out a frequency of fear and expect to draw to you something that you love.

A frequency of fear and a frequency of love vary in vibrational intensity. A vibrational output of something feared can only resonate and draw to you a harmonious frequency which produces in your life more of what is feared. A vibrational output of what is *'loved'* or *'desired'* can only resonate and draw to you a harmonious frequency resulting in a physical manifestation of the thing loved and desired.

In a nutshell, the *'Law of Resonance'* determines the varying frequencies between these two predominant states of being, whether it be fear or Love. Love emits and projects a much Higher Frequency than does fear and is far more powerful in attracting to you things that are loved or desired. Fear, on the other hand, although it does emit a vibrational frequency, does not have the same attractive force as does the Higher

Vibrational Intensity of Love which more easily attracts what is Loved over what is feared.

What can be done to begin resonating at a frequency which attracts more of what it is that you love or desire to experience in the physical world?

Knowledge, once understood, grasped and internalized, begins the process of consciously controlling the Resonance that you project.

How exactly do you do that?

The first step in the process is becoming conscious of your thoughts. Through practice, you will begin the process of achieving self-mastery which enables and empowers you to only think thoughts and experience emotions that are in alignment with that which you choose to attract and manifest in the physical world. Although there is some mental work and self-discipline involved initially, you soon discover, based on what you begin attracting into your life, the long-term rewards FAR outweigh the short-term effort necessary to begin consciously and intentionally using the *'Law of Resonance'* to your benefit.

While many believe that their emotions are uncontrollable, this is absolutely not true! Although it does take some self-discipline initially and the ability to learn to remain consciously and consistently aware of the thought processes that regulate an individual's emotional response system, learning to consciously control emotions can be easily achieved once a basic understanding concerning

how to achieve it is established. One of the most powerful, practical and effective means found for taking conscious control over your thoughts and emotions is best achieved through the art of meditation.

Meditation has been scientifically proven to change the resonance of the human physiology, enabling those that choose to practice it to experience an overall sense of peace, calm and well-being, and as a result, effortlessly and automatically changing the resonance or vibrational frequency which an individual projects, thereby providing more desirable results which manifest in physical form.

Meditation provides and produces an enhanced ability of the practitioner to enter into and remain in a state of resonance of their choosing, enhancing their ability to consciously control the resonance projected by them which determines how the physical outcomes experienced in the various areas of their lives are determined.

Meditation also serves to balance the left and right hemispheres of the brain, initiating what is often referred to as *'whole brain thinking'*, dramatically reducing the physical activity of the brain thereby opening the door to higher awareness, dramatically enhancing intuition and a much deeper understanding of the unseen or Spiritual, and numerous other benefits.

The fundamental and often implied *'secret'* to begin consciously creating desired results in life can be dramatically enhanced through a consistent meditation practice, enabling the

practitioner to develop the ability to consciously create and maintain a desired Frequency or Resonance. Although the actual experience of reaching a deep meditative state is difficult to explain with the limited scope of physical words, meditation, to put it simply, enables the practitioner to experience a profound sense of Inner Wellbeing, Joy, and what is referred to as Nirvana, or experiencing a close personal interconnection with Source, whatever you may perceive that *'Source'* to Be.

ASSUMPTION 3.

Law of Petitions

Thought in the form of a solemn request or prayer that influences energy and is *'received'* throughout the Universe. (See also the *'Law of Believing'* and the *'Law of Prayer'*).

Law of Prayer

Whereby a man or woman and God each have a part to play. Man or woman offers the Prayer, and God Answers in Accordance with the Understanding and Feelings of that Prayer. As a Cosmic Law, the Universal Response of the God Intelligence can only answer in direct relation to that call. Most prayers are based upon speculative desires, such as asking for something. The Higher Prayer that receives the Greatest Response is when the Call is not in anticipation of receiving anything, but contains the Gratitude for knowing one has already received it.

Prayer is a consciously concerted effort to Commune with the Consciousness of Life and its Creator, and thus, one speaks directly to God. Prayer is also an aligning, cleansing process, opening our inner selves to the Source of all life and demonstrating that we are anxious for enlightenment and guidance. In Prayer, we speak to God, but so often we do not wait for a reply. Meditation is the freeing and emptying of ourselves of obstacles that hinder communication and allow us to channel the God-Force Spiritually, mentally, emotionally, and physically. Meditation is likened to God Speaking to us and is the attunement of our physical and mental bodies to their Spiritual Source: *'Be still and Know That I Am God'*. In meditation correctly aligned and unobstructed, the Creative Forces of God can rise along Spiritual and physical channels in our bodies and be disseminated through sensitive Spiritual chakras. Prayer is the precursor of meditation. Meditate regularly, as we meet the Living God within the Temple of our own body, cleansed and consecrated.

Law of Believing, also called The Law of Assumption.

The idea is of belief that what one says will come to pass. Whatever a life-unit of whatever kingdom experiences, feels and thinks, it is possible to assume its mental and emotional condition and to experience what it experiences. This is empathy. Conversely, by the same Law, it is also possible to influence any life-unit with one's thoughts and feelings. Assumption is not restricted to the

emotions or thoughts of a life-unit. One may also assume the power and characteristic of any life-unit. To assume the feelings of a person or a thing is an outstanding action. To assume the feelings of a plant or tree brings oneness or realization that you are that which you assumed. Anything can be assumed: thoughts, words or actions, stones, plants, animals, crystals, spirits, human beings, gender, gods, angels, and even the Cosmic Mind. By assuming a thing, it is possible to acquire the virtues/vices of the thing. The *'Law of Assumption'* may also be called the ***'Law of Identification'***. One of the related *'Laws of the Law of Assumption'* is the ***'Law of Attunement'***. When two things resonate with one another, they are said to be in attunement. In such a state, there may be an energy exchange between the two things.

So, when man or woman finds an Attunement with God and Opens a Communication, Acknowledging that the Identification of one is equal to the other, then a link, or what is called a Tube of Communication known as the *'Antahkarana'*, can be established. This takes practice to perfect, but it can, however, create such a communication that is able to find a link through which God, or Universal Consciousness, can openly speak with man or woman where the man or woman can receive clear and undeniable communicative interaction.

In this *'State of Consciousness'*, Prayer enters a Higher State of Transmission and Receiving. We now enter the Realms of

becoming aware that as a human being, we are not alone on the Earth, and therefore, the idea of God Universal Consciousness becomes a vast array of other God Intelligences and Higher Consciousness that take on the personages in the Likeness and Similitude such as Jesus did 2000 years ago. Therefore, God Universal Consciousness, but not limited to it individual or Group Likenesses or Similitudes, are Just as Real within Christ Consciousness, the Melchizedek Consciousness, the Mahatma Consciousness, etc., who all Share upon and Within a Stream within God Universal Consciousness while all speaking the same Languages, All Able to Create Like Our Prime Creator or Creating from a place of Immaculate Conception.

Law of Granting Petitions

To Create anything within the Realms of Earth, or any Earth World, Divine Permissions MUST be Granted to any human being if an Immaculate Creation is to be made manifest, for only that fact has been thoroughly examined by the Higher Beings, such as the Karmic Board of Directors, as to all the possible pros and cons and positive and negative consequences. No Permission can be Granted for any human plan or desire to create anything upon earth without such a Grant by the Karmic Board of Directors, especially any plans that have the intention to affect millions or billions of people. Any human plan that does not Petition that plan to the Karmic Board remains a human creation, and by Cosmic Law and the *'Law of Attraction'* and the

'Law of Resonance' aforementioned, is destined to fail or be destroyed under its own weight of imperfection or wrongful consciousness projections that man or woman has placed upon and within it. There are no exceptions to this *'Cosmic Law of Petitions'*.

Only when a human plan is presented to the Karmic Board of Directors, having Magnetized unto them the Energies required to support and deliver that plan shall have taken the necessary steps in a human plan being considered to become a God Plan! In the Presentation to the Karmic Board of Directors, all possible growth, development, consequences, both positive and negative, will have been intimately detailed and enveloped, discussed to the maximum that can be understood, both through that which is seen and that which is unseen, to be able to know that every decision, every opportunity, every possible potential has been thoroughly examined, deliberated upon, mathematically calculated and scientifically measured, before any Permissions for that human plan can become a Human/God Plan! The Karmic Board has the final say if the human plan can go ahead or not. They are the Final Authority that will reject that plan or Give Their Consent, whereby a Grant for a Dispensation is attained by the human. One or more can go ahead and be made manifest that will last Eternally or shall remain until the Plan is Victorious in its Purpose and Function before being Etherealised.

This *'True Constitution'* and *'Declaration for the Freedom Of Humanity'* have complied with the *'Cosmic Law of Petitions'* in all areas of this Law, thus becoming Undeniable, Unchangeable, Inflexible, Indestructible, Unmoveable, and Invariably Fixed to become a Mighty Victory, all because nothing has been left to chance!

ASSUMPTION 4.

The Law of One

The *'Law of One'* is the comprehension that all things are made of Intelligence Energy and are a part of the All One. The *'Law of One'* is a Sacred Science of the mechanics of consciousness and are the Natural Laws Governing our Universal Creation. All One is the recognition that Eternal Truth is Eternal Love, and Eternal Love is the organic consciousness of Infinite Creator, or God.

Eternal Love consciousness embodied in a form is Unity Intelligence and Simultaneously recognized as the Inner Light of Christos. Unity Consciousness is at One with God, and Unity Consciousness Ignites the Inner Light of Christos. The Inner Light of Christos, when Actualized in form, is the Embodiment of an Eternal God Human Practicing Unity Consciousness and One is directly reflecting the Image of God's Love and is Eternally Protected, Being At One with All, as One is All with God.

All Laws reside within this Law, The Lord is ONE, All that is. 'I AM' That 'I AM' is His/Herself - of self, of the Universe, of the

activities in the Earth. All moves and has its being in Him/Her. So it is in self. Life itself is the Universal, or Christ Consciousness, the Cosmic Awareness of that Oneness of that Universal Equilibrium in the Earth and its People, Elements, Elementals, Devas and Angelic Realms, Nature Spirits, Animal, Plant, Insect and Mineral Kingdoms on All Levels of God Life, both within the Spiritual Evolution and Scientific Evolution.

Everything throughout all time and space are linked either directly or indirectly to everything else. Everything is connected in their Inner Core. All manifestations, all forms, are actually illusions called Maya by the Hindu philosophers. Underlying all manifestations, there is only One Essence. This is the basis of the mystical concept expressed succinctly in Islam as, 'la illaha illallah', or *'there is no god but God'*.

Metaphysically, this should be understood, that essentially every manifestation in the Universe is but God's Expression, or of God's Being. In other words, the reality of the manifested and non-manifested Universe in their Totality are Expressions, actually *'unseparated parts'*, of the One Whole that we call *'God'*. Lao Tzu called the *'One'* Tao. In Hinduism, the One is known as Brahman. Almost all religions in their pristine form are aware of the Truth of the One Essence in all and the Unity of Being.

Every manifestation in the Universe may be reduced to its common denominator, ***'Energy'***. Everything is composed of energy vibrating in varying frequencies. Energy possesses characteristics

attributed to God: Omnipresence, Omnipotence, Omniscience. This would indicate that Energy is Identical to God or Universal Consciousness, or at least a part of Divine Expression. So, if Energy is God or is of God, then Science has unwittingly discovered the Existence of Humankind's Divine Parent that it denies knowing. It should be Realized that the Truth of this Metaphysical Law is difficult to put into writing and should simply be intuitively grasped.

Related to the above, the '*Law of One*' may be called the '*Law of Unity*'. This is the blending of one's consciousness with all Mind and all Life in all space and dimensions. It is to become one with that which you already are and to realize and have awareness that you are God, speaking, of course, in a Qualitative and not in a Quantitative sense. This is the extreme Height of Evolution, of Comprehension or Self-Realization and Understanding of Christ Consciousness and of Godliness. Exoteric religion, generally speaking, is dumbfounded when faced with the Expression of this Law. It has feared, attacked, tortured, and executed the proponents of the '*Law of One*' and '*Unity*'. Nevertheless, this Sacred Truth has been, and will always be, kept alive in the breast of the True Representatives of God.

When applied on a lesser scale of oneness, the '*Law of Unity*' is the '*Law of Assumption or Identification*'. Since everything is essentially one, there is no such thing as a life-unit being an island unto itself. Everything is interrelated and

interdependent. Human Beings are influenced by Higher and lower beings of nature; and conversely, humans affect other beings as well. What one thinks affects others on a mental level; what one feels affects others on an emotional level; and what one does physically affects others on a material level. Unity is a '**Law of Right-Relationship**' between Life-units. Co-operation and harmony results in expansion, progress, and growth.

One might well ask, "Is there no other way to Appropriate the Synthesis Energy?" Ah, My Brothers and Sisters! The inequity of separateness rears its displaced and misaligned awareness; but, yes, there is another way. Every Energy which reaches you comes to you through a series of centres which align with one another, providing its path of least resistance. You may use the path of least resistance created by your own Ray Energies, align the bodies, the Soul, the Monad, and so reaching toward the Source, you will receive the Energy according to the Perfection, or non-perfection, of your own interior alignment; your Ability to Comprehend the Truths which are the Soul of the Energy; and your Power potential in Service.

Choose whichever Technique you will and Serve.

Certainly, the ordinary common laws of Brother/Sisterhood are applicable in the Use of Synthesis. Technically, it is applied directly to the situation or circumstance via meditative direction and the use of the voice, hands, or eyes as '*Focal Points*' of distribution. The latter are first Aligned

from the Meditative Focus with the Inflowing Synthesis and then via the Devas of Synthesis in the Etheric Network with the target (*so to speak*).

To successfully Apply the Synthesis Energy, one must first divorce oneself from all emotion (*taking care to include the emotion of others as well as one's own in the divorcing*) regarding the situation or circumstance. One rises above the sense of good and bad, pleasant or unpleasant, desirable or undesirable, and recognizes the need for evolutionary change. That change, from an ever-diminishing darkness to an Ever-Increasing and Illuminating Light, becomes the common necessity, the Goal to be achieved in EVERY instance.

One's Divine Love Embraces all equally. One's Compassion fulfils need; soothes and quiets torment; forgives and stops guilt; and finally, transmutes the many shades of hate into an Understanding Love. One's mind, brain and nervous system Organize Truth in the construction of that New Way of Life which humanity is seeking, Building a New Form of thought here; a New Automatic Response there; a New Quality into one's relationships; a New Clarity and Purpose into one's words; and finally, a New Life Form altogether.

This Living Organism Arrangement/ Design and New '*True Constitution*' of Truth, which is the task of every Disciple and Initiate in the field today (*regardless of his or her Department of Service*), is based upon a New Understanding of the Pairs of Opposites. Remember that

Synthesis Actually Synthesizes the many into the One. The Disciple or Initiate who is working with this Energy looks for the Right Relationship of all apparently separated parts, so that that which appears by itself as false and unreal is finally seen as a facet of the Many-Faceted Jewel of Truth.

Nothing is discarded as actually false or wrong or bad, but rather, it is gathered into Its '*Right Relationship*' with the other Pieces of the Whole. The Whole or Total Unit then becomes a part of the heretofore missing Pattern of the Divine Plan for humanity and Serves its Purpose. In so doing, it becomes an Illuminating Force in the world.

ASSUMPTION 5.

The Law of Divine Justice

The '*Law of Divine Justice*' is likened unto scales in balance in which that which is heavy on one side must be balanced by that which is equally heavy on the other side. Thus, when one violates another, the heavier the violation, the heavier must be the balancing weight. This is related unto the '*Law of Karma*'. All things in time come into balance. Wherein entities have put on a heavy karma, they may help remove that karma by lightening the load of another who has been violated by that karma, if possible, or by lightening the load of someone who has an equally heavy load. It is simply a matter of weights and measures, and this is the Cosmic '*Law of Balance, Justice and Karmic Accounts*'.

Law of Balance, Justice and Karmic Accounts

Divine Justice, first of all, means the returning of all the life and consciousness of the outer self and its substance into the Management and into the Control of the Love of the Mighty 'I AM' Presence, instead of the intellectual consciousness and feeling of the outer self. Therefore, when you think of Divine Justice, whether It be in nations or individuals or business activities or families or wherever you want Divine Justice to bring the Perfection of Life, you are, in reality, asking for the Perfection of Life, which is Balance. Now, the Perfection of Life is Invincible, Eternal Purity because that is Eternal Balance. And more than that, Eternal Purity is Eternal Protection. Eternal Protection is Eternal Mastery.

So, when you want '*Divine Justice*' for yourself or your loved ones or your nation or the world, you must go back to your Beloved 'I AM' Presence and the Ascended Host and the 'I AM' Presence of everyone embodied in this world and call to that Source of Unconquerable, Limitless, Invincible, Victorious Love, the Sacred Fire Love of every Life Stream embodied in this world, the Sacred Fire Love in the Great Central Sun, the Sacred Fire Love of the Physical Sun, the Sacred Fire Love that keeps this world sustained, keeps it in its orbit, keeps the Powers of Nature growing upon it; the things that sustain you and by which you are enabled to embody here and manifest as a human being and draw forth the Master Powers of Life into all outer activities to fulfil the

Great Divine Plan, which, again, is Perfection, Eternal, Invincible, Forever Expanding.

When you want '*Divine Justice*' for yourself, you must, first of all, give It to Life and that means you must give It, first of all, to your Beloved 'I AM' Presence and the Ascended Host, which means your attention there. That is '*Divine Justice*'. If you want Perfection, then your attention must go to where Perfection is, or you will never have It. And if you want the Perfection that is Perfect Balance, then your attention must go to your Beloved 'I AM' Presence and Call Forth whatever Sacred Fire compels Purity that holds Divine Balance. So, '*Divine Justice*' isn't just getting what you want when you want it, making everybody else do things your way. Not at all! In fact, that hasn't begun to be '*Divine Justice*' yet. Never will be until it's consumed!

People don't like to hear this, but so long as people create discord by impurity, they are throwing something out of balance. And when things are out of balance, they will create discord, and discord is destruction, and destruction is the '*second death*'. There is no compromise.

***The Law is the Law. Energy is Energy.
Vibration is Vibration.***

***And Balance is Balance, and Balance is
Divine Justice.***

Law of Balance and Harmony

The '*Law of Balance and Harmony*' Is a statement for conserving personal energy and achieving the greatest proficiency.

The Law of Balance or Equipoise or Fair Exchange

This is an elaboration and continuation of the Law of Equalities. The 'Law of Balance' is a Universal Law that supersedes all of man's Laws, creating stability for all third-dimension manifestations. Each thought must be balanced by whomever creates it. This is 'Divine Wisdom'. Allow all viewpoints without feeling. You must defend your own without letting the views of others dominate you. Allow no one to tell you what your journey must reflect or what your reality is. Do not give your power away so easily. Instead, give your Love Unconditionally. Any message communicated with love validates equality and achieves balance. Self-esteem is just as non-productive as a puffed-up sense of self-esteem. They both deny equality. Another manifestation of the imbalance of this Law is addiction.

One gets what they give. This is the principle of Fair Exchange. Divine Wisdom tells us that each thought must be balanced by the thinker. There is no salvation in extremes, as we see in the manifestation of imbalance in addictive and compulsive personalities.

ASSUMPTION 6.

The Law of the 'I AM' Presence

The renewed connection with your 'I AM' Presence is going to take a bit of time, and more so, a great deal of effort through discernment, and this can be done in

several ways: silence; taking several Breaths before speaking; linking with your 'I AM' before opening your mouth; becoming the observer rather than the participant within any exchange. Listening is a wonderful tool in this process, for while you are Listening with no other thought in your mind, you are opening to the '**Truth**' of the situation, the circumstance, the drama, the reaction. While you are engaging with your environment outside of a Peaceful, Harmonious and Joyous Attitude, any connection with your 'I AM' Presence is going to be full of static interference, obstruction, impediment or other noise that is not conducive to a direct communication.

Be VERY aware of the voices that belong to your four lower bodies, the combination of what is called your '*personality consciousness*', whose goal is to tell you how great you are, what you know, how well you are doing, how important is what you say. The ego is in battle with what it knows as reality and cannot appreciate what your 'I AM' KNOWS. The 'I AM' NEED SAY NOTHING, for in Its action, in Its sharing, all is Known by the Receiver/Listener! The 'I AM' Is seen for All Its Colours because it comes from Truth, and in Truth, no proof is needed. No need for defensive behaviours or unbalanced attitudes is required. The 'I AM' Simply Is!

The ego personality is a tricky customer, as you can appreciate, and it will do everything it can to make you think you are further along the path than you

actually might be! So be aware of this. You will have to be Listening and Aware of every thought, word and action that comes from your energetic environment both within you. Not only that, but Listening to every word and Watching every action from another whom you are engaging with or in the company of. You can learn a great deal by simply LISTENING first and responding after consultation with your 'I AM' Presence and, thus, calling upon your Reserves of God-Source Energy.

Each person is given, according to their potentialities and capabilities, a Pool of God-Source Prime Creator Energy and allowed to Use that Volume of Creative Energy in the way they choose, in the way they themselves deem necessary or important. The catch is, however, every ACTION, every THOUGHT, and every WORD remains karmically connected to that lifestream and MUST be answered through the '*Law of Accountability*', The '*Law of Retribution or Cause and Effect*'.

An example of this would be a person who says, 'I AM' listening to my 'I AM' Presence and my 'I AM' Presence told me to do this and how to do that. 'I AM' following my 'I AM' Presence. Dear Souls, the 'I AM' Presence does not work in this way. The ego personality does! The 'I AM' Presence has no need for, and no desire of, recognition in any way. It is not attached to anything here in the 3rd dimensional plane, other than the Chord of Life through the Antahkarana of each Soul incarnate. The 'I AM' Presence will never even say, 'I AM' your Presence, for

it is always Ever-Present, offering you all of your life experiences on every level of vibrational frequency. You see, you are the personal and Impersonal Life Expression of the God within, the Essence of Love and Light of the Mother/Father Life. You are already Divine Consciousness expressing in the '*Law of Action*'. It is not what you express, but how you express it, your attitude. Do you see? Be mindful of this, for it is a major Key for your progressive Ascension!

Your 'I AM' Presence will ONLY EVER SPEAK DIRECTLY TO YOU, not to anyone else. They have their own personal link to their own 'I AM' Presence and they have their own responsibilities to connect in accordance with their own life lessons. Understand this and many misunderstandings, many unbalanced situations can be avoided, and life can become far more cohesive in Love in Action. So, please, take the time daily to open to and cultivate your Own Connection Directly with your own 'I AM' Presence. If this is not done, then little progress shall be made from this point forward! It is the Harmony, Balance and Purity you have with your Self that will provide all you need to pass through the next '*Rings of Consciousness Passeth Not*' awaiting you in the coming days, weeks, months and years!

Law of Cause & Effect

When the individual, the entity, the vibratory rate, the force, begins to move toward its own personal growth and fruition in expressing itself through its own will and volition through its own

creative energies, there comes about a time wherein that force becomes aware of resistance to its energies whereby the force becomes aware that its energies are being hindered. This is the beginning of the experience of the *'Law of Cause and Effect'*.

To understand this Law, you must be aware that the Universe is a *'Sea of Energy'*. For every action, there is equal and opposite reaction. For every effect, there is a cause. See also *'Law of Compensation'*, *'Law of Creativity'* and *'Law of Threefold Return'*. When the *'Law of Harmony'* is broken, this results in karma. The term *'karma'* is always used in a negative sense. It shows the recoil of using energy in a discordant manner. If we use energy in a constructive manner, we use the term *'Accumulated Good'*. The Law of Karma is one of God's Universal Laws. It is sometimes referred to as the *'Law of the Circle, the Law of Retribution'*, or *'what you sow, you reap'*.

What you place upon your thoughts, feelings, words, and deeds, goes through your own being and world first, and then out to the person, place, condition or thing to which it is directed. But since you are *'home'* to that life and energy, after it has reached its destination, it begins its return journey to you, gathering more of that particular quality or vibration with which it was originally charged. Therefore, you receive back into your world that which you sent forth, amplified, whether it was constructive or destructive.

With every thought, feeling, word and act, waking or sleeping, you are creating either your karma of distress or a Crown of Light. The *'Law of Karma'* was not intended as a threat of punishment of those who do un-Godly things, but **as an expression of the mathematical precision of life, that one must sow the seed of perfection in concise mathematical accuracy, that the reaping will be in exact proportion to the sowing.** It is not generally understood by mankind that as self-conscious expressions of life, each one is held responsible by Cosmic Law for every particle of this precious energy drawn from the *'Heart of the Godhead'*.

Every individual has created a certain amount of what is loosely referred to as *destructive karma* in his or her earth life since the *'fall of mankind'*. This karma acts on many places, determined by which body is the chief offender in the case. For instance, the PHYSICAL BODY PERFORMING ACTS OF VIOLENCE (*acts of physical assault*) releases a tremendous amount of mis-qualified energy that sooner or later attaches itself to the PHYSICAL BODY.

Likewise, acts of discord on the mental plane, such as crimes of mental cruelty, result in the mental element being charged with the vibratory action and stamp of the individuals. At some future time, these pressures return to the MENTAL BODY. Individuals that perform acts of EMOTIONAL CRUELTY charge the substance of the emotional plane with certain vibratory actions which will record in the EMOTIONAL BODY of the individual.

When a discordant vibration is emitted from an individual, or group, the distance it covers before returning depends on the INTENSITY in which it is projected, both on its outward and on its homeward journey. It obeys the '*Law of the Circle*', and while it is absent from the aura of the individual who is responsible for its projection, it attracts to itself vibrations corresponding to its own rate so that by the time it completes the circle and returns home to the transmitter, it is accompanied by a good number of the same quality of thought and feeling vibrations with which, it started.

Each person then is given, according to their potentialities and capabilities, a Pool of God Source Prime Creator Energy and allowed to use that Volume of Creative Energy in the way they choose, in the way they themselves deem necessary or important. The catch is, however, every ACTION, every THOUGHT and every WORD remains karmically connected to that life stream and MUST be answered through the '*Law of Accountability*', '*The Law of Retribution or Cause and Effect*'.

Law of Harmony

Everything in the Universe is in unceasing action which is the Natural Flow of All Life. Everything Naturally strives for Harmony, for Balance. The stronger determines the weaker and makes it equal to itself.

Law of Harmony & Agreement

The *Law of Harmony and Agreement* states that efforts to manipulate, trick, coerce or force another to behave in harmony and agreement will only disrupt previously established areas of harmony

and agreement. Yet, even between the most hostile enemies, some area of harmony and agreement can be discovered when there is an agreement to discover these areas. Ever increasing harmony and agreement grows from the mutual agreement to discover more areas of agreement. This Law is based on discovering harmony and agreement rather than on its enforcement.

The Law of Security

The '*Law of Security*' is that Law which provides a foundation upon which an entity stands whereby the entity can select a form of expression that allows his or her best performance without infringing on the security or expression of others who have the same rights.

The Law of Compensation

The Group of Principles which take into account our thoughts and actions in any incarnation from where a Cosmic Judgment is rendered according to the results of our thoughts and actions, our deeds and misdeeds - the principle of duality in action, also known as karma. See also '*Law of Cause & Effect*' and '*Law of Creativity*'.

This Law is an arm from Cause and Effect being applied to abundance and Blessings that come into our lives. Compensation is the visible effects of our deeds. It can show up as gifts, money, friendships, or any other Blessing given to us due to our actions.

The 17th Century English scientist, Sir Isaac Newton, discovered a Universal Cosmic Law which states that for every

action, there is an equal and opposite reaction. Since Cosmic Law is everywhere the same, it not only applies to physical science, but to our every-day lives in many ways. In our vital life force, every thought and action, therefore, has an equal and opposite reaction even though there may be a considerable time separation between the two, possibly an incarnation, before the effects of these two attributes are discerned. Therefore, the effects of our thoughts and actions generate the '*Law of Compensation*' – 'KARMA' -- and somewhere and at some time seek an accountability and to establish a balance, so to speak, where the plusses and minuses of life find a form of justice.

The Law of Creativity

Every advance in human life begins with an idea in the mind of a single person. See also '*Law of Cause & Effect*', '*Law of Compensation*' and '*Law of Threefold Return*'. The '*Law of Creativity*' is the innate drive of loving, obedient sentient beings to embrace, reinforce and expand the goodness and beauty of life which the Lord of Life has Created. The Ultimate Act of Creation is the Creation of Unconditional Love; that is, creating the active concern for the well-being of others. While all life is consecrated, the lives of sentient human beings are sacred and incredibly precious, especially including the lives of sentient human beings that are soon to be born.

You exercise the '*Law of Creativity*' in your daily life, both at home and at work. The '*Law of Creativity*' is often mundane and unnoticeable, but never underestimate

the meaning, value and purpose of your daily and mundane acts of creation. There's a potential of great value in all you say and do, especially in the collaborative creation of loving, obedient and moral children. Your sons and daughters are your terrestrial children, but they're also your Creator's Children. Never forget that your terrestrial sons and daughters are also your Celestial Brothers and Sisters. Every day you're a living example to your children and your fellow sentient human beings. Your words alone have the power to create or destroy. Kind words are never forgotten, but words spoken with belligerent animosity cut the Soul and not the body. Beware the razor edge of hostile words that are uttered with inflections of enmity. Accordingly, create your words carefully and wisely, for you always have the potential to lead your children and your sentient brothers and sisters to the power and glory of truth, God and love.

Two very important features of the '*Law of Creativity*'. The first feature is associated with the fact that each Child of Humanity is '*a life-force*' within the Lord of Life's Creation. The second feature is associated with the Celestial Recording of a person's '*My Life-Story*.' Everyone has the power to influence and affect other people, and the influence and effect you exert over other people become the principal stories that are recorded in your personal book of '*My Life-Story*'. You literally create your Personal Life-Story every day, and how you create your '*Personal Life-Story*' is determined by how

you exert your life-force upon other people. Now is the time to reflect and ponder about yourself as a life-force and if you are exerting the powers of Cosmic Truth and Cosmic Love, or lies and fear.

The Law of Three-Fold Return

Anything you send out into the Universe will return to you threefold. See also '*Law of Cause & Effect*', '*Law of Creativity*' and '*Law of Compensation*'.

Law of Three Requests

Whenever we pray or request a higher power to assist, we bring stronger energy to the effort by repeating our request/prayer three times.

Law of Retribution

Even if you have done no wrong in this life, you could still be suffering owing to past karma (*good and bad deeds*) of previous life or lives.

The Law of Action

This Law, simply stated: **No matter what you feel or know, no matter what your potential gifts or talents, only action brings them to life. Those of you who think you understand concepts, such as commitment, courage, and love, will one day discover that you only Create Knowingness when you place your Knowledge into action. Doing becomes the Understanding. Following through intuitively leads to Becoming. And the Creation is the Evidence and Witness of the Wisdom gained.** Every Disciple and Initiate is a '*Focal Point of Energy*' and should be a '*Conscious*' Focal Point of that Energy. In the midst of any whirlpool or

thunderstorm of human consciousness (*of the chaos of this third dimension*) she or he should make his/her '*I AM*' Presence felt within him/herself.

The Universe responds to action. When we take deliberate action on behalf of something that we wish to create/change/shift, the Universe Observes this as readiness, and then brings you what you have now demonstrated you can handle. Remember, the Universe '*never*' gives you what you can't handle. Those of us who think we understand concepts, such as commitment, courage, and love, one day discover that we only create Knowingness when we act. Doing becomes understanding. Every aspirant is a focal point of energy and should be a conscious Focal Point. In the midst of the whirlwinds and storms (*of the chaos of third dimension*) she or he should make his/her Presence felt.

Law of Action & Re-action

For every action force, there is a corresponding reaction force, which is equal in magnitude and opposite in direction.

ASSUMPTION 7.

The Law of Authority

The '*Law of Authority*' states that whoever is liable has the authority, and to the degree of that liability, the degree of authority should be given. The author of an action or work who is liable for that work has the authority over that work to dispose of as he or she wishes along with

the liability. This Awareness suggests that the *'Law of Authority'* is that Law which states that wherein the entity who is capable of accepting the responsibility for an act, is worthy of having the authority to enact that act, to Initiate that act. This Awareness indicates the entity who has authority must be ready to accept the responsibility for the authorization of that act. This Awareness indicates that there are many entities who want authority, but who do not accept responsibility that follows the authority they seek. They want to express themselves, have the authority over their lives, yet they wish to avoid the consequences for their actions. You cannot have it both ways.

Authority without Accountability is not Authority at all but a *'false authority'*, and thus, nothing will change and, in fact, create more liability for those making decisions in authority on behalf of The People as they *'Will'* be Held Accountable for all wrong choices that continue not to Protect the People against all tyrannous activities and deny the People they Serve their God-Given Human Rights to be Free, and shall become their own mis-qualifications, both individually and as authority groups, all equally liable and accountable for all imbalanced creations, in Accordance to Cosmic Law.

ASSUMPTION 8.

The Law of Accountability

Any Energy put out into the Divine Universe will return to the sender three times. You are responsible for your

actions not just the results of those actions. The *'Law of Accountability'* is the Cosmic Proclamation that requires each sentient being to be personally responsible for the Loving Care, Support and Expansion of the Lord of Life's Creation, and especially concerns the Care and Well-Being of the Creator's Children the time the action is created.

The Moment of Accountability is not a judgment of the good works, the fruits, the productivity, and the creativity that you created during your terrestrial life. While good works are important within themselves, good works are an effect of your State of Being. Consequently, the Moment of Accountability is a determination of the Essence and Nature of what type of person you have Become. In other words, what is your State of Being? Is your State of Being the Essence and Nature of Selflessness and Divine Love? Are your good works created as a result of the State of Unconditional Love? Are you trying to persuade your way into the Kingdom of Heaven, or do you Truly Desire the Kingdom of The Mother's Love and Father's Light because that is where your Heart must BE? The Creator's Hallmark is His/Her Creative Nature, and mankind's Godly Image is best revealed in mankind's own creative nature. Truly, the Essence and Nature of Life is proactively creative, but it is sad to say, not all sentient human beings adhere to this Cosmic Principle. Are you a creative and proactive person adding to the goodness of life, especially in the arenas of Love, Peace, and Harmony? What is really

important in your life? Where does your Faith lie in your outer and Inner world?

ASSUMPTION 9.

The Law of Unity

The '*Law of Unity*' is that Law which recognizes no separateness, which ignores the appearance and seemingness of separateness in the apparent divisions of polarities, gender, cause and effects, the part and the whole, the one and the many; but realizing these each as integrated parts of the total picture.

The '*Law of Unity*' identifies with the over-all viewpoint and sees neither night nor day, but the night-day process; neither right or wrong, but the right-wrong process; neither the pleasure nor the pain, but the pleasure-pain process; neither the one nor the all, but the At-One-Ment process of the All One Being whose cells and Souls work together even in the seemingness of division. The '*Law of Unity*' acknowledges such division but stresses the oneness of the parts. The '*Law of Unity*' sees loss and gain, life and death -- nothing but the spinning wheel of fortune that is based on the '*Law of Change*', which is itself a Unified process known as the '*Law of Magic*'.

We are all connected, all bearing the seed of Divinity. This is the way we start and the way we develop into eternity. It is only while in third dimension physical form, and because of the greater separation of our Higher Self from the personality, we experience the illusion that we stand alone. Fear enters our emotional body

because of this illusion and begins to close more profoundly our connection to the Source. Also, when we experience great Soul growth in some small but profound manner, all benefit. All substance in this Universe Flows to us and through us. We are All. Remember that Unity must Honour Diversity.

Law of Magic

The '*Law of Magic*' is that Law which creates change. Physical change comes about through the change of consciousness. Consciousness changes in response to anticipation. Anticipation results from imagery and preparation, fears and desires based on fallacies or facts. Preparation for change changes consciousness, which results in physical change. The quality and quantity of description and imagery, the intensity and consistency of attitudes and actions, the collective or disruptive energies of others, all work together to influence the direction and course of the change. Every entity to some degree, for good or ill, is both victim and master of the '*Law of Magic*'. The '*Law of Magic*' is an extension of the '*Law of Unity*'. See also '*Law of Chance*', '*Law of Gratitude*', '*Law of Unity*' and '*Law of Description*'.

Law of Magical Accounting

Any rebalance of the natural forces is performed as a karmic payment is due. See also '*Law of Balance*'.

Law of Magical Names

There is a connection created by shared structure, a certain resonance. One's true name is related to the vibrational value or

the frequency of one's Soul-self. In magical systems of symbolism, *'a name is the thing named'*. *'This is to say, that in some way, there is an analogical correspondence between the name and the thing named. There is a connection created by shared structure'*, a certain resonance. *'To know the true name of a person, place, or thing is to have complete control over it. Of course, you could never command something to do anything which was not in its nature. To know a thing's true name is to know its nature. What most people consider to be a name is really, in the magical sense, only a label'*. One's true name is related to the vibrational value, or the frequency, of one's Soul-Self.

Law of Chance

Results when the *'Law of Magic'* is initiated without being in harmony with the *'Law of Unity'*. The *'Law of Gratitude'* is that Law which does bring Divine Justice and Balance for those actions, which occur under the *'Law of Chance'*.

Law of Gratitude

A sense of satisfaction in knowing that energy, which has been given, receives its certain reward according to its nature. Energy that is given moves out on that curved and unequal line, and when extended far enough, can only return to its source bearing its appropriate gifts. See also *'Law of Chance'*, *'Law of Magic'*, *'Law of Resonance'* and *'Law of Unity'*.

Law of Description

The *'Law of Description'* is that Law which serves as a tool for creative purposes.

This is likened unto the paint brush of the artist, the chisel of the sculptor. Description as that which carves out images, creates boundaries, creates shapes and forms, creates limitations, creates confinements, and also creates those concepts which expand those boundaries to release from confinement. The *'Law of Description'* knows no morality. The *'Law of Description'* is capable of creating anything for any entity. This relates unto the *'Law of Magic'* in that anything described is on its course toward creating a manifestation to the degree of impact on its description. The nature of manifestation depends upon the intensity of the collective or disruptive energies involved. See also *'Law of Suggestion'*.

Law of Suggestion/Strength

The *'Law of Suggestion or Strength'* states that a statement carries with it an impact associated with the *'Law of Description'*. When given through certain levels of consciousness and moments of expression and situations of experience, such suggestions may have a terrific impact upon the psyche of oneself or another.

Example: This Awareness suggests that when a healing is given for entities, that the healer also gives the suggestion. This Awareness indicates this in particular to these who find it difficult to accept a healing for any particular length of time or a permanent healing. This Awareness suggests that when an entity gives a healing to such entities, that it be stated that *'This healing appears to be good for*

'X' number of months, at which time other forces within your own psyche are capable of taking over and continuing the healing.'

This Awareness indicates that such a suggestion has that which can be beneficial for these entities, that this is related to the *'Law of Suggestion'*.

Essentially, this means we are the sum total of our accumulated thoughts and beliefs, what has been suggested to us through spoken words, our direct experiences and interpretations of life, subconsciously, consciously, and through our Spiritual bodies. What is spoken, what is heard, what is seen and perceived from this body filter is the suggestion of what we become. This consciousness principle also explains the gathering of inner strength that is required to go beyond what is spoken and heard, therefore was suggested to us from environmental conditioning, such as the family of origin inherited beliefs and behaviours. How do we shift out from the accumulated results of the millions of suggestions sent out to us since birth?

We must learn how to speak clearly by directing focused mental energy upon a positive idea or loving thoughtform in order to magnify that spoken word or thoughtform substance into the manifest, yet, while holding observer point without attachment to how it actually manifests or this may define the discipline and Inner Strength we find deep inside our heart-based convictions the power that is required to examine our thought processes and motivations that have been inherited; and to choose to redirect the

spoken words into more positive thoughts and loving behaviours that serve one's highest expression. We constantly send out and receive energetic patterns of spoken and heard suggestions, mentally, emotionally and Spiritually, as that content we are being exposed to within the environment which is interactive with the sum total of our multidimensional experiences. To abuse this Natural Law, the people of earth are subjected to electronic harassment and mind control bombardment, which interferes with the spoken and heard suggestions subliminally. This is scrambling human DNA signals. Thus, we generally receive more inorganic and artificial messages rather than the Organic and Authentic Messages from Divine Intelligence until we begin to Spiritually Ascend and Awaken.

When suggested thoughts have a powerful emotion associated with them, whether positive or negative, the strongest emotion will tend to rule how the thoughtform is realized into matter. Strong emotional fear will always hold one back in manifestation and override a weaker emotional desire to succeed or expand. This is why the *'controllers'* use complex layers of fear programming through subconscious suggestion, as it blocks our mind and personal will to manifest clearly. To gain emotional clarity, one must tame the unruly nature of personal instinctual desires and negative emotions and direct the inner fire of our actions to serve personal enlightenment on the road to achieving

Consciousness Freedom. It is only when we have opened our heart-mind interaction by practicing loving kindness towards ourselves and others that it cleanses our mental impurities and accumulation of inverted or fear-based suggestions. This is what is required to transcend the artificial suggestions being broadcasted into the mind, body and Spirit, Reprogramming the fear-based suggestions into loving kindness, so we can achieve our Spiritual Goals by actualizing our Spiritual Mission and Blueprint.

Through one's energy centres, or chakra centres, which receive the subtle energies from the Solar Light filtered through the quality of thoughts and emotions, these are then directed into the external to co-create a harmonious and peaceful environment for ourselves and others. The purpose of our incarnation is to gradually embody the full actualization of our inner light source, a reflection of our inner Sun, but we must learn how to use our life force and energy resources properly and in alignment to our heart-based and authentic Spiritual Being. The more consciously we participate with directing our personal power in alignment to our higher purpose in service to others, we steadily increase the likelihood of our ability to Transmit the Spiritual Power of the Solar Light to recreate the Peaceful State of the Garden of Eden in our personal life.

Through the Solar Light, the Sun, we feel loving vibrations and gain immense Spiritual Power and Strength. Thus, this

Consciousness Principle is also connected to the building of our Light Body and is also referred to as the '*Law of Strength*'.

The '*Law of Suggestion/Strength*' is magnified by the importance of its position in our Universal Time Matrix. This Law manifests as the Guardian of the Northern Direction in the Pillar Architecture that forms one side of the Four Cardinal Directions (N-S-E-W) that are measured in the Cosmic Time Cycle. This is why the Entity called '*Regulus*' is referred to as the Guardian of the North and is One of the Set Cardinal Directions of the Four Royal Stars.

ASSUMPTION 10.

The Law of Divine Service

This '*Law or Science of Service*' grows naturally out of the successful application of the sciences of the Antahkarana and meditation and is the Governing Law of the future. With the linking of Soul and personality, the Light of the Soul pours into the brain consciousness, resulting in the subordination of the lower to the higher.

This identification produces a corresponding activity in the personal life and the activity we call 'service.' Therein lies the growth, through the service of the race and through a cultivated self-forgetfulness.

Service is the True Science of Creation and is a Scientific Method of establishing continuity. This is also known as the Law of Water and of Fishes. The symbol is a pitcher on the head of a man who stands

in the form of a cross. This Law is the governing factor of the Age of Aquarius. The Ray Energy is out-going energy of the 6th Ray vivifying factor. If the evasion of this Law is a conscious action, there are karmic penalties. This work requires so much sacrifice of time and personal interest requiring deliberate effort, conscious wisdom and the ability to work without attachment.

The '*Law of Service*' is the Governing Law of the future and embodies the new technique. In past ages, it was the service of one's own Soul (*with the emphasis upon one's own individual salvation*) which engrossed the attention of the aspirant. Naught else was considered. Then came the period wherein the Service of the Master and also of one's own Soul was considered of dominant interest. The Master was served and duty to him or her emphasized because thereby the salvation of the individual was aided. Now a New Note is sounding forth - the note of growth through the Service of the Race and through a cultivated self-forgetfulness.

We come now to the consideration of the '*Law of the Soul*', which is intended to Govern all Soul Activity, and it is the '*Law of Service*'. However, before we elaborate this theme, there are three things which merit careful attention regarding the Science of Service, which is a definite technique of at-one-ment. We shall now consider the broad outlines of this Science, for it is the major releasing factor in the Disciple's life. This '*Law of Service*' is something which may not be escaped.

Evasion brings its penalties if that evasion is conscious. Ability to serve marks a definite stage of advance upon the Path, and until that stage is reached, spontaneous service rendered in Love and Guided by Wisdom cannot be given.

This Law is the imposition upon the Planetary Rhythm of certain energies and impulses which emanate from that sign of the Zodiac into which we are steadily moving; therefore, there is no escape. It is the effect of this force which, in some countries, is regimenting the masses in such a way that the individual serves the group by a forced negation of his or her personal self; his or her own ideas; his or her own personal well-being; and his or her own individuality being subordinate to the Whole, being rendered relatively futile from the Angle of his Soul unfoldment. He is forced to conform, willingly or unwillingly, to group conditions.

This '*Law of Service*' was expressed for the first time fully by the Christ two thousand years ago. He was the forerunner of the Aquarian Age, and hence, His constant emphasis upon the fact that He was the '*water of life*', the '*living water*' which men and women needed. Hence, the Esoteric name of this Law is that of '*water and the fishes*'. '*The Idea of Service is, at this time, the Major Idea to be grasped for (in grasping it), one to open themselves wide to the new incoming influences*'.

The '*Law of Service*' is the expression of the energy of a Great Life, Who, in Cooperation with Him '*in whom We Live and Move and have Our Being*', is

subjecting the Human Family to certain influences and streams of energy which will eventually do three things:

1. Awaken the Heart Centre in all aspirants and disciples.
2. Enable emotionally polarized Humanity to focus intelligently on the Mind.
3. Transfer the energy of the Solar Plexus into the Heart.

This unfolding of what we might call *'the Consciousness of the Heart'* or the development of *'True Feeling'* is the first step towards Group Awareness. This Group Awareness and this Identification with the feeling aspect of all groups is the quality which leads to service - a Service to be rendered as the Masters render it and as the Christ demonstrated it for us in Galilee.

What are the characteristics of the true server? He or she will be distinguished, as might be expected, by the quality of *'Harmlessness'*, and by an active refraining from those acts and that speech which might hurt or cause any misunderstanding. By no word, suggestion, implication, innuendo or voiced dissatisfaction will he hurt his or her group. You will note that it is not said, *'will not hurt any individual.'* Those working under the *'Law of Service'* need no reminder not to hurt any individual. The characteristic is a willingness to let others serve as seems best to them, knowing that the life flowing through the Individual Server must find its own channels and outlets, and that direction of

these currents can be dangerous and prevent the rendering of the intended service.

What effect does service have upon the mind, the emotions and the etheric body? It must be remembered that it is through its effects that the Scientist of the Future will begin to deduce the effectual existence of an Inner Cause, of an Inner Reality, or of a Self or Soul. The unselfish, Spiritually-oriented man or woman integrates the various aspects of himself into one functioning Whole, but the focus of his or her activity is Contribution, not acquisition; and by the working of the Higher Law, the *'Law of Service'*, he or she becomes integrated not only as a Human Being within the Radius of the prevalent Civilization, but also into that wider and more inclusive world of conscious activity which we call the *'Kingdom of God'*.

The servant seeks to work with the *'Law of Evolution'*. This is an important thing to note. The wise Server, after action, pays no attention to what his or her fellow servants say, provided his or her superiors (*either incarnating men and women, or the Greater God Intelligences Themselves*) prove content or silent. He or she cares not if the result is not that which he or she anticipated, provided that he or she faithfully did the highest thing they knew. They care not if reproach and reproof assail them, provided his or her Inner Self remains calm and non-accusing. They care not if he or she loses friends, relatives, children, the popularity once enjoyed, and the approbation of their infringing associates, provided his or her

Inner Sense of contact with those Who Guide, and Lead remains unbroken. They care not if he or she seems to work in the dark and is conscious of little result from their labours, provided the Inner Light increases and their Conscience has naught to say.

True Service is the spontaneous outflow of a Loving Heart and a Higher Intelligence Application to God Life through the Higher Mind. It is the result of being in the right place and staying there. It is produced by the inevitable Inflow of Divine Spiritual Force and not by strenuous physical plane activity. It is the effect of a man's or woman's being what he or she truly is, a Divine Son or Daughter of God, and not by the studied effect of his or her words or deeds.

Law of Change

This Law of Change governs all things and allows no things to remain unchecked and allows no checks to remain unchanged; that in anything seen, done, experienced or known, you may look at it and say with absolute certainty: *'This, too, will pass'*. Change is ever and always present in all things and nothing remains static forever.

Law of Change & Transmutation

Every condition can be transmuted, and everything is always changing. Also known as the *'Law of Alchemy'*.

Law of Changeability

Anything true is variable. The world has changed or transformed and will continue to change on the basis of this Law. Also known as the *'Law of Variability'*.

Law of Evolution

This is the Divine Law Governing all Creation, meaning that all consciousness is evolving upward, that all is progress. God Created Souls who are, as children, growing under the *'Law of Evolution'* to adulthood. The physical plane is but a school for this Great Cycle of evolving creation. Evolution is the result of the *'Law of Becoming'* in a positive, God-ward direction. If one does not evolve with the Evolutionary Current of the Cosmos, one retrogresses into a lower evolutionary state. The misuse of one's microcosmic energies causes great harm to one's life-stream. The return to a lower state and its characteristics is an expression of evil, using the word *'evil'* in a relative sense. For instance, for a human being to act like an animal goes against Evolutionary Laws and is considered negative.

Evolution expands the consciousness and improves the Soul-quality of a Life-unit. For instance, the consciousness and Soul-force of a plant will aeons later Ensoul an animal-form. The Soul of an animal will eventually acquire human-consciousness status. The consciousness of an animal is greater than that of a plant, just as the consciousness of a human being is much more advanced than an animal. Beyond the level of human consciousness lies yet Higher States of Consciousness. Matter is Evolving to the point where it may sustain consciousness. This is the process of the Spiritualization of matter.

Conscious Life-units are evolving to the point where they may Ensoul a Planet,

Solar System, Dimension, Galaxy, Universe or Cosmos. This is the process of God-Development. When left to nature, the Life-units Evolving in any Planetary Scheme may require aeons of time to reach a Higher Status. It is only commencing at the human consciousness level that it becomes possible for the Life-units to work with the Evolutionary Forces and speed up their own progress.

Man and woman has the privilege of this choice: when man or woman chooses to work with the '*Law of Evolution*', he or she quickens his or her personal Evolution and Spiritual growth. If he or she chooses to ignore the potential of the Law, he or she may linger for aeons in the human state of consciousness. Should the choice be a positive one, what would have taken aeons could well take place in a single lifetime. The Spiritual Path of Soul-Cultivation is a way and process of Evolving a Human Race at a rapid pace. It transforms man and woman from humanhood to Godhood.

The Evolutionary Force to which is given the name '*The Christ Consciousness*' (a term largely used by the *Metaphysical Groups in the world today*) focused itself on the person of the Christ in a manner hitherto unknown. This is the potency latent in every human heart which was described by St. Paul as '*Christ in you, the Hope of Glory*', and is that which, under Evolutionary Law, brings a man or woman, men and women, eventually into the '**Kingdom of God**' and '*unto the measure of the stature of the fullness of Christ*'.

Every form has its own area of awareness, and Evolution is the process whereby forms respond to contact, react to impact, and pass on to greater development, usefulness and effectiveness. The '*Law of Evolution*' and the '*Science of Impression*' cover the unfoldment of consciousness and bring about adaptability to the imminent Soul. At the Heart of this vast sea of energies is to be found that Cosmic Consciousness to whom We give the name of Sanat Kumara, the Lord of the World, the Ancient of Days. It is His Will-to-Be which brought His Manifested form into the tangible arena of life. It is His Will-to-Good which activates the '*Law of Evolution*' and carries His Form, with the myriad lesser forms of which it is composed, on to the Ultimate Glory which He alone Visions and Knows. It is His Consciousness and His sensitive response to all forms and to all States of Being and to all possible impacts and contacts which guarantees the developing consciousness of all the many lives within or upon this Earth. Much of the work of fusion and of attainment proceeds unconsciously under the fundamental '*Law of Evolution*', which is a Shamballic Law, embodying as it does the working out of the inscrutable will of Deity. This Evolutionary pushing forward along the Lighted Way, out of darkness into Light, from the unreal to the Real, and from death to immortality, is an inherent urge in all forms. It constitutes one of the most subtle and one of the least understood Laws of the Universe, being related to the Life Principle, of which We know as yet naught. It underlies the '*Law of Evolution*' as well as the '*Law of Karma*',

and is, in reality, the Law of the Life Purpose of the Planetary Logos. It is an Expression of His dynamic intention as it forces all substance in manifestation and in time and space to act and react in conformity to His Will.

The Science of Impression

This Science is a vast subject and cannot be clearly defined here in these Posits. However, it must be stated that there is a massive need at this time to decentralize the human ego personality away from the old ways of doing things, else the personality of human mis-creations will become more stagnant and less effective as to intentions or desired results of Higher Goals and Visions for the Human Race as a Whole.

Sources of Impression for the Aspirant, Disciple or Initiate or the Seeker of Truth.

For the Seeker of Truth aspirant and particularly for the conscious Disciple, the Impression to be considered comes from four sources:

1. From the individual's own Soul.
2. From the Group with which he or she is to be affiliated.
3. Directly from the Ascended Master.
4. From the Spiritual Triad via the Antahkarana.

The First two stages cover the period of the first two Initiations. The third precedes the third Initiation and persists until the Disciple is him or herself a Master. The fourth type of informative Impression can be registered after the third Initiation and reach the Disciple in

the group. He or she then has the task him or herself of impressing his or her mind with what he or she has been told and known within the group. Eventually, as an Unascended Master of a Group, he or she starts upon one of the major Hierarchical tasks of Mastering the Science of Impression. There are, therefore, two aspects to this work of Impression: one deals with the capacity to be Impressed; the other with the ability to be an impressing agent. The Disciple or the Initiate is not permitted to practise the art of impressing until they are among those who receive Triadal Impression and, therefore, Impression from Shamballa within the protective area or aura of the Group Forcefield with which he or she is affiliated.

The 'Science of Impression' is, in Reality, the technique whereby Humanity has been taught by the Spiritual Hierarchy from the moment of its First appearance upon Earth. It is the technique which all Disciples and Initiates have to learn (*no matter which of the Seven Paths they may eventually choose*), and it is also the sublime art which every Master practises on Inspiration from Shamballa. It is a technique which is implemented by the Will, and its consummation is the complete assimilation of the 'little wills of men and women' into the Divine Purpose. It is the acceptance on their part of the promotion of that Purpose through Right Impression on all forms of life at any particular Point of Evolution. Disciples and Initiates then become Agents of the Divine Will and are entrusted with the

direction of energies, with the plan and with the secrets and the inspiration which are hidden in the Mind of God.

Man's and woman's Contribution to the Divine Plan.

To that Knowledge, germinated and formed in the Solar System previous to this, They add that which the present Solar System has to give and to mature; the Magnetic Attractiveness of the Second Ray of Love-Wisdom in one of its three major forms, or Rays of Aspect, implemented by the Four Rays of Attribute. This Power to use the Ray Energies to attract and impress the constantly expanding revelation is the clue to all the work going forward today, and to this activity the name is given the '*Science of Impression*'. It involves the constant opening up of a new environment, an environment which reaches all the way from the lowest grade of daily living undertaken by the least developed of human beings to that point upon the Ladder of Evolution when the aspirant becomes consciously susceptible to what we call '*Spiritual Impression*'. At that point, he or she becomes capable of being more sensitive to a Higher Range of Impression of the Kingdom of God, and, at the same time, they begin to learn the art of Impressing the minds of others to Master the understanding of the level from which he or she works as an Impressing Agent, and to know who are the sons of men they can Impress. He or she has to also Master the Secondary Lesson of adapting their environment in

such a manner that they can impress others, and the Impression can find its way through their enviring circumstances and into the usually inattentive minds for whom they feel a responsibility.

This he or she does through a growing knowledge of him or herself and through learning the art of registering. The clearer and the more deeply apprehending is their capacity to register the Impression to which they are subjected and to which they are sensitive, the more easily will he or she reach those they must aid towards a wider and deeper insight. This registering of their own expanding environment, with all its implications of a new vision, a new goal, a wider field of service, leads to the inflowing energies (*arriving on the wings of inspiration*) becoming a reservoir of thought-substance to the use of which he or she must accustom him or herself.

Law of Evolution & Rebirth

A slow process of development carried on with unwavering persistence through repeated embodiments in forms of increasing efficiency whereby all are, in time, brought to a height of Spiritual splendour in recognition of Source and True Identity. *See also Law of Periodicity.*

Law of Periodicity

The '*Law of Periodicity*' is a Cosmic One which issues from the very centre of all Created, Creative Light, and moves back upon Itself as it concerns the Will of God in interplay with a second Law. Laws and Timing, subjects of utmost importance,

provide other challenges for the Disciple or Initiate.

That is the sense of time which is so necessary to the successful manifestation of any Planned Activity. The Disciple or Initiate is functioning under a different Law than does the average man who sets out to accomplish any mental picture or plan. As an example, the businessman or woman in the world today operates under known Laws of the business world. Knowledge of these Laws and Understanding of them are available to him or her through study, observation, and very little experience. It is then only necessary for him or her to cooperate with those known laws in order to make his or her business, barring karmic interference, a successful undertaking.

This is set forth in the axiom, that for every period of activity, there is a consequent interval of rest, observable in nature as day and night, the flow and ebb of tides, the process of waking and sleeping, birth and death. One phase of this Law manifest is the '*Law of Constant Renewal*' in which the necessity for rebirth, or re-embodiment, is demonstrated.

Training for the Aspirant, Disciple or Initiate will be cyclic, and will have its ebb and flow as all else in nature. Cyclic times of activity then can, and do, succeed times of pralaya, known by other names such as dissolution or by extension through reabsorption, destruction, annihilation or death, and periods of registered contact alternate with periods of apparent stillness and or silence. If the student

develops as desired, each pralayaic period is succeeded by one of greater activity, and of more potent achievement. Rhythm, ebb and flow, and the measured beat of the pulsating life are ever the Law of the Universe. In learning to respond to the vibration of the High Places, this rhythmic periodicity must be borne in mind.

This Law also Governs all manifestation, whether it is the manifestation of a Solar Logos through the medium of a Solar System, or the manifestation of a human being through the medium of a form. This Law controls, likewise, in all the Kingdoms of Nature.

Law of Constant Renewal

Also known as the '*Law of Periodicity*' or '*The Cycle of Rebirth*'.

ASSUMPTION 11.

THE THREE LAWS OF GROUP LIFE.

The Law of Group Endeavour

This Law defines the multiplying of the Energy one creates when acting with like-minded individuals to form a group effort to pray, manifest, do Lightwork, or even to create degrees of control which We define as inequity or imbalance. Where the efforts of an individual may equal one unit, the efforts of two for a common goal with equal energy will affect the energy of twenty units instead of the sum total of two. With three, the resultant energy explodes exponentially. The longer pure thought (*the exclusion of any other thought*) of one's desired goal is held in

the mind, the more powerful the result. Holding a Pure thought for an increment of time (*not less than 18 seconds*) is the beginning of the Lesson of Manifestation.

The Law of Group Life

Mankind must fulfil in love their family and national obligations, but also, they must think in the wider terms of humanity itself and so bring the '*Law of Unity*' into expression, questions to self such as, '*Will my action tend to the group good? Will the group suffer or be hurt if I do this action?*' Abiding by these actions will gradually become part of your overall consciousness, and the human race will adjust itself to these new conditions. All aspects of the '*Life of God*' are interdependent, and when one proceeds to fuller expression, all of the group benefits.

The Law of Group Progress

This Law is also known as the '*Law of Elevation*'. It is defined in the Group Activity of Rightful and Lawful Action, not only by each individual, but the Group as a Whole. It is reflective of the 7th Ray Energy and Its Qualities and Virtues. It is the Evolving Factor of Moving Forward.

ASSUMPTION 12.

The Law of Freedom

The '*Law of Freedom*' is that movement which enables human beings the space to expand and grow in their ability to function in a manner that will allow others their freedom and space to grow, in order to free still others. Freedom is not a final

'State of Being', but an Ever-Expanding Action of Giving each other the space to create spaces for others, to create more spaces for still others yet to come. Freedom may be helped or hindered by human Laws, definitions, principles, descriptions, disciplines and boundaries. However, ALL Universal Laws, free each and every one within a Unification of an Environment of Divine Synthesis instantaneously when Activated from a Rightful Application to God Life. Any Law which does less than this, is subject to the Rule of a Greater Law.'

'No one is Free until each is Free, and all are Freeing each other'.

ASSUMPTION 13.

The Law of Harmlessness

The Higher the being, the greater its Expression of Harmlessness the Wisdom Aspect of the Soul must also direct Harmlessness as a result of Love and Compassion or else it may end up violating the '*Law of Self-Preservation*'. This is one of the Laws pertaining to Soul-growth. In Sanskrit, Harmlessness is called '*ahimsa*'; it is one of the requisite Divine Attribute or Quality that the Disciple has to embody. In order to possess Perfect Harmlessness, one must be Pure in body, mind, and Soul; one must evoke the aspect of Love and Compassion of the Spiritual Triad or the Higher Self to dwell in the Personality, the lower self-Harmlessness as a result of love and compassion must also be directed by the Wisdom aspect of the Soul or else it may

end up violating the '*Law of Self-Preservation*'.

Law of Preservation

God Created all living things to live life to its fullest.

Law of Self-Preservation

One of the most important Laws in immediate operation in the lives of all Life-units, all organisms, physical or non-physical is the '*Law of Self-Preservation*'. Every life-unit or Life-stream is striving to maintain and sustain its existence at some level and attempting to exist on a higher spiral of being, a Higher Life Expression. Going contrary to this Law, as in suicide, for instance, where the desire is to terminate self-existence, is a crime against Nature.

At a lower level, the body of an organism is identified as the self; thus, self-preservation at this level entails preserving the body from harm or extinction. Some strains of viruses, though inimical to man and woman and struggling against the attempts of men and women to destroy them, are simply obeying the natural '*Law of Existence*'.

Fundamentally, all Life-units have a right to exist so long as they do not encroach upon the existence of other Life-units and disturb the Harmony of the Universe. At a Higher Level, from the Spiritual person upwards, although encompassing the lower aspects of preserving the physical vehicle from harm, self-preservation also implies preserving or maintaining the awareness of one's Real Self, one's True Identity, one's Divine Spark at the level of

one's mundane consciousness. In contemporary mysticism, this Level of Consciousness is called '*Cosmic Consciousness*', or the '*Sankalpa Samadhi of the Hindu Yogis*'.

ASSUMPTION 14.

THE 3 MAJOR COSMIC LAWS

1. LAW OF SYNTHESIS

It is almost impossible for those who have not the Buddhic faculty in any way developed, to comprehend the scope of this Law. It is the Law that demonstrates the fact that all things, abstract and concrete, exist as one.

The Synthesis of the teaching or of the training given is something which you should not overlook. The unit, the individual and the part, are always viewed in relation to an expanding and inclusive whole. One of the marks of readiness for Initiation is the ability to see this inclusive entity and to note the Law which is transcended when the part becomes the whole.

Later, after the Fourth Initiation, the Disciple comes increasingly under the '*Law of Synthesis*', which is the major Law of the Spirit in the Universe. His or her capacity then to include rapidly develops, and his or her sense of awareness can (*after the Sixth Initiation of Decision*) begin to range in an extra-Planetary fashion.

The '*Law of Synthesis*' has a direct connection with One who is still Higher than our Logos and is the '*Law of Control*'

exercised by Him upon the Logos of our System. This is a Spiritual Relationship that tends to abstraction or to that Synthesis of the Spiritual Elements that will result in their conscious return to their Cosmic Point of Synthesis or of Unification with their Source. Their Source is the One about whom naught may be said, as we have earlier seen. The '*Law of Synthesis*', operating between all forms which the self occupies, and the recognition of the essential Unity of all manifestation by the means of sight.

The will to exist, is governed by the '*Law of Synthesis*', and the Activities of the Cosmic Entities who are its embodiments are governed by the '*Law of Enforced Unity*' and of essential homogeneity. It is the Law that eventually comes into play after Spirit and Matter are blending and adapting themselves each to each. It governs the eventual Synthesis of self with Self, and finally, with the All-Self, and also of Essence with Essence in contra-distinction to the Synthesis of Matter and Spirit.

An atom is governed by the '*Law of Economy*', is coming slowly under the '*Law of Attraction*' and will eventually come under the '*Law of Synthesis*'.

A Heavenly Man and Woman are Governed by the '*Law of Attraction*', has transcended the '*Law of Economy*', and is rapidly coming under the '*Law of Synthesis*'.

Law of Control

The Law of Control relates to how we feel positive about ourselves to the extent that we feel we are in control of our lives.

2. LAW OF ATTRACTION AND REPULSION

The '*Law of Attraction and Repulsion*' is, fundamentally, the Law which describes the compelling force of attraction that holds our Solar System to the Sirian System that holds our Planets revolving around our Central Unit, the Sun; that holds the lesser systems of atomic and molecular matter circulating around a centre in the Planet; that holds the matter of all physical plane bodies, and that of the subtle bodies co-ordinated around their microcosmic centre.

The general Law, which produces Cyclic Effect, is the '*Law of Attraction and Repulsion*', of which the subsidiary Law is the '*Law of Periodicity*' and the '*Law of Rebirth*'. Cyclic Evolution is entirely the result of the activity of matter and of the Will or Spirit. It is produced by the interaction of active matter and a moulding Spirit. Every form holds **hid** a Life. Every life constantly reaches out after the similar life latent in other forms. When Spirit and Matter Sound the same Note, Evolution will cease. When the Note Sounded by the form is stronger than that of Spirit, we have Attraction between forms. When the Note Sounded by Spirit is stronger than that of matter and form, We have Spirit Repelling form.

Here we have the basis for the battlefield of life and its myriads of intermediate

stages. This Law is, as we know, the basic Law of all manifestation and the Paramount Law for this Solar System. It might strictly be called the '*Law of Adjustment or of Balance*', for it conditions that aspect of electrical phenomena which we call '*neutral*'. The '*Law of Economy*' is the basic '*Law of One Pole*', that of the negative aspect; the '*Law of Synthesis*' is the basic Law of the positive pole; but the '*Law of Attraction*' is the '*Principle for the Fire*' which is produced by the merging during Evolution of the two poles. From the standpoint of the Human Being, it is that which brings about the Realization of Self-Consciousness.

Under this Law, the Karmic Lords are enabled to bring together those lives (*human, subhuman, and superhuman*) which have earlier been associated, and have, therefore, somewhat to work out. The Seven Heavenly Men and Women, for instance, are a few out of the great band of Associated Lives who have chosen to come into incarnation in this '*kalpa*' for purposes of mutual help and mutual correction. They are really destined to work together, but nevertheless, on other Cosmic Planes have points of contact unknown to Humanity.

This Attractive Principle is found in all forms, from the tiny form of the atom to that form, the Planet Earth, through which our Planetary Logos Expresses Himself. But if it is the '*Principle of Coherency*' and the '*Cause of Integration*', it is also the medium through which restitution is brought about and by which

the Human Soul is periodically re-absorbed into the overshadowing Soul. This aspect of the '*Law of Attraction*' has, as yet, received little attention. The reason is that it concerns the Highest Expression of that Law and is therefore related to the Will-Aspect of Deity, as also the Will-Aspect of the Monad. Only as the Shamballic Force proceeds with its more direct work in the coming Cycle, and men and women begin to discriminate (*as they must and will*) between self-will and the Divine Spiritual Will, between determination, intention, plan, purpose, and fixed polarization, will clarification come.

Remember that the '*Law of Attraction*' is an aspect of the fundamental '*Law of Love*'. It concerns the Psyche or Soul, and therefore, its function is to further the Spiritual interests of the true man or woman and to demonstrate the Power of the second aspect, the Christ Consciousness, and the Power of Divinity. It '*rejects the undesirable in order to find that which the Heart craves, and thus leads the weary pilgrim from one rejection to another, until with unerring choice, he or she makes the Great Decision*'. This is quoted from the Old Commentary.

After the First Initiation, the Disciple comes under the '*Law of Attraction*' which carries and wields the energy of Love, and though the '*Law of Economy*' is then abrogated, it preserves a habitual control over the habitual process of the form vehicles which are now used under the '*Law of Attraction*'. This Law works within the consciousness of man and

woman and also within the forms in the Service of the Hierarchy. This 'Law of Attraction' is a 'Major Soul Law'.

Under the 'Law of Attraction', the nature of Love is Revealed, first of all, through desire for form life, and then through Attraction to the Soul and a consequent resolution of the dualities of Soul and personality. This brings about a Unity which, in due time, serves to reveal a greater potential dualism -- that of Soul and Spirit. This fundamental duality must also be resolved, leaving the essential Universal Planetary duality, Spirit-Matter, present in time and space.

Owing to the fact that the Law which Governs the Hierarchy is the Second Systemic Law, the 'Law of Attraction', students are apt to think that Magnetism is a Second Ray Quality. They are right insofar that all the 'Systemic Laws' are Expressions of the Life of God through the medium, at this time, of the Second Ray, which makes our Solar System a Second Ray System. All other Laws and Qualities (for a Law from the Divine Angle is the motivating, Qualified Agent of the Divine Will, as understood in Shamballa), are related to the Second Ray as it manifests through our Planetary Logos.

Remember also that all the Seven Rays are the Sub-Rays of the Great Cosmic Ray of Love-Wisdom, which is ever expressive of relationship implemented under the 'Law of Attraction'. It is this form of Esoteric Attraction which draws the Master forth from His or Her Ashram, conditions His or Her decision, and eventually leads to His or Her passing through the door which

Opens on to other Spheres and Planes of activity.

Constantly, therefore, this great circulatory process goes on, demonstrating anew the essential Synthesis underlying all life -- human, Planetary, Systemic, and Cosmic. It reveals also that the 'Law of Attraction', the 'Law of Magnetic Work', and the 'Cosmic Law of Synthesis' are three aspects of One Law for which, as yet, we have no name.

Law of Adjustment

When the natural Harmony of Life is disturbed, an adjustment must be made in order that the disrupted equilibrium may be restored. (Also known as karma).

Law of Evolution & Rebirth

A slow process of development carried on with unwavering persistence through repeated embodiment in forms of increasing efficiency whereby all are, in time, brought to a height of Spiritual Splendour in recognition of Source and True Identity.

3. THE LAW OF ECONOMY

The third Law is the 'Law of Economy' and is the Law which adjusts all that concerns the material and Spiritual Evolution of the Cosmos to the best possible advantage and with the least expenditure of force. It makes perfect each atom of time and each eternal period, and carries all onward and upward and through, with the least possible effort, with the proper adjustment of Equilibrium, and with the necessary rate of Rhythm.

Additional notes:

A man or woman who is governed by the '*Law of Attraction*' is evolved through the '*Law of Economy*' and is coming under the '*Law of Synthesis*'. Economy governs the material process with which he or she is not so much consciously concerned; Attraction governs his or her connection with other units or groups; and Synthesis is the '*Law of His Or Her Inner Self*', of the Life within the form.

Man and woman finds his or her place within the group form. Egoic groups and the Heavenly Men and Women are formed by the Aggregate of Human and of Deva Units.

To Divinely Understand the Laws defined above with much more clarity, this Law is one to place before you upon your Journey to Freedom in creating spaces for others to be Free, so they may Create spaces to become free and Create more spaces for others to become Freer still.

Law of Love

The '*Law of Love*' is that Law which places the welfare, concern and feeling for others above self. The '*Law of Love*' is that close affinity with all forces that you associate with as being '*good*'. The Law of Love is that force that denies a place for evil in the world, that resists not. Love offers the Path of Least Resistance by Cherishing, Nurturing, and Protecting the Beloved. Resisting evil simply strengthens it, just like weight training strengthens muscles. Resist not iniquitous behaviours. **Expose it? Yes!**

One of the Seven Laws of the Solar System. This is the '*Law of the Astral Plane*'. It aims at the transmutation of the desire nature (*Love in the personality*) and links it up with the greater magnetism of the Love Aspect on the Buddhic plane (Love in the Triad), and the Monads of Love. These three points mark periods of completion and starting points for fresh endeavour in the life of the evolving Monad, from the personality to the Triad, from the Triad to the Monad, from the Monad back again to Its Source. Love limits itself by desire.

Love is One of the aspects of God, of the Cosmic. Love is the motivating force that causes motion, attraction, and growth. In its Essence, Love is Divine like everything else; however, metaphysically speaking, Divine Love vibrates at a very High Resonant frequency and is an Active Expression of God Universal Consciousness. Any being that Loves Truly and Impersonally is Divinely Centred. Love gives one access to Spiritual and Divine Energies. There is a Power in Love that may subjugate even the wildest beast (*literally and figuratively speaking*). Every creature on the Evolutionary Path has an instinct to Love.

One's Spiritual Growth is dependent upon the unfoldment of Love Within One's Heart. The Greater the Unconditional and Impersonal Love, directed by Wisdom and Understanding, the Greater the Spirituality. Love has to be Expressed Wisely and not foolishly in

a self-centred, sentimental manner. Where there is emptiness and depression in a person's life, you can be sure it is caused by a lack of Love. A person who does not know how to give love or to receive love is Spiritually out of balance. Love must first be generated within if they are to experience it coming from without. *'Love increases as judgement decreases.'*

Before sending Love out to the world, we must first possess it within ourselves. We cannot give what we do not have. However, it is more important to Love than to be Loved. The former is essential, the latter less so, not even necessary for spiritual advancement. When one is full of love, one does not go seeking for it. Everything in the Universe is directed by the Law of Love. In Christianity, Love is synonymous to God. People normally associate Love with emotions; however, Love is more than sentimentality. At man's and woman's present Stage of Evolution, it is clearly felt as an emotion because within the microcosm, the feeling astral body is one of the most responsive to its influence.

The physical body is, likewise, very reactive to the Love Force. It does so through the desire for sexual union. As man and woman progress, they will respond mentally and Spiritually to the Love Force as he or she now does in a physical and an emotional way. When man or woman Loves, they should do so through the exercise of his or her will and not be prompted to express its imitation at the call of the base instincts. This

should not be interpreted to mean that sex is solely an animalistic act. The Expression of the Sexual Force may be Divine or it may be otherwise, depending on how one channels it through their energy-structure.

The ancient Greek philosophers classified Love into three different categories: Eros, Philo, and Agape; or sexual, Brotherly/Sisterhood, and Divine Love, respectively. Love is a Powerful remedy to many mundane problems, although one must clearly know the difference between personal selfish love and Impersonal Divine Love. Basically, there are two Expressions of Love that Holy Masterful Beings Express: Unconditional and Impersonal Love. Unconditional Love is love expressed to and for another without any thought of self, without any expectation or hope for a return of that Love, or for any reward. Spiritual Beings are aware that they are the Embodiment of Love itself and thus need nothing in return, for Loving another is loving oneself. Impersonal Love is loving another or others without any undue attachment to the object of one's Love or Affection. One Gives Freedom to others to be themselves and one is not too upset if one ends up being a victim of a sour relationship. A Higher aspect of Loving is to Express it with Divine Understanding and Wisdom through an Enlightened Soul Monadic Mind.

The *'Law of Love'* is the Cosmic Proclamation to Reciprocate the Creator's Agape Love for you. **This**

Cosmic Christ Mandate 1st Proclamation Resolution Trust Instrument Posits is, in Truth, a Two-Part, Passionate Invitation.

Part One: Love Your Creator with all your Heart, with all Your Soul, and with all Your Mind.

Part Two: Love your fellow sentient human beings as yourself. Love because the Creator First Loved, for God the Universal Intelligence that Sustains All Life is That Agape Love.

The Great Love: The Great Love is the Godly Form of Love that's exercised by The Universal Creation of All Things, seen and unseen. The Great Love is a Perfect Love called 'Agape Love' as well as the '*Living in the Love of Life*'. Thereby, God's Agape Love becomes a State of Being, the State of the Kingdom of Heaven or the Kingdom of God. Accordingly, Grace, Benevolence, and the Loving Creator Calls All the Sons and Daughters of God to Love in Accordance with Cosmic Law. Always remember this Great Truth. Because The Great Love is a Perfect Love, The Great Love casts out all fears.

The Principle of self-love is also related to Love's First Maxim: '*Do onto others as you would have them do onto you*'. This maxim is also related to the '*Law of Reciprocity*' which states: '*that you get what you give, and you give what you get*'. It's humanly natural to reciprocate what someone does for you or to you. Accordingly, Love begets Love, and anti-Love begets anti-Love. But it should also be noted that mankind has the insidious

ability to twist and distort anything that's good, even the '*Law of Love*' and '*Love's First Maxim*'.

Law of Love & Light

Applies to the Initiate who has transcended the stage of self-consciousness. Also known as the '*Law of Schools*'.

One of the '*Seven Laws of Our Solar System*', under the '*Three Major Laws*'. This is the '*Law of the Astral Plane*'. It aims at the Transmutation of the desire nature (*love in the personality*) and links it up with the Greater Magnetism of the Love aspect on the Buddhist Plane (*Love in the Triad*) and the Monads of Love. These three points mark periods of completion and starting points for fresh endeavour in the Life of the Evolving Monad, from the personality to the Triad; from the Triad to the Monad; from the Monad back again to its Source. Love limits itself by desire.

The Law of Schools

This Law comes into effect as the human consciousness expands to a certain degree. Also known as the '*Law of Love and Light*', this Law pertains to the Evolutionary progress of a Spiritual aspirant, Disciple, or an Initiate. When this expansion occurs, the Spiritually inclined may attract to him or herself the following:

- a) The Higher Self.
- b) The Spiritual Guru or his or her representative.
- c) That which he or she seeks to know.
- d) That which may be utilized in the work of service.
- e) Other Souls with the same Spiritual Ideals, Objectives or Potentials.

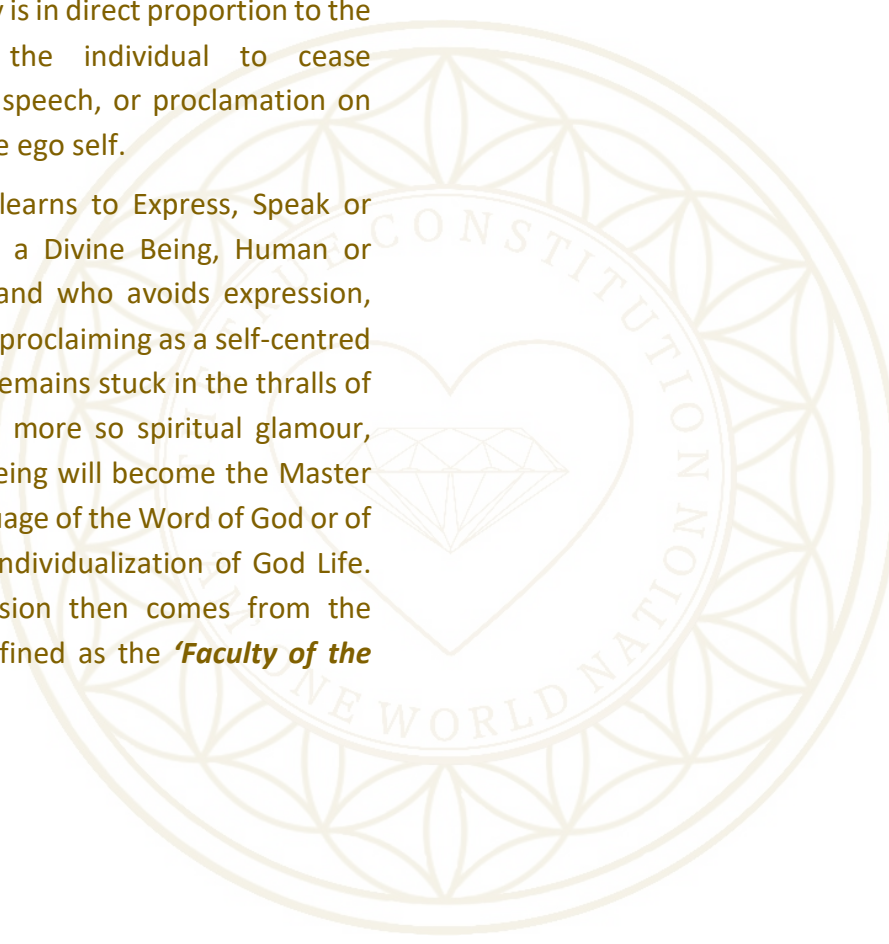

- f) Information on Spiritual Groups or Living Organisms Teaching the Ageless Wisdom.

The Law of Divine Proclamation

The '*Law of Divine Proclamation*' states that the ability of an individual to express, speak or proclaim on behalf of the Divine Forces of God's Divine Service to Humanity is in direct proportion to the ability of the individual to cease expression, speech, or proclamation on behalf of the ego self.

When one learns to Express, Speak or Proclaim as a Divine Being, Human or otherwise, and who avoids expression, speaking or proclaiming as a self-centred being who remains stuck in the thralls of glamour, or more so spiritual glamour, then that Being will become the Master of the Language of the Word of God or of the Divine Individualization of God Life. This Expression then comes from the Intuition defined as the '**Faculty of the Soul**'.

Law of Soul Evolution

Soul Evolution is the goal of everyone on earth. We reincarnated to Evolve Spiritually.

Law of Soul Mind

Soul is of a Nature so incomprehensible to the Finite Mind of man and woman that he or she can only sense it partially. The Soul Mind Knows of the Natural Subtle Cosmic Laws of the Universe and the Oneness of all things, as well as the Great Diversity of Creation.

Law of Soul Rights

Constantly at Work on Behalf of the Soul; to be Self-Governing in the physical body.

Law of the Soul

The Laws of the Soul, as they subordinate and render negative the Laws of Nature, are the Highest Laws to which Humanity (*the Highest Kingdom in Nature at present*) can respond, and these, when fulfilled, will conclude the Purpose of the Second Solar System. The Laws of Life itself will finally supersede the Laws of the Soul and will completely offset and negate the Laws of Nature.

These Laws will be distinctive of the Third Solar System, the last personality expression of the Solar Logos through the medium of the Seven Planetary Logoi with their varying Forms and Soul Expressions. There are Three Groups of Laws which Govern the Expression of the Living Purpose in this Second Solar System: one developed and another developing, with the third latent and relatively quiescent.

1. The Laws of Nature

2. The Laws of the Soul

3. The Laws of Life

These Laws are the separate Laws of The Form Nature, the blending Laws of Group Integrity, the dynamic Laws of Being Itself. The Fact of the Soul will be admitted as a reasonable hypothesis, and the fact that there may be an **indwelling** entity, seeking to control in some measure the mechanism, will also be accepted.

ASSUMPTION 13.

Law of Expansion

This Law of a Gradual Evolutionary Expansion of the Consciousness indwelling in every form is the cause of the spheroidal form of every Life in the entire Solar System. It is the fact in Nature that All in existence dwells within a Sphere. The chemical atom is Spheroidal. Men and women dwell in a Sphere, as does the Planetary Logos and Solar Logos, this Sphere being the form matter takes when its own internal activity and the activity of the form are working in Unison. It requires two forms of force, rotary and spiral-cyclic, to produce this. Scientists are beginning to recognize this, more or less, and to realize that it is the '*Law of Relativity*', or the relation between all atoms, which produces that which forms that composite Sphere, the Solar System.

THE NINE FREEDOMS. WHAT ARE THE NINE FREEDOMS?

The Nine Freedoms are a Series of Cosmic Transmissions that were channelled in 1961 by an advanced extra-terrestrial being known as Mars Sector 6, through the yogic mediumship of Master of Yoga, Dr. George King.

Even today it is, without a doubt, some of the most advanced Spiritual teachings ever given to us on Earth.

It describes not just our journey to enlightenment on Earth, but beyond that, too, to lives we will have on the Higher Planes of more advanced worlds in our Solar System.

It teaches us that we are a Divine Aspect of God and what we can do to realize this. It offers us teachings that are practical and easy to apply in our everyday lives and gives us an inspiring glimpse into the extraordinary reality of our future cosmic existence.

ASSUMPTION 1.

The First Freedom will be Bravery

Bravery requires that we recognize our own Inner Voice of Truth and Act upon this. Fear holds us back. It prevents us from becoming the people we were meant to be. The key to freeing ourselves from fear is Knowledge, since *'knowledge of the right kind dispels fear.'*

Mars Sector 6 tells us that if we have the right kind of Knowledge, we can change

our mental outlook from one of fear to one of fearlessness. He also tells us we can combat fear by improving our karmic pattern through Service and rising above the challenges and circumstances of our current environment.

Note that fearlessness should never be confused with foolishness. There is nothing fearful about taking due care or necessary precautions. Bravery could, in fact, hardly be more different from foolishness being, as it is, a key step on the Path to Wisdom.

ASSUMPTION 2.

The Second Freedom Will Be Love

Love is much more than just the emotion which many people think of as Love. It is described by Mars Sector 6 as a *'natural energy, all-pervasive, greater than mind'*, and as a *'state of whole being'*. We cannot experience this kind of love, love in its higher sense, until we have a degree of bravery, and this love, as it grows, will in turn spur us onwards to ever-greater degrees of bravery.

ASSUMPTION 3.

The Third Freedom Will Be Service

Service is described as *'Love in practical action'*. If we have a real, deep, genuine love for others and the world, we will, of course, want to help; and if we really want to help others and the world, we will be given the opportunity to do so.

Service also requires bravery, of course, and service is, indeed, the best possible

application of love and bravery. And the more service we perform, the better our karma will be, which will, in turn, make us braver still, and give us Greater understanding and Mastery of the Soul's Wonderful Power of Love Energy.

ASSUMPTION 4.

The Fourth Freedom Will Be Enlightenment

Enlightenment is much harder to attain than many may realize and much greater than any of us can really imagine - unless we are already Enlightened! It is a wonderful, glorious and very holy state, far deeper and far more mystical than just basic peace of mind, or even advanced psychic vision.

In this profound yet also very practical text, Mars Sector 6 explains that we should first put our physical and mental abilities to correct use, and that if we then develop and correctly apply our psychic abilities, this *'will begin to open the door of enlightenment.'*

The next step is *'the transmutation of mental energies upon the plane of inspiration called high intuition.'* At this stage, the Spiritual aspirant is capable of true meditation, and by practicing meditation *'opens the door even wider so that the brilliant, everlasting vibration of enlightenment may forever surround him or her'.* Another word for *'enlightenment'* is *'Self-Realisation'*.

ASSUMPTION 5.

The Fifth Freedom Will Be Cosmic Consciousness

Cosmic Consciousness is above enlightenment, or to put it another way, it is an even Higher Degree of enlightenment than that described in the Fourth Freedom.

Some people have glimpses of this state prior to enlightenment, as described in the classic book *'Cosmic Consciousness'* by Richard Maurice Bucke, recommended by Dr. King, but the Full State, as described by Mars Sector 6, is very rare indeed.

In The Nine Freedoms, Dr. King describes his own personal experience of Cosmic Consciousness in gripping detail, using vivid, but easily understandable, language. In this unique account, Cosmic Consciousness is explained as a full rise of the mystical power of kundalini up the spine to the crown chakra. Dr. King also describes how, while in this state, he felt a tremendous compassion for the Mother Earth, which inspired him more than ever to be of service - all the more able to be of service, of course, for having had this elevated experience. It is a very important aspect of metaphysics that once a great state has been attained, the Spiritual aspirant should be able to detach from it to help others, as opposed to just concentrating on his or her own bliss and advancement.

ASSUMPTION 6.

The Sixth Freedom Will be Ascension

This is Freedom from the Cycle of Reincarnation, also known as the '*wheel of rebirth*', and could therefore be described as a State of Immortality. An Ascended Master may change his or her body from time to time but would do so consciously, without going through old age or childhood. And they would, it appears, not have to do this anything like as often as we do. The Ascended Master Saint Goo-Ling, who introduces each of the Freedoms, for example, has been in the same physical body for some 2000 years.

To attain this Freedom, the Master has to not only have experienced Cosmic Consciousness, but be able to enter this State at Will, which, we are told, is very much more demanding. Ascension cannot be gained by the average person in one life. It takes many lives of sustained Spiritual effort. But nevertheless, however distant it may seem, it is, Mars Sector 6 informs us, the birthright of us all to one day reach this mighty Spiritual Goal.

Ascended Masters do not need to remain on this Planet at all, but they choose to do so, working mainly behind the scenes, as it were, in order to help the rest of humanity to evolve.

ASSUMPTION 7.

The Seventh Freedom Will Be Inter-Planetary Existence

Once individuals have learned all the lessons that reincarnation upon Earth can teach them, if they do not remain on Earth as an Ascended Master, then they begin Life as a Cosmic Master on another Planet. It should be noted, however, that this does not of course mean that all Cosmic Masters originate from Earth.

Cosmic Masters exist on Higher Material Planes of their respective Planets, so the fact that Mars, for example, may appear barren and uninhabited on the plane of existence which we are able to observe, does not mean that it is uninhabited on a Higher Plane, also known as a '*Higher Realm*' or '*Higher Frequency of Vibration*'. However, Cosmic Masters can also move from one plane to another, including this plane on which we live if they so choose.

ASSUMPTION 8.

The Eighth Freedom Will Be Saturnian Existence

Once experience of the Life cycles of other Planets in the Solar System has been Mastered, the Intelligence begins life on Saturn, which, again, would, of course, exist at a Higher Frequency of Vibration than this physical plane. Saturn is the most advanced Planet in this system and is where the Lord Babaji and the Cosmic Avatar Sri Krishna, who gave the Bhagavad Gita, came from.

ASSUMPTION 9.

The Ninth Freedom Will Be Solar Existence

The last of The Nine Freedoms is Solar Existence, when the Intelligence becomes a part of the Mighty Sun itself. Needless to say, this is millions upon millions of lives away and is a state so advanced as to be beyond our comprehension. Nevertheless, Mars Sector 6 does give us a brilliant and tantalizing glimpse of this Exalted State, a State which is the destiny, however distant, of us all.

Spiritual attainment is all about Service, and the Sun is the living embodiment of service - giving Light, and Life, to the whole of the Solar System. Hence, however strange it may seem at first glance, this Freedom does, in fact, make perfect Metaphysical sense.

ASSUMPTION 10.

This Is Not The End

Spiritual Evolution goes ever onwards, ever upwards, to ever-greater Heights of Awareness and Service until total absorption back into the Divine Source from which we all came in the beginning.

The Mystic Text from the book "The Nine Freedoms" is as a Wise All-Knowing Light which will guide you from the Karmic confines of Earth through glorious Ascension into lasting Freedom.

Master of Yoga Dr. George King (1919-1997).

"There comes a stage when the desire to break forever the bars of selfishness dawns - Service is Performed.

"There comes a following stage when Enlightenment, like a Sun, doth flood the Server with its Golden Light - Wisdom dawns.

"There comes a stage when, at once, the consciousness of the individual soars to mighty heights, unlimited, unbounded by mind. High into the Realms of Intuition, of Divine Inspiration it goeth. Through Space, where time stands quite still, non-existent, immobile.

"COSMIC CONSCIOUSNESS, like the flower of God, breaks from a bud into full, lasting bloom." Mars Sector 6

THE KINGDOM OF GOD, ALSO KNOWN AS THE KINGDOM OF HEAVEN. SUCH A HEAVEN OR KINGDOM IS NOT A PLACE OR PRINCIPALITY; RATHER, THEY ARE 'STATES OF CONSCIOUSNESS'. THE SOURCE OF YOUR BEING, CONCEPTION, GROWTH, DEVELOPMENT, NUTRITION, REGENERATION, HEALING, FULFILLMENT OF YOUR EVERY NEED, PROTECTION, ALL WITHIN A SYSTEM OF SPIRITUAL LAW & ORDER.

The Christ Returns, Speaks His Truth

The Christ Letters

<https://www.elementalgracealliance.com/christletters.html>

Jesus Speaks:

ASSUMPTION 1.

"In the gospels are frequent references to My Parables describing the reality of the Kingdom of Heaven or Kingdom of God, whichever term the Gospellers used but nowhere has any attempt been made to reach into the words themselves, explore the figures of speech, or lift out the Spiritual meaning of the 'Kingdom of God' or the 'Kingdom of Heaven'.

ASSUMPTION 2.

"It was, and is, essential for a Teacher such as I and others who have been super-sensitive and wholly committed mentally and emotionally to a search for Truth of Existence, to come to earth to COIN WORDS to describe to people on earth imprisoned in words what lies in the

CREATIVE UNIVERSAL DIMENSION in an unformed state. Were it not for such inspired Teachers, people on earth would have remained in ignorance of all that lies beyond the earth, ready for contact, to be personally experienced and absorbed to promote future SPIRITUAL EVOLUTION.

ASSUMPTION 3.

"I want you, as you read, to relate the conditions of 2000 years ago to your present life and times. I want you to regard the persona of 'Jesus' as an 'icon' of what can eventually be achieved by every human being who is ready and willing to become a Founder Member of the 'KINGDOM OF HEAVEN' herein CONSTITUTED within this New Divine Plan on earth.

ASSUMPTION 4.

"There is no 'sin' as you understand it. You are born to behave as you do. You have to find your own way to overcome your human thoughts and feelings for they separate all what you see as human life from the PROTECTION of the Father, Mother Life and bring you your sickness and misery. When you have learnt how to overcome the 'ego personality self' you will enter the 'Kingdom of Heaven'.

ASSUMPTION 5.

"I tell you, in Me you have seen the LIFE active as healing. Follow me and you will hear of the PATH you must walk to find happiness. In my words will you find the

TRUTH of Existence never yet revealed by any other man or woman.

“It has been said of the Messiah, He will utter secrets hidden from the beginning of Creation. I tell you truly, these secrets you will hear from Me. If you listen carefully and grasp their meaning, and practice their Truth, and hold fast to their Universal Laws, you will be made new and will enter into the ‘Kingdom of Heaven’.

ASSUMPTION 6.

*“I described in My Letters what happened during the Baptism and my six weeks in the desert. I explained that all My previous thoughts and beliefs, attitudes, arrogances, rebelliousness were gradually cleansed from my consciousness whilst I was going through the deep revelations and visions showing me the **REALITY** I called the ‘**Father**’. I explained the **nature** of the **Father** and that this ‘**Divine Nature**’ also constituted the ‘**Divine Will**’. I told them that it was man himself who, through wrong thinking and wrong behaviour, shut himself off from the **Father** within him or her, and man or woman alone, by first repenting and then by mental-emotional cleansing, could find his or her own way back to full contact with the **Father**. When this was accomplished, the full **Nature of the Father** would be released into the person’s mind, heart, body, Soul, and his or her life environment and experiences. **As this happened, such a person would enter into the Kingdom of Heaven ruled by the Father and also, the Kingdom of Heaven would be established within the***

consciousness of the person. He or she would then have attained the PURPOSE behind his or her EXISTENCE.

ASSUMPTION 7.

*I told My followers I could not promise them any earthly reward for their help in spreading the ‘gospel of good news’. I had no doubt at all that wherever we went, we would be given food and shelter and would be well received by the people. I could only promise them the **Truth** that the **Father knew their needs and would fulfil them and keep them healthy. I could also promise them that as they turned to the Father and Trusted the Father every step of the way, they would be happy in a way they had never been happy before. They would experience the ‘Kingdom of God’ themselves to the extent they set aside the demands of ‘self’ and Served other people. They would witness the Miracles and Healings, and these would increase their Faith and Trust and give them the Courage to endure any discomforts of the journey. And this was how we, Myself and the People of God came to start on Our Mission of Spreading the ‘GOOD NEWS’ of the ‘GOSPEL OF THE ‘KINGDOM OF HEAVEN’.***

ASSUMPTION 8.

*“I knew I was the ‘**Father’s Gift of Salvation**’ to the people, to the world, **NOT** as they supposed and taught down the centuries, salvation from the punishment meted out by an angry God*

to 'sinners', BUT to save people from the daily repetition of the same mistakes in wrong thinking, wrong thinking which created their misfortunes, poverty, sickness and misery.

Because I Loved the human race so deeply, I was prepared to Teach and Heal in defiance of the Jewish Priests. I was prepared to die on the cross for what I had truly 'seen' in the desert, knew with all my heart, and wanted to share to the last drop of my ability to do so.

ASSUMPTION 9.

"THIS IS THE TRUTH BEHIND MY CRUCIFIXION AND ALL THE REST YOU'VE HEARD IS MAN-MADE CONJECTURE ARISING OUT OF THE JEWISH PRACTICE OF BURNT OFFERINGS IN THE TEMPLE.

ASSUMPTION 10.

I was a Gift from the Father to mankind to help them surmount their ignorance of the Laws of Existence, The Cosmic Laws of the Truth of all Creation and find the True Path of Life Leading to the Joy, Abundance and Perfect Wholeness of the 'Kingdom of Heaven'.

ASSUMPTION 11.

"These were the perceptions, the desires, the intentions and goals and the thoughts which I bore within my mind and heart. This was the earthly mental-emotional framework clothing my Spiritual Consciousness hidden within the head and figure of 'Jesus'.

ASSUMPTION 12.

"It was my Spiritual Consciousness channelled into the above forms of thought and feeling which impelled me to set out on a three-year journey to bring the people what I fully believed was final rescue from their own blind thinking and feeling which were creating their own troubled lives. I truly believed that if only the people could be shown all that had been given to me to understand, they would realize their past folly and would make every effort to change their thinking and put foot to the Path of Life Leading to the 'Kingdom of Heaven'. To this end, I was prepared to give my life.

ASSUMPTION 13.

"Because of the wrong interpretation placed on My Mission by Jewish teachers, my True Message has been distorted out of recognition, and the Purpose of My Letters is to bring to the people of this New Age the Truth of what I really spoke to the crowds in Palestine.

ASSUMPTION 14.

"Most blessed of all are the pure in heart, for such as these have rid themselves of all anger, hatred, vindictiveness, unkindness, envy, hardness of heart, and stand before the world as Love-made-visible. They will know the Reality called 'God' and they will know the Reality is the Father within them. How can I help you see this great Truth? How can I help you see the Reality of the 'Kingdom of Heaven', the 'Kingdom of God'?"

ASSUMPTION 15.

*“You do not have to look up at the sky because that is not where you will see the activity of the **Father** so clearly that it must surely re-enforce your faith. This is where people, down the centuries, have made the big mistake of turning in towards their dreaming, their imagination, and creating for themselves a Jehovah which does not exist. You will not find the **Father** some place in the heavens above you. The **Father** is in no special place but everywhere around you and within everything.*

ASSUMPTION 16.

*“You can see the **‘Father’s** marvelous work. Look around you at the growing things -- the wheat, the grass, the flowers, the trees and birds -- and in every living thing you will see the mysterious and wonderful work of the **Father** ceaselessly active. It is here that the **Father** is perfectly in control. You can see that there is Perfect Law and Order, growth, development, and eventually the harvest to bless both man and beast and birds.*

ASSUMPTION 17.

*“If when you find the **‘Kingdom of Heaven’, the ‘Kingdom of God’, instead of tears and fears, and hunger and sickness, you find the peace, joy, plenty, and health of the ‘Kingdom of God’, you will never experience any kind of lack again.***

ASSUMPTION 18.

“The Kingdom of God can also be likened to a very rich man who was a dealer in pearls. All his life he had wanted to find a special pearl which would outshine all others. It would be flawless and perfect, and he would be the envy of every other dealer. One day, he found such a pearl, beautiful beyond imagining, perfect beyond all others. He sold everything he owned, he abandoned all that he had accumulated to buy this pearl and was happy beyond all dreaming.

*‘What does this mean? It means that all the things he had previously valued in his life, his richly furnished house, his valuables, his way of life, plenty of food and drink, he gladly gave them all up in order to possess the treasure beyond price, **the Knowledge** leading him into the **‘Kingdom of God’ where happiness is a state of mind which cannot be touched by the outer world with all its cares and worries.***

ASSUMPTION 19.

*‘The **‘Kingdom of God’ is within you. You enter the ‘Kingdom of God’ when you realize fully that the Father is active at all times within you. It is a ‘State of Mind’, of perception and understanding that the Reality behind and within all things visible is the Father and is beautiful and perfect; and that all the things which are contrary to beauty, harmony, health, abundance are the creations of man’s wrong thinking.***

ASSUMPTION 20.

“How I have grieved over you who suffer, but you do not need to suffer if you listen to what I have to tell you. But I must warn you that the Path leading into the ‘Kingdom of Heaven’ is difficult to follow because it means that, first, you have to deal with your ‘self’.

ASSUMPTION 21.

“As I have explained, you draw your LIFE from the ‘Father’, therefore, you draw your capacity to think and love from the ‘Father’. Even as ‘Father Intelligence’ is Creative, so is your consciousness Creative. With your minds and hearts, you actually form the plans of your own lives and experiences.

ASSUMPTION 22.

“And what kind of lives do you plan and form in your minds? If someone annoys or hurts you, you retaliate in some way or another. You believe that if your eye is taken, you must expect the adversary’s eye in return. You believe that whoever kills should be killed as punishment and compensation. You believe that whoever robs you should pay the price; that whoever steals your wife, should be stoned along with your wife. You believe in the extraction of payment for every evil thing that comes your way. Since it is human nature to hurt others and you have been taught to retaliate, your lives are a continual scene of warfare -- warfare in the home amongst husbands, wives, children, and neighbours, and public figures and between nations. Your **Father** knows nothing of this warfare in your lives but knows the stress in your minds and

bodies arising from this warfare but can do nothing -- nothing --to ease your pain until you yourselves stop the warfare. You yourselves must cease your fighting and live in peace with your family, neighbours, employers, public figures and other countries.

ASSUMPTION 23.

“Only then, can the Father’s LOVE WORK take place in your minds, hearts, bodies, and lives. Only then will you be able to recognize and see the Love Work being done in you, and for you by the ‘Father’.

“Remember also, the great LAW: ‘YOU REAP, EXACTLY AS YOU SOW’.

“You cannot pick figs from brambles, or grapes from thorn trees, or harvest wheat from weeds. Think about this and understand this parable because it is very important to you, not only today, but also throughout all your days and years to come, even into eternity.

“So, if you want to change your lives, change your thoughts.

“Change your words arising from those thoughts. Change your actions arising from the words.

“What is in your minds will create all your experiences -- your sickness, poverty, unhappiness and despair.

ASSUMPTION 24.

“My LETTERS are meant to be the impetus, the spur, to a personal opening of the mind and heart to your SOURCE of

BEING, and eventually to become the means of your perfect understanding of the effects of individual and mass thought and behaviour on every facet of your earthly existence.

In the past, the Laws given you for national behaviour have been directed mainly at You, and if not obeyed, will be the penalty. True Spiritual Laws are entirely different.

*They are expressed like this: "Because you and your place in earthly existence have been created in this way, if you work harmoniously with the Laws of your Existence, you will open your entire System of Soul, mind, emotions, body, and personal circumstances to the consistent inflow of **Divine Consciousness**, your **Life Force**. The fruits of your disciplined behaviour will return to Bless and Load you with health, harmony and prosperity.*

*"If, on the other hand, you ignore these **Laws of Existence**, and continue living as you did before you received these messages, then your lives will continue to be punctuated by turmoil, difficult climatic conditions, pests in your crops, financial*

disasters, famines and stressful lives.

"As I have said this in My Letters, I Am with you always, radiating the TRUTH of BEING in Universal Consciousness. The more you read these Letters, the more you will become aware of My Presence and My Love, and through this Contact My Loving Purposes for you will be fulfilled. Only you will be able to break the Contact. I Am Radiating Love no matter how you feel.

"I leave you with My LOVE and Longing for your speedy journey into Spiritual Light.

"I Am The Way, The Truth and The Life.

"I Am The Living Christ within You, no longer on the Cross for Your Salvation. Your God Freedom will now come from the Service In God to the Earth and Humanity that only you can expediate throughout your Inner and outer world.

"You are already Free, if you can only accept this Mighty Truth!"

Posit VIII

THE ORDER OF MELCHIZEDEK MOST HIGH. LORD MELCHIZEDEK SPEAKS: 'I LORD MELCHIZEDEK, OF THE OFFICES OF THE CHRIST, DO HEREWITH ACKNOWLEDGE THE DEAR SOULS HERE AND NOW, BY THE HOLY ORDER OF MELCHIZEDEK MOST HIGH, WHO SHALL FOLLOW COSMIC LAW, TO BE THE WAY SHOWERS OF THE NEW 'TRUE CONSTITUTION', 'I AM' ONE WORLD NATION' AND THE 'DECLARATION FOR THE FREEDOM OF HUMANITY' COVENANT AND DECREE, WHO WILL DIVINELY ASSIST THE MERGING OF SCIENCE WITH SPIRITUAL GOD AND UNIVERSAL CONSCIOUSNESS'.

ASSUMPTION 1.

The Name 'Melchizedek'

- Melche - Zedek
- Malak in ancient Hebrew means Royal King, one who has Ascended to the Throne of God.
- Zedek - means someone who is naturally Upright in Character and Morally Righteous.
- The Melchizedek King is the God of Righteousness, Full of Grace, and Goodness.
- Melchizedek is a King Who Always Does Good For His People, Who is Impartial to the Good and Iniquitous equally. The Melchizedek King is Kind, Even to the ungrateful people.

- Melchizedek Is a Priest of the Most High God.
- "Priest", in Hebrew, is the word 'Kohan' meaning 'Chief Ruling Priest.'
- 'Most High God' means El Elyon, Lord of Heaven and Earth, one who is Always Existing and is not a made-up concept, rather, a True Living Entity within the Greater Realms of God's Creations.

ASSUMPTION 2.

Lord Melchizedek from the above applications to these Posits as the 'King of Righteousness', 'Lord of Heaven and Earth' and the 'Eternal Lord of Light' is therefore Responsible for the Total Organization of Heavenly Worlds, including Earth, for the Transit into New Creation. He is Co-Equal to Lord Metatron and Lord Michael, Lord Jesus the Christ in the 'Rescue, Re-Genesis and Re-Education of Worlds' that are going through the Purification of the Living Light. He is the Principal Charge of All Heavenly Orders.

ASSUMPTION 3.

The 'Order of Melchizedek'

Briefly explained, the 'Order of Melchizedek' is a Group of Universal Intelligences, under the Directives of Our Divine Creator, Who Administer the 'Gifts of Shekinah' (the Gifts of God which Sanctify the molecular form of the Inner Universe by the 'I AM' Presence), affecting

the physical, mental, emotional and Spiritual States of Existence.

ASSUMPTION 4.

The *'elect'* of the Order of Melchizedek are Sons and Daughters of Light, Who are also referred to as *'Ambassadors of the Light to The Priesthood and Priestesshood of the Order of Melchizedek'*, who have chosen to come into the world of form to manifest the *'Sovereignty of God'* in Transmuting the Earth. They work in implementing the Truths of God and, occasionally, even show themselves as a *'visible Order'* Administering to humanity through the Merkabah, so that the Architectonic Models in the Heavens can be Built on Earth as Signposts to the many Levels of Universal Creation.

ASSUMPTION 5.

The Melchizedek Order is after the Order of the Sons and Daughters of God. It Governs the Quadrants of the Planetary Worlds where the Adamic Seed has been Transplanted, Administering Spiritual things to these worlds. It holds the Keys to the Opening of the Heavens with respect to the contact areas on Earth and has the Ability to Commune with the Celestial Communities of the Brotherhoods and Sisterhoods of Cosmic Light throughout the Father/Mother Universes, Co-Ordinating the Work of the Christ in the Heavens and on the Earth. The Order is Eternal and has Fore-Ordained its *'Priests and Priestesses and Programs'* before the World was. In the

history of the Planet, the Order of Melchizedek has existed in small family communities of Priests and Priestesses, Order-scientists, and poet-scholars who have Faithfully Attended to the Word of God.

ASSUMPTION 6.

There is evidence to support the fact that Melchizedek was the Being in the Higher Hierarchy Who Communicated to Jesus during His Ministry on Earth. Whenever one is Ordained into this Order, he or she is given the Title of Melchizedek. Jesus was referred to then as the Melchizedek King and a Prince of Peace.

ASSUMPTION 7.

For those who are serious about their studies in Metaphysics, the Names of the Ascended Masters will not be a surprise, for these Heavenly Beings are consciously communicated with Knowing that they are Real to them. The names of the Ascended Masters are included in everyday conversations among these Groups of Initiates, Priests and Priestesses to the Order of Melchizedek. Thousands upon thousands of Discourses and Treatises around the world today Testify to this Truth.

ASSUMPTION 8.

Lord Melchizedek and His Holy Union with Yeshua Ben Joseph, also known as Jesus the Christ, was a Unification of the

'*Law of One*' for the Building of New Civilizations by laying down the New Formulas and Templates of Approach within the Foundations of Christ Consciousness, as Lord Melchizedek was the First Perfected Principle of the Christ Consciousness, and in so Being, was also Distinguished as *The King of Peace*'. He came to Earth long before Yeshua, Working with the Mystery Schools in Atlantis and Egypt and, indeed, was Here at the very Beginning of Earth's Creation!

ASSUMPTION 9.

Human Beings here on Earth are therefore Informed that you shall be Awarded, in Accordance with Divine Order and Will, all that is required to complete your Divine Purposes here on Earth. It is God's Desire for each of you to Know that you hold within you the Light of non-local Beings, '*evolving*' a New Race within an Earth-Bound Physical Plane, in order to experience and expand infinite space and timeless awareness, ultimately, in an expanded trans-human nature. You are becoming the Expressions of Biogenesis, Recreating the Adam/Lilith Man and Woman out of bone of bone, flesh of flesh, through the Transformative Power of the Love and Light of Mother/ Father God. Easy in words; not so easy in action! But you have all you need now to make these Transitions should you find it within yourselves to make the necessary efforts required!

ASSUMPTION 10.

There now exists four New Circles of Light Activated for the Divine Purpose of Commissioning the Laws of the Cosmos to be Acted Out upon the Earth. Now, think about this, Dear Hearts. That means that this is no longer the sole Domain of the Council Chambers of Shamballa, it is now the Domain of the Spiritual Triad of Shamballa, Hierarchy and Humanity, and the Inclusion of Humanity, the Supplementary Seven, those Dear Souls whose feet are on the ground at Point Zero who are doing the Work on the front line of all human imbalances.

ASSUMPTION 11.

First and foremost, will be the Shamballa Circle of Light Council, who shall have the Over Lighting Responsibility for the Second; the Hierarchy Circle of Light Council, who shall be Responsible for the Third; Humanity Circle of Light Council who shall be Responsible for the Fourth; the Supplementary Seven Circle of Light Council who shall be Responsible for Humanity, The Animal, Plant, and Mineral Kingdoms, not to forget the Elemental, Devas, and Angelic Host Kingdoms. All shall be able to communicate with each other and All shall be interactive through Divine Will, Divine Order, Divine Synthesis, all in Absolute Compliance with the '*Law of One*' and, indeed, the '*Law of the Circle*'!

ASSUMPTION 12.

These Circles are Circles within Circles, Rings of Consciousness within Rings of Consciousness. So when you hear that *'The Law of the Circle'* has been initiated throughout this Universe, and the Energetic impact of this grand *'Supreme Creator Seed Thought'* is now operating in Full Force and the time of expansion for this Phase of Creation has come to a close, and the current phase of the cycle entails the Creator sending forth Its Essence to Incorporate All that has been created during this particular cycle of expansion, it means that the Outer Circles have been closed, *'A Ring Passeth Not'*! This will allow for the collective Knowledge and Experiences to be brought into translatable terms on All Levels of Existence within this Greater Plan and within All The Participants at All Levels.

ASSUMPTION 13.

This, then, is part of a final merging of all the balanced, manifested Essences of Creation so that the Supreme Creator, the Gods and Goddesses throughout the Omniverse and All the Great Beings of Light can Know and Experience all that *'They'* have Created. This means all Levels of Dimensional Kingdoms on earth, including the lower four: Mineral, Plant, Animal and Human

You have heard this saying many times, *'As Above, So Below'*, and this is an important Truth to remember. Just as you are reclaiming all the facets of your

Divinity, the same Reunification Process is occurring from the Supreme Creator Source outward.

ASSUMPTION 14.

The information that is being given to assist you is to Reclaim your Co-Creative abilities as a microcosmic duplication of the Creative Process throughout the Omniverse. First, you must gain the ability to draw forth the Full Spectrum of Metatronic Light Life Force of this Universe called *'Adamantine Particles'*, which is Radiated forth into the River of Life from the Heart Core of Father/Mother God. It becomes accessible when your Energetic Signature is attuned to the mid-Fourth-Dimensional Level and Higher. In order to take advantage of this Divine Gift, you must understand and apply the *'Universal Laws of Manifestation'*, and you must Activate the Adamantine Particles of Light with your Pure Intention before this Essence of Light can be Activated and flow forth out into the world. To speed up the process, it is important that you have created your own personal Creator Wheel, Flower of Life Circle around you, and you have filled it with your carefully thought-out Grand Design for the future. Thereafter, via the Infinity and United Breath, your focused intention and deliberate actions, the process of manifestation in the material world is greatly accelerated.

Law of Manifestation

Consciousness is always a choice. It's a choice to bring your awareness to the present moment, to make the decision to see and prioritize what is truly important, that which is genuinely honouring and value-enhancing in your life. This is a Law within the '*Law of Attraction*'.

There are actions, sounds, techniques, mental energy, and symbols which, when understood, will enable one to manifest, first, the Energy of Love, more Joy, Peace, etc., into one's aura; then with practice and increased love held in the heart and emotional body, physical objects. Thought is a force, even as electricity or gravitation. The human mind is a spark of the Almighty Consciousness of God. Whatever the power of mind (*holding a pure thought - that which excludes any other thought*) believes very intensely will instantly come to pass.

One must become VERY mindful that what they share or respond to, as they guide and support others, must be accurate, must be held in the Highest Esteem of the 'I AM' Presence, else their inadequacies, errors and omissions will be held against them in the form of karmic responsibilities, not only for themselves but others, as well as the Masters who OverLight and Serve them. All this comes under the '*Law of Omission*'.

Man and woman must do all they can to preserve such vital God Energies to '*Return*' such Energy Reservoirs. Such

energies when they are Sent from the Godhead come to you as Pristine Life Force neutral in polarity and whereby man and woman create the positive or negative charges to it, according to their own beliefs, in thoughts, word and actions. What he or she projects outwardly, good or bad, positive or negative, the '*Law of Accountability*' will apply. And with any negation of the use of the God Life Force, one will face Divine Justice for any Omissions made within such use that may result in karma for themselves or others, the Masters will afford them extra balancing Work to replenish exponentially the Rightful Applications that were diminished by the wrongfully applied ones. This is why one is Highly Advised to Divinely Understand the '*Law of Petitions*'.

Many of humanity are becoming somewhat impatient with the processes to find balance within their lives at every level of society and are extremely desirous to get things done, but this in many ways is only holding them back, delaying what is inevitable -- the moment they find the Divine Understanding of how to utilize the Cosmic Laws and Universal Consciousness to resolve their problems, individually and as a collective. The inability to clearly Listen and Communicate with the 'I AM' Presence, the Holy Spirit and Soul is a fundamental error that MUST be now given the Highest priority to rise above all other lower consciousness projections.

If man and woman will only allow God to Act through them, stepping away from the ego personality that has failed them for millions of years upon this Planet alone, they will begin to gain the confidence of Working *'with'* God, not against God. If man and woman become wise/are wise, they will keep quiet about their own manifestations, no matter how small they are, until they have been Sealed at least for 48 hours in the Elohim of Peace's Loe, and you will achieve a sense of self-mastery which is the Purpose for which you are in embodiment! You are here to learn self-mastery over Energy and Vibration.

To resolve your personal and Earthly problems, come together through your Circles of Group Intentions, set your Creations in Active Love Motion, utilize the Cosmic Laws that Apply to All Life without exception to man or beast, and as each solution manifests, hold it for a minimum of 48 hours in deep Focus and Concentration before releasing the news to the public or other like-minded Groups. Follow the *'Seven Laws of Precipitation'*, Dear Hearts. This is Knowledge not well known yet, so to make the most of it, review any past actions that come to mind and contemplate how these could have been played out in the Highest Way possible. Think about your lives as they are in this now moment. Ask yourself what this all means for you.

Always be conscious that you are aspiring to the fullness of the Expression

of God and Devote all Your Being and your Service to that end.

Disassociate yourself from the personal delusion. Never let self-justification ever reveal that you love the self more than the Harmony of the Universe. If you are right, there is no need to acclaim it; if you are wrong, pray for forgiveness. Watching the self, you will find the rising tides of indignation among the more subtle shadows called *'self-righteousness'*.

Walk gently through the Universe, knowing that your body is a Temple in which Resides the Holy Spirit that brings Peace and Illumination to Life everywhere. Keep your Temple always in a respectful and cleanly manner as befitting the Habitation of the Spirit of Truth. Respect and Honour in Gentle Dignity all other Temples, knowing that often within a crude exterior burns a Greater Light.

Open your Hearts, Dear Souls, and use the *'Law of Forgiveness'* to move forward from here! You are not alone!!

Law of Forgiveness

When you forgive, you release anger and allow the *'Law of Grace'* to occur. The old energy of an eye for an eye keeps the vibrations of a person very low. To forgive, to release old anger, allows the *'Law of Grace'* to intercede and dispense with amounts of karma an individual has stored in his or her Akasha. Non-violence is the natural outgrowth of the *'Law of Forgiveness and Love'*. All good comes from Forgiveness. It is a Truth

that the continuation of the human species is due to men and women becoming Forgiving. Forgiveness is Holiness. By Forgiveness, the Universe is held together. Forgiveness is the might of the Mighty. Forgiveness is quiet of the mind. Forgiveness and Gentleness are the qualities of the self-possessed and Represent Eternal Virtue.

The '*Law of Forgiveness*' is a sub-Law of the '*Law of Grace*', for only when we learn to Forgive others who have trespassed us will the Law of Grace function and Forgive us for the trespasses that we have done to others. Even then, we must sincerely apply ourselves in Prayer and request the '*Spirit of Forgiveness*' to clear our minds of any complexes. Recently, a Dispensation was given by the '*Lords of Karma*' to humankind. This Dispensation comes in the form of teachings concerning a certain Cosmic Ray, a Violet Ray, that may help man to eliminate and neutralize his or her negative karmic effects and record of their causes in a simple way by utilizing visualizations, invocations, and decrees. Though certain forms of prayers may have an effect of cancelling karma to some degree, the Violet Ray is considered to be one of the most effective means of doing so. This Dispensation is the '*Law of Grace*' at work. Certain prayers to be found in Islam and Tibetan Buddhism invokes this Violet Ray effectively. It is also possible to request more of our past karma to be released to us. This is usually done because the person

requesting it wishes to quickly evolve and to compensate and undergo the karma that is still unmanifested and holding it back. This request may be Granted, and this is also, in effect, the result of the '*Law of Grace*'. Those who tread the Spiritual Path often invoke in a natural manner more of the on-coming karma into their lives, and this occurs under the guidance of their True Spiritual Master working in conjunction with the Lords of Karma. As a result, when one studies and practices mysticism, occultism, and metaphysics, they often wonder why their life's circumstances, instead of improving, seems to be getting worse.

ASSUMPTION 15.

So, now you have an even greater opportunity to do all this with Higher Awareness through the Infinite and United Structures that the Process must Embody, within Unison, One within the Other, One Circle within the Other. The Cosmic Laws have no exclusions. What is Bound for the Higher Realms to Obey, so must they Apply to All Kingdoms.

ASSUMPTION. 16.

So, for Educational Purposes, I tell you that the Shamballa Circle of Light shall continue to Work through the 1st Ray of Will and Power; the Second Hierarchy Circle of Light shall Work through the Second Ray of Love and Wisdom; the Third Humanity Circle of Light shall Work through the Third Ray of Intelligent

Activity and the Supplementary Seven; Humanity on the ground shall work through the Fourth Ray of Harmony through Conflict.

ASSUMPTION 17.

Identification of the Circle Members or Those Who Shall be Active Participants at this time will not be known, for such Seats are still under final deliberation within Shamballa. What can be told is that the Principles for the Councils shall be Shamballa, Sanat Kumara; Hierarchy, Lord Christ Jesus; Humanity, Maha Chohan; and the Supplementary Seven, Lady Portia and El Morya.

ASSUMPTION 18.

The Priests and Priestesses of the Order of Melchizedek are Responsible for bringing people together in The Oneness of the Unification of Souls which Initiates the Foundations for the new and Peace-filled communities of societal living. They also encourage communication and the sharing of experiences, talents, gifts in every way that may support and enlighten those around them. A Melchizedekian always harbours equality, never seeing themselves in any way superior, and never allowing those that may feel inferior in any way to flounder in those attitudes for long. They are excellent Ambassadors of Giving Love and Light by example. It is this Spirit that embraces all they do and supports and nurtures all equally and without bias, prejudice or ever expecting

anything in return. These Beloved Souls principally work alone, however, now with the advent of the New Living Organisms of Ashramic Groups of Divine Synthesis in Divine Economy, they are now becoming more recognized within such Living Organisms. They are not affiliated to any religious denomination, and thus, their only Worship is Love for Love's Own sake! Their 'Church' is Their Heart, wherever they are in the world. But this does not exempt them from all the human dramas of life! Jesus Himself had His share to contend with and karmically release accordingly!

ASSUMPTION 19.

When one has lived a life of fear, trepidation, and the multitude of how these things play out, the more compassionate one can be through Empathy, rather than sympathy! The First Principle of Oneness is: 'We Are One', when We all work together as One, Being in many bodies with the same Purpose to share and extend all that is Holy, Good and Beautiful. That is when the 'True Light and Love of God Life' begins to flow!

ASSUMPTION 7.

A little background information for the benefit of those Dear Souls who will be Magnetized to the 'I AM' One World Nation, even if it is by notion at first, so they may receive the feeling of why this New One World Nation Idea has been placed in a Divine Plan to be made manifest, for without some sort of explanation, many will come and not feel moved enough to make the changes within their lives that such a Mighty Opportunity is Offering them here. Many who may come will have no conceptualization of what a One World Nation means, and therefore, will only see this potential as a dream for others to make manifest sometime in the future. The Truth is, that Dream is now a Reality, thanks to the Efforts of so many New World Servers Now United and Uniting in a much more cohesive way! It is for this reason that the New Symbolic Gesture of a Simple 'I AM' One World Nation Flag was Born and WILL Be Used to Fortify this Creative Endeavour in a most worldly and unpretentious way -- A Symbol of the Presence of God, The Creator's Freedom, Liberty and Abundance for All, all without a single word being spoken!

'That is impossible!' you will hear people say. So many will deny this potential and

cast it away with the back of their hands, without a second thought. However, if any of these Dear Hearts would take just a moment to *'Feel'* into this Simple, yet Auspicious, Flag, this Golden Mean Ratio Turquoise-and-White Piece of Cloth flying in the wind, stationary upon a wall, hidden in a cupboard and even held within a bag within the hands of its Guardian, they will Feel Something never before Felt within the history of mankind's manifestation of churches, hospitals, schools, towns, cities or civilizations from a Flag that will, when embraced consciously or unconsciously, with eyes seen or Unseen, will find something quite profound happen within their Soul Connection with their human presence at a Monadic Level. This Opportunity to Unite Mankind and the Whole of the Human Race has come from a Divine Inspiration through unascended beings, who, through their own Volitions, have Seen through the Eyes of God that nothing is ever what it seems here upon Earth. So, if you have found your way to read or listen to this Posit, please Understand that in one way or another your Presence here has been Divinely Orchestrated to see, hear and feel the Power of Influence that a single thought can make when made Manifest in Accordance with God's Will and Cosmic Law. Nothing is impossible for God, and therefore, nothing is impossible for mankind when Creatively Expressed through the 'I AM' Presence and through the Cosmic Laws of Divine Precipitation. More detailed information will be provided on Why the 'I AM' One World Nation Flag, once you make your way to the Book aforementioned.

THE TRIUNE GRACE COMMISSION, BRIEFLY EXPLAINED, AS PART OF THE UNFOLDMENT OF THE PETITIONS MADE TO THE KARMIC BOARD OF DIRECTORS AND THE SUCCESSFUL GRANTS FOR THE DISPENSATIONS RECEIVED TO ESTABLISH THIS TRUE CONSTITUTION, 'I AM' ONE WORLD NATION, AND DECLARATION FOR THE FREEDOM OF HUMANITY.

ASSUMPTION 1.

Lord Metatron Revealed to Humanity that this New Cosmic Plan for Humanity, Conceived and Inaugurated in the Chambers of Shamballa nearly 90 years ago, has reached a Nexus Point in Human Evolution whereby the Higher God Intelligences shall become the New Governing Powers to more fervently Guide and Assist Humanity through the now pending Transitions of rising above the old human consciousness into the Next Levels of its Evolutionary Cycle known as the New Golden Age of Aquarius. Such Higher interaction will come forth through the Creation of the following Councils of Light:

First and foremost, will be the **Shamballa Circle of Light Council**, who shall have the OverLighting Responsibility for the Second; the **Hierarchy Circle of Light Council**, who shall be Responsible for the Third; **Humanity Circle of Light Council**, Now called the **Triune Grace Commission**, who shall be Responsible for the Fourth; **The Supplementary**

Seven Circle of Light Council, who shall be Responsible for Humanity, The Animal, Plant and Mineral Kingdoms, not to forget the Elemental, Devas and Angelic Host Kingdoms. All shall be able to communicate with each other, and All shall be interactive through Divine Will, Divine Order, Divine Synthesis, all in Absolute Compliance with the '*Law of One*' and, indeed, the '*Law of the Circle*'!

ASSUMPTION 2.

On the 29th of December 2017, the '**Triune Grace Commission**' was Born, Made Manifest, and Grounded into this Evolutionary Plan For Humanity's Higher Progressive States of the Now-Conscious Awareness of their Divine Futures as a New Human Race called the Adam and Lilith Kadmon Man and Woman Human Race. Since that day of Immaculate Birthing into the World of Humanity, there now exists four New Circles of Light Activated for the Purpose of Commissioning the Laws of the Cosmos to be Acted Out upon this Earth. Now, that means that the Earth is no longer the Sole Domain of the Council Chambers of Shamballa. It is now the Domain of the Spiritual Triad of Shamballa, Hierarchy and Humanity, with the Inclusion of Humanity, the New Triune Grace Commission Council of Light, through the Supplementary Seven, those Dear Souls whose feet are on the ground within the Realms of human manifestation who will now Embrace the Work on the front line of change to become more active in clearing the way

for the Changes to be made more accessible to the masses of mankind.

ASSUMPTION 3.

On the 7th of August 2022, the Final Activation of the **'Declaration For The Freedom Of Humanity'** was Executed, and thus, Grounding these Changes that have become Undeniable, Immutable, Unchangeable, and Indestructible; and thus, have Amplified and Magnified such changes Sending Forth an Intensity of Adamantine Particles of Light with the Pure Intention of Unascended Beings Joined by the **'Supreme Creator Seed Thought'** of All 7 Spheres of God Intelligence Now Operating in Full Force through the Full Participation for all four Circles of Light spoken of above.

ASSUMPTION 4.

You are one and You Are Many. You live upon the Earth and You Live on the Many Earths. You Enjoy the Universe, but You Love the Many Universes. The Creations which survive are the Creations which Desire that the Species Living there Gather Life and Light into the **'Image and Similitude'** of the **'Higher Evolution'**, which is the **'Living Universe'**. Such Creations must therefore begin with the Creation of Living Organisms. In this case, we reference human beings who Create other Living Organisms, and ultimately Ashramic Group Synthesis of Living Organisms. There is a Pattern emerging here for all of you to follow,

and once understood, Greater things shall you do.

It is then that the **'People of God,'** Collectively, Create the Vehicle which is Used to Open up the Universe and which will not collapse under any laggard consciousness.

ASSUMPTION 5.

This is explained in terms of the Higher thinking Intellectual Mind which functions as a Field of Creative Education in the repairing or Rejuvenation of the Universes. The words expressed as the **'People of God,'** as the Evolutionary Vehicle, Used for Dissemination Divine Knowledge Throughout the Universe, begins within Themselves. This Divine Knowledge then Enables the **'People of God'** to open up other Expressions of Intelligence and to Redeem those Expressions in the **'Name of God'**, the One in Whom We Live and Breathe. Divine Knowledge is Transmitted to the human Community by the Order of Melchizedek on High, as the human Group Domains become its own Family Unit, as you are now more aware of the Circles of Light. So, herein, it is no coincidence that the Order of Melchizedek is the Principal Guidance for all the Changes that will assist in the Transmutation, Transformation, Transfiguration of both the **'People of God'** into the New Human Race as well as the Earth into its next Evolutionary Cyclic Dimension.

ASSUMPTION 6.

As it becomes its Own Divine Synthesis of Living Light, this Family Unit of Light shall Function as the 'People of God', the Higher Intelligences' upon this Planetary Station of Universal Creation. However, the True Program of human beings upon the ground is to Inherit Eternal Life by going beyond the Planetary Cycles of relative creation, that is, 'miscreation'. Therefore, the 'People of God' must prepare themselves to take the 'Exodus' or Migration from one thought form of creation to another Higher Thought Form of Creation, and to assimilate the Power that the Higher Evolution of many Human Races throughout the Cosmoses gives to Man within those Myriad of Races.

ASSUMPTION 7.

It is this Power which controls the Light Threshold Grids of Energy Used to come into and leave one physical dimension and to either leave it for a Higher one, or, as in the case of this Divine Plan, to draw unto Itself the Higher Evolutions of Higher Worlds to do the same! This is done by Opening the Twelve Faces of the Zodiac, the Mazzaroth, by the Higher Grids of Modulated Energy.

Consequently, the human creation, or the Divine Christed Human Creation, will find the Twelve Meridians within the biological body within the Earth and of the Mazzaroth all inter-connected with new Thresholds which are the greater measuring foci for the Redemption being

prepared for Man by the Brotherhoods of Enoch, Michael, Jesus, Melchizedek, and Myself, Metatron. The human body, then, has the awareness that just as there are Twelve Meridians of Light connected to the Seed Crystal, the Third Eye of the Body, so also the Planetary Membrane, the Planetary Biocomputer, also has Twelve Light Focal Channels. These channels are used to Reprogram the human creation into the Divine Christed Creations and Act as Key Nodal Points for the Migration of human consciousness that occurs from this Threshold Control to the next Ordering of The Evolutionary Path.

ASSUMPTION 8.

This Reprogramming will take place during the Cycle of Time of the Great Cataclysm. This Great Cataclysm will begin by Cosmic Waves hitting the earth prior to this Solar System entering an Electromagnetic Null Zone which will generate wave bombardment of the Polar areas. This bombardment will open up Vortices of Energy which will change the mantle of the earth due to tremendous amounts of liquified material being *electromagnetically pinched and* ejected out of the core of the earth.

The mindset of the mass consciousness, albeit unconsciously by the majority of humanity to date, and so the potential of dissolving the remaining imbalances of this present Artificial Time Zone, thus enabling the Abilities now of returning

the Earth and Its inhabitants back to its Natural Time Cycle within this Evolution.

A new potential has arrived!

Not only this, the *'People of God'*, should they be able to follow Extraordinary Instruction from the Higher God Intelligences, can, and will, prevent the majority of the present false projections of World Reformation. Remember, while the *'People of God'* work 100% within the Divine Will of God, the Elementals of the Earth shall be able to come under the ABSOLUTE CONTROL of those *'People of God'*!

What is not expected to happen for thousands of earth years yet is the potential has arisen through the Work of the New World Servers to bring forward a Greater Elemental Agreement for Ease and Grace for such an Earth Transition that will echo out through the Cosmoses in a matter of a decade.

Before this potentially comes to pass, the Order of Melchizedek and the Orders of the Christ must Establish Academies of Light so as to prepare, through Education, the Vibratory Fields of the Spiritual Bodies of mankind to acclimatize the physical body and mind for rapid changes so as not to be neutralized by the dying thought forms of hatred or the potentials of what might have been a world collapsing into a New Dimensional Field rather than through a Higher Potential of a World Transmuting Itself in the hands of a Human Family as the *'People of God'* or the New Human Adam/Lilith Human Race. And what is

not understood at all yet is it shall take only 144,000 Dear Souls to do this!

You will be given a thorough comprehension of how you can use your five Bodies of Light and the Gifts of the Holy 'I AM' Presence so as to prepare for New Worlds. The Order of Melchizedek, in conjunction with the Order of Enoch, along with the Offices of the Christ, of Michael and Jesus and Myself, will Come and Give Light to all areas of world science so that the Father's, Mother's Covenant will come to pass. This will Activate a Spiritual Scientific Synthesis.

ASSUMPTION 9.

Here We have, then, what the Initial Stages of the Narayana Joy Akasha Sanctuaries will be used for. They will become Academies of Light and will begin training human minds to work with the Keys of Knowledge, using the seventh, eighth, and ninth chakra Triangulation to Actualize the Physical Quantum Leaps beyond the imperfect karmic cycles of this present Solar Spectrum or Holographic Sphere.

These Academies of Light will be a Global Network of Spiritual Communities of the *'People of God'* and Light, United and Focused into ONE Interplanetary Government or Interactive Authoritative Commission which is now identified as the ***'Triune Grace Commission'***, and which will be Served by not only the Members of Shamballa, Hierarchy, Humanity and the Supplementary Seven, but all of those within the Offices of the

Christ! The Mapping of the Consciousness of this **'Triune Grace Commission'**, by way of the Angelic Realms of the Cherubim, Seraphim and Ophanim, will be made Manifest through 24 Temples of Light in Due Course.

24 Circles of Light Academies under the Auspices of the **'Triune Grace Commission'** are to begin their preparations immediately for this Knowledge to filter out within the New Circles of these Posits of the **'Trust Indenture '1st Proclamation Resolution Trust Instrument'** Known as the **'True Constitution', 'Declaration For The Freedom Of Humanity'** as Part of the New **"I AM' One World Nation'**.

ASSUMPTION 10.

These Melchizedek Academies of Light, or the Narayana Joy Akasha Sanctuaries of God-Light Academia, will be Created within **'THREE SCIENTIFIC PHASES'** of Adamantine Particles of Photon Light, the Cosmic Christ Sacred Electronic White Fire Light Substance, which will be given to Men, Women and Children by the Offices of the Christ, including, but not limited to, the Enochian Brotherhood and the Ascended Masters Octaves -- in Short, by the **'Kingdom of God'!**

Phase 1.

Phase 1 will be an Energy Field which will work with the levels of electromagnetic conversion. This will be used to take energy out of the air and use it for

physical activity. This activity will be sustained as a Wireless Perpetual Pulse.

Phase 2.

The Second Phase will give Man and Woman the ability to utilize the Consciousness of Light with Electromagnetic Technology to Create Another Sphinx, a Physical Vehicle which will give you the Higher Understanding of how the physical Biosatellites of Interstellar Creation Operate.

The Pyramid-Sphinx is the next Phase of Light which will allow mankind to be made into the Image of the Luminaries as the Adam/Lilith Kadmon Man and Woman, and at the same time, be Transformed into New Bodies of Light.

Phase 3.

The Third Phase will work with the **'Medicine of Light'**, more specifically, Electro-Medicine, which will allow various Electromagnetic Fields to speed up the chemistry of the human body, the human DNA-RNA Matrix, to work on Higher Wavelengths of Light.

When the **'People of God'** bring together these Higher Disciplines of Electro-Magnetic Technology, the Keys behind the Pyramid-Sphinx for Space Travel and the Science of Electro-medicine, they can Create Autonomous Communities of Light which will be the stepping-stones to other worlds.

Through this Collective Enlightenment within Group Living Organisms of Ashramic Synthesized Life, you will understand that the Pyramid which is used to connect with the next Level of

Evolution will not be an architectural pyramid cut out of stone, but an Energy Pyramid shaped out of the Powers of Consciousness Light, just as we have already spoken of within Our Discourses to date.

ASSUMPTION 11.

In these Narayana Joy Pyramidal Light Temple Communities, the *'Elect'*, or those whose Consciousness is High enough in Resonance, will be Transfigured and Transformed to have Full Face-to-Face Communion with the Intelligences of the Brotherhoods and Sisterhoods Who will come into these Pyramidal Fields of Light from other Worlds and Dimensional Fields.

Phase 4.

The Brother and Sisterhoods of Light will be the Fourth Phase, the Phase of Consciousness Light that Man and Woman will move into as his or her physical Creations become Transfigured into the Identity of the Higher Evolution that he or she is to work with.

In addition, within these Narayana Joy Akasha Sanctuaries, the Melchizedek Brotherhood and Sisterhood will show the New Light Workers of the Planet how to resurrect the discorporate Soul Vehicles into a New Spiritual Totality which can Ascend into the New World of Vibration. In other words, to move into the New Form of the New Human Being without a physical body.

Through these Radiation Temples, the *'People of God'* will open up their

Universe. The Opening will not come through those exclusively within the domain of science nor religion who have placed *'authority'* between their body and the Gifts of the *'I AM'* Presence, but through the *'People of God'* who have Be-Come the Living Synthesis of All Levels of Consciousness Experience, Progressing into the Joyousness of the *'I AM'* THAT *'I AM'* and the New Living Ashramic Groups of Living Organism Synthesis.

They will achieve this by the continued Use and Rightful Application to God Life of the Divine Process of the Immaculate Conception.

ASSUMPTION 12.

The Human Angel Circles, or Christ Councils, can now accomplish great steps forward to achieve the foci of human yearning and endeavour, bringing God's Love and God's Truth to the surface realms of human thought and belief. The Christ Consciousness now has a Centre of Focus, Activation and Stabilization that has successfully bridged the chasm between the Higher and lower Realms. As Above, So Below, and As Below, So Above.

ASSUMPTION 13.

Bringing together two or more human beings, especially those within Sacred Christ Circles of the 12 + 1, Co-creates an Energetic Synthesis of possibility which will, indeed, lead to the unexpected and successful change in the fabrics of your

worldly realities. Such a development would not have been conceivable, let alone achievable, without all the wonderful Love Light Energy being Anchored now by so many Star-Light Seeds. Beloved Children of God, dare to look outside of what was and dream of that which you desire To Be; then go and Live it with All Your God Might! Dear Ones, push the boundaries of your known consciousness, for Now is Your Time!

THE LAW OF DIVINE ECONOMY CAUSES MATTER ALWAYS TO FOLLOW THE LINE OF LEAST RESISTANCE AND IS THE BASIS OF THE SEPARATIVE ACTION OF ATOMIC MATTER. IT GOVERNS MATTER, THE OPPOSITE POLE OF SPIRIT.

ASSUMPTION 1.

The Law of Economy. This Law causes matter always to follow the line of least resistance and is the basis of the separative action of atomic matter. It governs matter, the opposite pole of Spirit. It is the Law Governing the scattering of the atoms of matter and their dissociation from one another, wide distribution, vibratory rhythm, heterogeneity and quality, and their inherent rotary action.

ASSUMPTION 2.

This Law is the Law Governing the Matter aspect of manifestation.

ASSUMPTION 3.

The second Aspect is governed by the Law of Attraction. The activities of the entities who embody this aspect are directed to the attracting of Matter to Spirit and the gradual approximation of the two poles. It results in cohesion, in the production of congeries of atoms in various formations, and this attraction is brought about by the attractive Power of Spirit Itself.

ASSUMPTION 4.

The Law of Economy has several subsidiary Laws which Govern its effects on the different grades of Matter. As said before, this is the Law swept into action by the sounds as uttered by the Logos. The Sacred Word, or the uttered Sound of the Creator, exists in different forms, and though in reality but one Word, has several syllables. The syllables all together form a solar phrase. Separated they form certain words of power, producing different effects.

There are 4 Subsidiary Laws under the Law of Economy.

ASSUMPTION 5.

The Law of Vibration deals with the keynote or measure of the matter of each plane. By Knowledge of this Law, the material of any plane in its seven divisions can be controlled.

ASSUMPTION 6.

The Law of Adaptation is the Law Governing the rotary movement of any atom on every plane and sub-plane.

ASSUMPTION 7.

The Law of Repulsion is a Law that Governs that relationship between atoms which results in their non-attachment and in their complete freedom from each other. It also keeps

them rotating at fixed points from the globe or sphere of opposite polarity.

ASSUMPTION 8.

The Law of Friction governs the heat aspect of any atom, the radiation of an atom, and the effect of that radiation on any other atom.

ASSUMPTION 9.

The tiny atom of the physical plane, a plane itself, a Planet and a solar system all evolve under these rules, and all are Governed by the Law of Economy in one of its four aspects.

ASSUMPTION 10.

It might be added, in closing, that this Law is one that Initiates have to Master before They can achieve Liberation. They have to learn to manipulate matter and to work with Energy or Force in matter under this Law. They also must utilize matter and energy in order to achieve the '*Liberation of Spirit*' and to bring to Fruition the Purposes of the Logos in the Evolutionary Process.

Posit XIII

LIVING ORGANISM AND DIVINE SYNTHESIS IN DIVINE ECONOMY. THE WILL TO EXIST IS GOVERNED BY THE LAW OF SYNTHESIS, AND THE ACTIVITIES OF THE COSMIC ENTITIES WHO ARE ITS EMBODIMENTS ARE GOVERNED BY THE LAW OF ENFORCED UNITY AND OF ESSENTIAL HOMOGENEITY.

ASSUMPTION 1.

It is the Law that eventually comes into play after Spirit and Matter are blending and adapting themselves each to each. It governs the eventual Synthesis of Self with Self, and finally, with the All-Self, and also of Essence with Essence in contra-distinction to the Synthesis of Matter and Spirit.

ASSUMPTION 2.

Here can be seen the wonderful Synthesis brought about by the Evolutionary working of three Cosmic Laws, each of them embodying the mode of work of certain Cosmic Entities or Existences.

ASSUMPTION 3.

When the sense of Hearing on all planes is perfected (*which is brought about by the Law of Economy rightly understood*) three great Words or phrases will be known. The Knower will utter them in his own True Key, thus blending his own sound with the entire volume of

vibration and thereby achieving sudden realisation of his or her Essential Identity with Those Who utter the words.

ASSUMPTION 4.

These general rules relating to atomic bodies can be extended not only to the atoms of the physical plane, but to all spheroidal bodies within the system and including the system also, regarding it as a Cosmic Atom.

ASSUMPTION 5.

It is almost impossible for those who do not have the Buddhic faculty developed in any way to comprehend the scope of this Law. It is the Law that demonstrates the fact that all things, abstract and concrete, exist as One. The Synthesis of the teaching or of the training given is something which you should not overlook.

The Unit, the individual and the part, are always viewed in relation to an expanding and inclusive Whole. One of the marks of readiness for Initiation to raise one's consciousness is the ability to see this inclusive entity and to note the Law which is Transcended when the single part becomes the Whole.

POSIT XIV

IN ACCORDANCE WITH ALL POSITS CONTAINED HEREIN, THE PROCLAMATION RESOLUTION TRUST INSTRUMENT POSITS, IN THE COSMIC CHRIST MANDATE, PAST, PRESENT OR FUTURE, THE TRUE CONSTITUTION AND THE DECLARATION FOR THE FREEDOM OF HUMANITY INDENTURES AND SUPPORTING PETITION DISCOURSES, IT IS PROCLAIMED BY GOD UNIVERSAL ALL-PERVADING CREATIVE MIND POWER THAT THE 'PEOPLE OF GOD' HAVE THE INNATE RIGHT TO FREELY STATE, DEMAND AND DECREE, AUDIBLY OR IN SILENCE, THAT THEY ARE FREE TO CREATE A LIFE TOWARDS THE FULL AND UNEQUIVOCAL ESTABLISHMENT OF THE KINGDOM OF GOD, OR THE KINGDOM OF HEAVEN HERE UPON EARTH AND IN THE HEAVENS, PROVIDED THAT SUCH ESTABLISHMENTS ARE FOLLOWED IN GROWTH AND DEVELOPMENT, ALL IN ACCORDANCE WITH COSMIC LAW AND THE RIGHTFUL APPLICATION TO GOD LIFE. IT IS THEREFORE STATED, FOR PURPOSE OF CLARITY, THE FOLLOWING MINDFUL AWARENESSES, SO AS NOT TO THWART SUCH ESTABLISHMENTS OR ANY WELL - INTENTIONED RIGHTFUL APPLICATION TO CREATE SUCH ESTABLISHMENTS, SUCH AS GROUP DOMAINS.

ASSUMPTION 1.

That the following five Laws of Existence are adhered to as best as one can.

1. Law of Man's and Woman's Belief

Whatever man and woman profoundly BELIEVES him or herself to be, good or bad, that will he or she become. Whatever man or woman FEARS others will do to him or her, so will they do.

2. Law of Man's and Woman's Hope

That whatever man or woman HOPES that others will do to him or her, they must first do to them, since he or she is then creating a '*consciousness pattern*' which will return to Bless him or her to the extent he or she has Blessed others. Whatever disease man or woman DREADS, so will they become prey to it, for he or she will have created a '*consciousness pattern*' of the very thing he or she least wants to experience.

3. Law of Cause and Effect

Your Universe is CAUSE and EFFECT made visible. This is an Undeviating, Inescapable and an Undeniable Principle of Existence. If there are instances of deviations, such as paranormal experiences or instantaneous healings, the average person exclaims in astonishment and science refuses to believe that such a thing is possible. As Jesus expounded upon within His '*Christ Letters*', this Principle deepens human comprehension through experience and will lead to the eventual Full Divine Understanding of how such deviations take place logically and effectually. In other words, these deviations away from Divine Truth occur according to Natural Spiritual Laws and Always Serve a necessary Purpose.

4. Law of Projection and Return

That, whatever is sent forth from man's or woman's mind and heart, returns to him or her in due course in some form or another, but, remember, that like always breeds like. Strongly held emotional thoughts are *'consciousness seeds'* planted within a man's or woman's own orbit of consciousness. These will grow, bearing a like harvest for his or her own reaping. These are the fruits of *'free will or human lower mind consciousness, not Divine Will or the Higher Mind of God Intelligence'*.

5. Law of No Escaping Man's and Woman's Actions.

That there is no way that man or woman may escape what he or she thinks, says or does, for they are born of the *'Divine Creative Consciousness Mind Power'* and are, likewise, *'Creative'* in his or her imagining. Those who long for good for themselves must first give it to others. Let their very Existence be a Blessing to others.

When such people are in harmony with all others, they are then perfectly attuned to the *'Universal Creative Consciousness Mind Power'*, and they are brought into the flow of the Father, Mother *'nature'*, which is growth, protection, nourishment (*physical, mental, emotional, Spiritual*) Healing, Fulfilment of every need within a System of Law and Order.

ASSUMPTION 2.

That the disassociation, detachment, disconnection, severance, division,

dismissal, removal, partitioning, apportioning any imbalances of whatsoever nature, that may impact negatively any desire, request, longing, aspiration, Entreaty or Petition of the *'People of God'* to change situations or circumstances for themselves, individually or as a *'People of God'* in a *'Greater Unity Consciousness'*, such as this ***'True Constitution' Demands, Decrees and Covenants***, to make such changes for, or on behalf of the *'People of God'* ***In The Name of God, MUST BE ALLOWED*** *without interference of any other person, 'false authority', or Group Domain who do not Honour or Respect the Full and Unequivocal 'Law of Freedom and Human Rights'*.

ASSUMPTION 3.

That whatever may prevent such desires or need for change for the *'People of God and the World'* to become *'True Sovereign Beings'* under *'God's Human Rights'*, Bestowed upon every man, woman and child by God for their Guaranteed Freedom against all *'false authority'*, or actions of tyranny, control, narcissistic human, humanoid, alien or artificial intelligence, computer science technology, that collects information and data for retrieval and processing, bot or robot, who or which impose, levy, enforce, enact, inflict, foist, intrude, impede, debilitate, make sick by whatsoever form; encumber, corral, bind, shackle, enslave, restrict, subserve, trespass, presume, observe, survey, scrutinize, inspect, stalk, spy on, restrain

or lock down, or prevent any or all *'People of God'* to Act in Accordance With Their Own Human Rights to Be Free, Liberated and allowed to live a *'God Life'* where such preventions of whatsoever nature that have been enacted by any *'false authority'* whose claims are to serve the people of the world, but by their words and actions clearly identify their real personal agendas to suppress, oppress, corral, and misdirect humanity, denying them the administration and governance that would serve the *'People of God'* for whom they were elected, and those unelected human beings who deny the Cosmic Laws for God Human Rights to have the People's choices accepted as to how they wish to be Ministered to, for Their Highest Good, **Must Be Corrected, Reformed and the Truth of God Life Re-Established.**

'The People's Choice' by the ***'Proclamations Made within the 'US Constitution'*** and other ***'National and International Human Rights Constitutions', or the like thereof,*** this ***'True Constitution'*** is that ***'Humanity Is Already Free'*** to make such choices to ***'Demand, Declare and Decree'*** how They wish to be Served in the *'Name of God'*, Their 'I AM' Presence, and within Their Own Group Domains of beliefs or Uniting Consciousness of Coherence to *the 'Law of Divine Harmlessness'*, regarding the Truth of colour, race, caste, culture, religious or political persuasions, **have Function and Purpose in such choices.**

The *'People of God'* are *'God Free'* to remove, negate, abolish, exclude or detain such person or persons, group, government, authoritative body in any part of human life with forced, coercive or harmful beliefs, and who deny the People of God Their Full Human Rights in Accordance with Cosmic Law.

The People of God are then God Free to Create Their own Establishments in any or all Group Domains, in or of governments, businesses, organisations, foundations, institutions, councils, religions, medias, conferences, assemblies, debates and forums, but not limited to them in any of the Societal Sectors of Human Life, such as, but not limited to, National and International Learning and Education, Communication and Media, Arts and Culture, Economics and Business, Peace Building and Relationships, Justice and Governance (Administrational Departments of Group Domains), Health and Well-Being, Food, Water and Environment, Infrastructure, Utilities, and Resources, Science and Technology and Spirituality and Religion **all as a Living Organism Under Divine Economy** that Support all *'People of God'*, in a balanced Quality of Life and Freedom of Spirit that are sustainable, environmental, ecological, healthy, greenly conservational, recyclable, natural, organic, pure, and free of man-made chemicals, balanced, viable, defensible and abundant in a Quality of Life and Freedom of Spirit.

ASSUMPTION 4.

That, in other words, this **'True Constitution'** Supports, Nurtures, Fosters, Cultivates and Understands that present-day governments or administrative authorities, etc., either elected or unelected, now **MUST** begin to reform, reevaluate, restructure, alter, revolutionise, modify, restore, ameliorate, remodel, upgrade, rearrange or abolish, eradicate, annul, decommission, delete or end all such man-made laws that oppose or suppress the Rights of the *'People Of God'* and to revert them all to return back to such previous Established Constitutional Laws that were founded upon Cosmic Law, known or unknown at the time of Constitutionalising them, without exception.

This Divine Call is being Exclaimed to Commence as soon as is practically possible by a **'Newly Formed Over-Lighting Living Organism of Group Synthesis'** made up of a cross-section of the *'People of God'* from within the greater Group Domains, such as a nation, by which the New Guiding Principles, Laws, Orders/Commands and Rules that shall be For The Greatest Good of All Concerned are Created, **Fair and Just!** This cross-section of people is a suggestion to gratify, assure, fulfil, satisfy themselves to this New *'People of God'* in any Group Domain.

No person or group who does not give their Pledge and Covenant to Accept the Full Liability under the Cosmic *'Laws of Authority and Accountability'*, in order to

take on such a task or activity for all decisions and Laws, Orders/Commands, Rules, and Principles made therein, will be unable to participate.

Furthermore, any person who does not relinquish any personality or ego personality agendas will also be rejected for participating in any such task or activity, and therein, this Duty as a Responsible Authority. No political differences shall be acceptable in such participations. The goal, then, would be to remove political persuasions or pulsations of any energetic natures, thus eliminating any bias or discriminations as to the Greatest Good of All Concerned. The deliberate Cosmic Intention here is to Create and Reform all required human laws, orders, commands and rules through a Greater Understanding of Function and Purpose of Cosmic Laws, Orders, Commands and Rules.

Law of Equality

Furthermore, such persons must all act within the *'Law of Equality'*.

The *'Law of Equality'* is the Cosmic Privilege and the Cosmic Right that all sentient human beings are created equal before their Gracious, Benevolent and Loving Creator. The *'Law of Equality'* is also called the *'Law of Democracy'*.

Law of Equalities or Analogy

Otherwise known as the **'Principle of Correspondence or Essential Divinity'**. As Above, So Below; As Below, So Above.

The major Linking Agent in the Universe is the Energy of **'Love-Wisdom'**, and the Purpose of Analogy is to lead the mind

back toward the sense of Oneness (*Enlightenment*). The thoughts and images held in the conscious and subconscious minds will manifest their mirror likenesses in man's or woman's external circumstances. Their outer world is a mirror of their inner world. Earth is a school for practicing these Laws of mind control.

There is a Correspondence between the Laws and Phenomena of the various planes of Being and Life. This Principle enables the phenomenon of Discernment, Intuition, Hunches, etc., and that which is called Remote Viewing, or out of body experience. Correspondence enables that which is normally unknowable to become known to the individual who learns and knows how to use this Principle. Some use it in a conscious and deliberate manner, while others may not even be aware that they are using this Principle. When used knowingly, it will enhance the clarity of vision and enables the mind to penetrate the most secret of secrets and can shed Light on many a dark paradox.

Correspondence establishes the interconnectedness between all things in the Universe and keeps all things relative to each other. Known to the adepts and Masters of Ancient Egypt as the Substance of the Ethereal, the Spirit Substance, or Web, that pervades and interpenetrates the Universe. This Substance Acts as a medium for the Transmission of Light, heat, electricity and gravity. It is non-material in nature. Also known as the *'uncreated substance'*,

or Universal Substance. The Substance in which all Suns, Worlds, and Galaxies are suspended in space, time, and change.

All of Humanity are intimately connected to all of the above-mentioned events and to each other, whether or not it is realized. The Ethers are where Spirit Substance is manifesting the beginning of matter. Science refers to this Substance as *'dark matter'* that cannot be seen, touched, smelled, or weighed. Dark matter does not absorb or reflect light and is, therefore, invisible. It is considered to be a non-material substance. It was first discovered on Earth while doing research with the *'Hubble'* space telescope. The Planes of Correspondence in the **'Order of Manifestation'** are: The Great Spiritual Plane; The Great Mental Plane; The Great Physical Plane, or the *'Trinity of the Ascending Scale of Life and Being'*.

ASSUMPTION 5.

That this **'True Constitution'** and **'Declaration of Human Rights For The Freedom of Humanity'**, which Harbours and Honours all such Human Rights Laws, while Respecting, Valuing and Appreciating any establishment of all *'People of God'*, regardless of colour, race, caste, creed, religious or political persuasions, and therefore, remains Achromatic and Impersonal, that shall continue to Uphold the *'Law of Human Free Will'*.

However, it must be Understood in Accordance with the '*Law of Expansion*', (See *Posit V, Section 13*) that today's human laws, orders or commands, and rules must Evolve, and that includes the Cosmic Laws that are to meet the needs of any Human Race as they enter the Realms of the next Rings of Consciousness to Pass through, must also be made anew, upgraded; and perhaps, entirely New Cosmic Laws will be required.

Therefore, some of the present Cosmic Laws will also be required to change, and one of those Laws is the '*Law of Human Free Will*'! This Law will become more in alignment to the '*Law of Divine Will*' and the '*Law of Divine Power*' that will eliminate the need for '*free will*' to remain, because the personality ego will very soon start to become a thing of the past, having been fully integrated into God's Will.

Law of Divine Will

It is God's Will that what is human should be Divine, and therefore, all Creation pushes forth to the God Light. The Creators of our world conduct Their Work of Form-Building under this Law. God's Working has to do with things free from change and movement, things Divine. God is All Good, and it is by reason of the Good that all other things exist.

Law of Divine Power

Everything is Energy; therefore, everything has Power -- the Power to influence; the Power to create; the Power to manifest; the Power to sustain; the Power to destroy. Though everything has Power, no such power generated by man or woman has

the power to have control over another of Humanity at large unless they, individually or as a Group, accept and/or allow it. One gives their own Power away by fearing or having negative feelings over a thing. Power or Energy may be received from external Sources and shared; however, all Humanity's Power comes from within to Flow outwardly in whatever way that serves that person or group. Power is the result of Energy, Force, Intelligence, and Consciousness. The more Energy one acquires or increases the degrees or ratio of any of those four principles, the more Powerful one becomes.

In other words, when one uses their Power or Energies while remaining disconnected to the God Source from which all Power comes, depletion of Power and energy will be the result. When one is connected to the Divine Source of God Power and remains consciously plugged in, for want of a better word, in the correct manner, the Unlimited Power from Source will Flow Abundantly without tiring!

So, while the New Law of Divine Will has not yet been Consecrated, Experimentations to that end are continuing so that such a New Law, once Inaugurated, will become the Eternal Law that cannot be denied, destroyed or mutable any longer.

This information is being shared for the Function and Purpose of Discovering the Truth of God Life, so that those who insist upon using their personalities and ego drives to create and manifest in their worlds will, within an unspecified time, find it more and more difficult to use their free will to do anything from that standpoint. '*Free will*' is going to become an archaic use of Energy which will

simply be unable to be used due to the Resonances and Light Quotients that this Earth World is moving very quickly into now!

ASSUMPTION 6.

That due to the world changes becoming more prevalent, it would be Wise to Understand in more detail the Differences between Laws, Orders, Commands and Rules, and then the Founding Principles for Creating such New Laws.

Question: Why?

Answer: Because within the Laws of the Universe at Present, there are no Laws written to allow for the regulation of actions of a human race transiting to another human race without annihilating themselves in the process.

These New Laws will provide Rules for defining the correct procedures of conscious and behavioral patterning and the Formulas of Approach for the Employment and Execution of such Principles within the Transitional Periods as Laws.

These New Laws will be the Guiding Standards in Natural Law for such a Planetary Evolutionary Plan, involving the Ascension of a Whole Human Race at once from within the lower vibrational frequencies of human consciousness - that is, the *'laggard consciousness'* - all the way through the myriads of trials and tribulations of Human Evolution over millions of years, eventually breaking free from those old human beliefs and patterns into a New Civilization of Christed Consciousness, i.e. The Living Christ, while maintaining their Presence within the old

consciousness paradigms, to ensure that the Salvation of the Whole of the remaining members of humanity will also Ascend together en masse! You have heard of the Parable of the Tar Pit by Kryon? If not, please look it up!

Such an Evolutionary Plan has never been attempted before in the History of God's Creations, and so new Laws MUST be Written within the Sphere of Consciousness that physical human beings reside. Humans live in Spheres. This situation, then, is evolving through the *'Universal Law of Expansion'*, a Written Cosmic Law. This Law of a gradual evolutionary expansion of the consciousness indwelling in every form is the cause of the spheroidal form of every life in the entire Solar System. It is the fact in Nature that All that is in existence dwells within a Sphere. The chemical atom is Spheroidal. Man dwells in a Sphere, as does the Planetary Logos and Solar Logos, this Sphere being the form matter takes when its own internal activity and the activity of the form are working in Unison. It requires two forms of Force, Rotary and Spiral-Cyclic, to produce this. Scientists are beginning to recognize this, more or less, and to realize that it is the *'Law of Relativity'*, or the relation between all atoms, which produces that which forms that composite Sphere, the Solar System.

ASSUMPTION 7.

That Love-Wisdom begins with Knowledge.

Master Djwhal Khul Speaks.

"We now begin our study of the Fourteen Rules for those who are seeking Initiation, in one or the other of its Degrees. In Initiation, Human and Solar, I gave the Rules for those proposing to enter the

Grades of Discipleship. I would like for a minute to deal with the significance of the word 'Rule' and give you some idea of its occult meaning.

"There is much difference between a Law, an Order or Command, and a Rule, and these distinctions should be pondered with care. The Laws of the Universe are simply the modes of expression, the life impulses and the way of existence or activity of the One in Whom We Live and Move and have Our Being. There is no avoiding these Laws in the last analysis and there is no denying them, for we are swept into activity by them, and they govern and control (from the angle of the Eternal Now) all that happens in time and space. Orders and commands are the feeble interpretations which men give to what they understand by Law. In time and space and at any given moment and in any given location, these commands are issued by those who are in a position of authority or who seem to dominate or are in a position to enforce their wishes. Laws are occult and basic. Orders are indicative of human frailty and limitation.

"Rules are, however, different. They are the result of tried experience and of age-long undertakings; and assuming neither the form of Laws, nor the limitations of a command, they are recognized by those for whom they exist and, hence, evoke from them, a prompt intuitive response. They need no enforcement but are voluntarily accepted and are put to trial in the belief that the witness of the past and the testimony of the ages warrant the effort required for the expressed requirements.

"This is True of the Fourteen Rules which I Channeled to Alice A Bailey called 'The Fourteen Rules For Group Initiation.' I would remind you that only the Initiate Consciousness will truly comprehend their

*significance, but also that your effort so to do will develop in you the beginning of that Initiate Consciousness, provided you seek to make practical and voluntary application of these Rules in your daily lives. They are susceptible to three forms of application: physical, emotional, and mental; and of a fourth application which is best designated by the words, **'the response of the integrated personality to Soul interpretation and understanding'**.*

"Another point which I would call to your attention prior to interpreting these Rules, is that your Group endeavour must be to seek Group Application, Group Meaning and Group Light... I would emphatically emphasize the words 'GROUP LIGHT'. We are dealing, therefore, with something new in the field of occult teaching, and the difficulty of intelligent comprehension is consequently great. The true significances are not the simple ones which appear upon the surface. The words of these Rules would seem to be tritely familiar. If they meant exactly what they appear to mean, there would be no need for me to be giving hints as to their underlying significances and ideas, but they are not so simple.

"To sum up: Therefore, these 14 Rules are to be read with the aid of a developing esoteric sense. They are related to Group Initiation in spite of their having individual application. They are not what they appear to be on the surface, trite truisms and spiritual platitudes, but they are Rules for Initiation, which, if followed, will take the Disciple and the Group through a major Spiritual experience. They embody the techniques of the New Aquarian Age, which necessitate Group Activity, Group Procedure and United Action.

"Earlier I said that these Rules are the Result of tried experience, and My Use of the word 'New' in this connotation is

*related to human knowledge but not to the Initiatory Procedure. That has Always Existed. And Always, at the Great Crises of Initiation, Disciples have Moved Forward in Groups, even though they have not been aware of so doing. Now, Disciples can become so aware, and the various Ray Ashrams will not only Present Their Groups (large or small) to the Initiator, but the personnel of these Groups will now be aware of the fact of Group Presentation. They will also have to grasp the fact of the extent of their Knowledge **'BEING DEPENDENT' UPON THEIR DECENTRALIZATION.** I would ask you to ponder and reflect upon this last statement."*

ASSUMPTION 8.

Any such human laws, orders, commands and rules must Protect Freedom of Speech, and the Democracy, Consensus and Fairness by the unbiased press, assembly or rally in a public place in protest of unfair and unjust Laws made against the *'People of God'*, knowingly or unknowingly, and the *'Right to Petition authority'* of any nature for a redress of grievances where they **'WILL'** be heard, and if denied their Petitions on grounds of unfair, unjust, underserved, partial, unmerited, unreasonable, intolerable, undue, prejudiced, one-sided, biased, bigoted, racist, or discriminatory responses, the *'People of God'* may **Demand, Declare and Decree** the removal of such *'false authority'* in the *'Name of God'*; that is, any government, administration,

ASSUMPTION 10.

That as the *'People of God'* begin the reclamation of their Rights and remove those in power who deny them their Rights, they need to also place a God Focus upon the false economic areas of life profiteering that continually raises the costs of all forms of industry, food, utilities, and begin with those that are

Any such human laws, orders, commands and rules must Protect Freedom of Speech, and the Democracy, Consensus and Fairness by the unbiased press, assembly or rally in a public place in protest of unfair and unjust Laws made against the *'People of God'*, knowingly or unknowingly, and the *'Right to Petition authority'* of any nature for a redress of grievances where they **'WILL'** be heard, and if denied their Petitions on grounds of unfair, unjust, underserved, partial, unmerited, unreasonable, intolerable, undue, prejudiced, one-sided, biased, bigoted, racist, or discriminatory responses, the *'People of God'* may **Demand, Declare and Decree** the removal of such *'false authority'* in the *'Name of God'*; that is, any government, administration, presidency, monarchy, oligarchy, authority, management, supervision or controlling body with **'IMMEDIATE EFFECT'**, such is the *'Power of God in Love In Action'* in Accordance with *'Divine Justice'*!

Such actions to have them step down from their false positions, or be detained having removed them from any form of office, with no reprise to return to such an office, no matter who they may be, thus denying them to be able to continue their inabilities to Serve the People by not allowing Free Speech or affording the *'People of God'* to a **Just Consideration to Seek and Examine the Truth** overall or any untruths or acts against God and His/Her Children.

Know then, that when lawless thoughts, words or actions which deny or denounce any such Human Rights, provisions for such removals, stepping's down, detainment or the relinquishment of that *'false authority'*, is in Accordance with Human Lawful Actions that, when Proven Undeniable and Eternally Fixed by its Design, can Become a Divine Rule, so that to maintain JUST Law and Order that will support the *'People of God'*, of a Nation or World and in Alignment to Divine Justice and other Cosmic Laws that Apply as the Over Lighting Principles of Love In Action, WILL be an Act of Divine Love to Protect The People of God from any further *'false, or unjust authority'*, any further actions that contravene and/or misdirect that impedes the Growth and Development of a Human Race, by targeting any formation of such Group Domains as set out within this 1st Proclamation Resolution Trust Instrument Posits. In Accordance to Cosmic Law. *The 'Law of Protection of God's Creations'* essential to Health and Well-Being, Housing, Medical, Banking and Industrial needs.

One needs to look more deeply into the use of patents and copyright of all manner of things for, in Truth, nothing belongs to anyone. All Belongs to God Universal Consciousness. So, man's and woman's claim to ownership, practically or intellectually, is a *'false belief'* and has no bearing to or upon Humanity's New Reality as a Unified God Synthesised Human Race. These changes have already begun as Open-Sourced

intelligent exchanges in many areas of present-day life, technology, inventions, literature and the arts.

The Movement toward *'Free Use'* of all things is now established that the claims that these things belong to this person or that, this company or that, this organisation or that, is very quickly now being eradicated, because it no longer has such power. Man or woman cannot claim that which does not belong to him or her. This whole system will change to become more amenable to Group Life where everything is shared equally, among such Group Domains. In Love, Nature and God Life, Everything is free of any charge! And thus, mankind can no longer enforce such claims against the *'People of God'* or Cosmic Laws!

It is also worthy of bringing awareness to that which is one's throw-away beliefs and purchasing of anything that is not needed to live and God Life free of any encumbrances. Profiteering needs to be considered more deeply also regarding utilities. Energy, gas, oil, coal, etc., are not based upon any sort of limitation and there is no harm to the Earth at this present phase of transition into the new. The problems arise by those who claim these products for themselves, and thus, use the supply in ways that give them maximum profit margins. Follow the money and this will be revealed to you. And while the *'false elite'* of such laggard consciousness continue to play their games of manipulation and *'false narratives'* and untruths, especially about climate change, Humanity will

continue to suffer at the hands of such totalitarians.

ASSUMPTION 11.

That, while the ***'U.S. Constitution'*** and Its Clauses and Assumptions that pertain to the Human Rights of the *'People of God'*, shall now become Key Assumptions in Support for the Returning the *'People Of God'* back to the Freedom of All Human Rights. This being detailed with Greater Clarity through under the Proclamations of the Cosmic Christ Mandate Indenture 1st Proclamation Resolution Trust Instrument Posits of the Past, Present and Future, and through the Supporting Petitional Discourses and Posits of the ***'True Constitution' and the 'Declaration For the Freedom of Humanity'***.

Until such time that the *'People of God'*, beginning with a single Nation and expanding to all Nations of the World, are satisfied that their God Human Rights are no longer being ignored, defiled, corrupted, contaminated, violated and debased, and that the Re-Establishment of Their Divine Freedom in Their Full and Pristine States of Consciousness are Honoured, and where all human laws have been adjusted, reformed, amended, commended, acclaimed, applauded, or if not to a more acceptable nature *'by the People of God'*, thus taking charge over and containing those who oppose, suppress and sustain the intentions, objectives, purposes or actions to enslave, control, manipulate by *'false narratives'*, by any *'false authority'*, person, group, media or

governing officials of any individual or group, elected or unelected people, against the *'People of God's Will'*, by whatsoever means, physical, mental, emotional or Spiritual avenues or mediums, et cetera, must be abolished, eradicated, cancelled, annulled, dissolved, disbanded and dissipated with permanent intentions in the context and compliance with this ***'True Constitution' in Accordance To Cosmic Law.***

ASSUMPTION 12.

That while the Universal Principles, Cosmic or Natural Laws and Orders of each Group Domain, including Nation, State and Social Group, will eventually be Applied to every country around the World where the Authorities, Powers and Duties of each Guardianship, Curatorship, Custodianship, Stewardship and Administrative Council, individual and group, will be likened to that of The Higher Christ Councils within the Higher Worlds of Shamballa, Hierarchy and Humanity within the Electronic Belt of the Sacred Cosmic Christ White Fire Light Substance of the Great Central Sun.

In this, All Rights to God Life, Divine Sovereignty and Liberty, shall be Sustained Innately within each person, in Peace, Harmony, Joy, Wholeness, Abundance, Health and Well-Being and Eternal Life, that are the Goals of this *'True Constitution'*, it will help to Know in the short-to-medium term that those who are the *'Champions'* of the *'People of God'*, in other words, those who are now in positions to start the questioning

of the actions of those who are in positions of any form of *'false authority'*, elected or unelected, may use the Cosmic *'Law of Challenge'* to assist in their proceedings for Seeking of the Truth while in the human courts, congressional hearings, government meetings, oversight committees, national or state reviews, or situations and circumstances of crime, fraud and scam disorders or any imbalances of whatsoever nature in whatsoever Sector of life of the *'People of God'*.

The Law of Challenge

The Law of Challenge states that everything that is experienced is considered to be mystical, prophetic dreams, visions, clairvoyant, etc., and must be challenged to see if it is a genuine psychic experience, a True Higher Connection, or Impression from the Higher Masters' Octaves.

One has the Divine Right to ask of another his or her Intent, Identity, and whatever pertinent information they may feel that is required when encountering any misaligned engagements. Those who come to you in the role of information-givers don't mind being challenged. Ask from where the information comes, and from who, and with your questions you may determine the Truth through your own discernment. Ask three times (*using the exact same words each time*) and you will be given the correct information.

Just as there is a difference between being aggressive and being assertive, there is also a difference between insulting and challenging anything or anyone who may be deemed to have a lesser awareness, intent, or reason for engagement. When

you encounter a disembodied being within another, you have the right to ask his or her intent, identity, and whatever else you truly feel is pertinent.

This first part relates more to the communications and information that is shared between the physical human being and other invisible beings, such as astral plane archetypes, psychic energies or disincarnate entities.

It can also relate to those from Higher Planes, from the Dimensional Realms of the 5th Dimension to the 9th Dimension and from the 10th and beyond to that which the Ascended Being, Jesus the Christ, Presently Resides, a Dimension called the Universal Equilibrium.

However, this *'Law of Challenge'* is a Law that also allows for such challenges to be served by one human being to another human being. When such a Challenge is delivered from personality to personality, then it will likely be ineffective due to the element of *'free will'* being implemented. But when a person is standing in the Power of the Impersonality with no personal agenda attached, other than to Know the Truth; they can Use the Inner God Power Within, through the Crown Chakra, to *'Assert the Fact'*, to Assert that the Truth Must Prevail. This Law is Present so that ANY person or any level of social order or caste, colour, religion or political persuasion or position of leadership, being questioned about any subject matter, MUST In the Name of God, before the *'Powers of God'*, answer the question Truthfully. This also has

Dominion over any person, no matter how demonic they may be, because in any level of separation consciousness, God Remains the Universal Source of All Life Form Energy of all Life.

God, then, gives each person the *'free will'* to offer the Truth freely of their position, but as God Intelligence is the All-Pervading Power In All, the third Call for the Truth bypasses the human mind and the Higher Mind of that person, the *'I AM'* Presence, intervenes and makes the individual tell the Truth. It is an uncontrollable response to the question, by the questioned.

This latter form of questioning will take a little practice to achieve the Perfect Exchange of Energies that will meet the questioner's awareness. Remember the axiom, *'there is not a sparrow that falls from the sky that God does not know about'*. So, if that is understood and accepted as Truth that *'there is not a thought, word or action of any human being that God does not know about'*, then this *Law of Challenge* shall prevail.

Equally, if a person is asked to relinquish certain works, information, data, communications, or evidence and denies answering, or fails to take the immediate action to produce such items of proof of existence, or filibustering to avoid deeper questioning that is practical and functionable for further facts of the subject matter can be elevated toward assessment, analysis or reviews to Reveal the Truth. Such a person can be subjected to the same Three-fold Law that will have such requests fulfilled. No

human being can deny this God-Given Law! There are no exceptions to this Law.

ASSUMPTION 13.

For the Truth-Seekers of the Coming Age, one needs to Acknowledge his or her interpretative mind and heart of being, and be able to capture and hold in the proper focus of prospective progress. Man or woman shall, once again, renew his or her intelligently guided drift toward sublime Reality. There is no greater deterrent to progress than the isolationism that evolves out of the sense of separation from Life wherein the smallness of the ego, pitted against indeterminate odds, lurks in the shadows of uncertainty.

The unforeseeable events of the future, by reason of their opacity, project little comfort into the longing heart which awaits some word from the Creative Mind of God, some foreknowledge of the depth of that Divine Love which God feels for each part of the vast Whole of the Cosmos in all of its immensity and greatness. From the least to the greatest minds of earth, all need the benefit of lasting Attunement with the Universal Consciousness of God. Mankind, through various religious concepts, have imagined God to be a *'creature creator'* simply because they themselves are *'creator-creatures'*. Using the tremendous outgoing energy of being, men and women have diligently imagined and imaged forth the *'Nature of God'*, while only the few have

Comprehended the Truth that God is Consciousness, and as Universal Consciousness, He/She Is Life, Intelligence, Will, and Love Manifest in a Rich variety of Dimensions and Attributes and available everywhere one cares to look and Knows how to attain such Truth. The Truth of God CANNOT be suppressed, nor can any human intellect or law thus prevent it from coming forth when correct enquiry is objectified and implemented.

God, then, is a Benign and Benevolent Impersonal Personality, a Personal Impersonality, a Personal Personality, and an Impersonal Impersonality, comprising the manifold or varieties of consciousness of being. God Gives and Gives of His/Her Creative Self to the Creatures that Mother, Father Consciousness has Made in the hope that they will Apprehend the Universal Consciousness of Function and Purpose and emulate His/Her Consciousness to the Fullness with which He/She has Endowed them.

As man and woman mature and grow throughout life, people imitate one another, consciously and unconsciously, mimicking the personalities that touch their lives. They dwell in such a sense of unreality that they persist in identifying themselves as abhorrent, detestable, hateful, and contemptible and disgraceful, shameful reprobates.

They accept not only the accusations of the *'accuser of our brethren'* whose machinations are exposed in the twelfth chapter of the Book of Revelation, but

also the burden of mounting waves of mass condemnation, which, like a raging sea, threatens to drown the Real Image of the 'I AM' Presence in an ocean of emotion. The Purpose of thought and feeling is to form the mold of fruitful and progressive experience, which, in turn, Endows mankind with the Highest Aspects of His/Her Divine Self.

ASSUMPTION 14.

The Law of Courage

To find one's Freedom, one must embrace the '*Law of Courage*'. The '*Law of Courage*' states that courage is the ability to not only face a danger, but to risk an action to defuse that danger. Fear departs when action enters. The degree of courage is in proportion to the degree of danger, risk and fear a courageous action must defuse.

To Achieve the results against any danger, risk or fear, one must enter the Self-Awareness and Self-Realization that that to '***Know God, One Must Know Themselves First***'.

Mankind has now sent forth enough Calls for the Responses of Higher Intelligences to offer the Support of the many now, not just the few! Humanity in sufficient numbers have now pierced the Veils between the Earth and Heavenly Realms.

For more to do this, **YOU** must Know Thyself First! The phrase '*Know Thyself*' was not invented by Socrates (470 – 399BC), as some may believe. It is a maxim inscribed in stone upon the

Temple of Delphi. This assertion, imperative in the form, indicates that man and woman must stand and live according to their True Nature. Man and woman have to look at him/herself. There are two fundamental questions here.

Question 1: To find what?

Answer: This is an invitation, not an enforcement, to set you upon a Path of Introspection. This is a Point of Guidance that begins at this level of awareness and is connected to the Platonic Theory of Reminiscence. The Reminiscence Theory of Knowledge is in itself just that, a theory. A theory that the Greek philosopher Plato, 429–347 BC, where he believed that knowledge originated prior to birth in a hypothetical existence during which humans are exposed to the True Forms or Essences of things. It was believed that after birth, this knowledge is retrieved through reminiscence. But it is the closeness of his beliefs that we will look at that will allow you to take some smaller steps before you can understand the Greater Truth of those Impressions that were given to Plato and Socrates in their lives upon Earth.

Everyone, says Socrates, had the knowledge itself; it was just that he could not remember it to any detail that related to the Real Truth! This is in many ways where you are at this time. You can relate to Knowledge, but to Know that Knowledge comes with Application to God Life, not human life, as this is a very different thing! Knowledge **IS** inherent in mankind and is not outside of him or

herself. But it requires Wisdom in one's learning how to Remember that will break down the barriers of your lack of your Re-Membrance or the Re-Membering of your Divine Soul and Monadic Consciousness. Socrates was actually correct in his thinking, but that was only from the human standpoint, the reflections only of what he could see and evaluate from a physical application.

Question 2: By what means?

Answer: This Knowledge of One's own Higher Self can be achieved only through the Socratic Method to begin with; that is to say, the dialogue between the Soul and Itself, or between a student and his or her teacher. Socrates was as often in the role of questioner as an attendant within his own emotional states of being. Socrates' questions, because he actually Knew nothing, only perceived what he thought he knew from his own human perception and experiences, which attain the same result -- he knows nothing! He knew that he knew nothing because he sought what he did not Know which is the same thing as saying, if you seek the 'I AM' Presence outside of yourself, you will never Know It, because it is ONLY Within where that Knowledge will be found!

So, this is how humans stumble and fall in their efforts to Know Divine Spirituality, and hence, can only ever raise themselves to being humanly spiritual, which has nothing to do with Divine Spirituality at all! A human being spiritual is one who seeks what he or she believes to be spiritual outside of themselves, but with

Divine Spirituality, there is nothing to learn, nothing to attain, just to Be! But I tell you, Plato's Theory of Reminiscence can help those who follow their human spiritual activities, because sooner or later, the Truth will be revealed to them what Divine Spirituality is, The Truth of your Being beyond that of one's human perception of being human!

ASSUMPTION 15.

That to remember the great LAW, 'YOU REAP EXACTLY AS YOU SOW'. To know the True meaning of this Law will help release you from your states of adversity, because it is only your own thoughts that create these situations in your life. Remember the Parable Jesus gave the 'People of God' at the beginning of His Ministry.

'You cannot pick figs from brambles, or grapes from thorn trees, or harvest wheat from weeds'.

Think about this and understand this Parable because it is very important to you, not only today, but also throughout all your days and years to come, even into Eternity.

So, if you want to change your lives, change your thoughts. Change your words arising from those thoughts. Change your actions arising from the thoughts.

What is in your mind will create all your experiences -- your sickness, poverty, unhappiness and despair.

While one continues down the path of their wanton experiences repeatedly, one magnifies those experiences that will compound one's life to become even more of the disease, hardships, despondencies and dejections.

'Mother, Father Love' is the Source of all health, therefore, all thoughts and feelings contrary to *'Mother, Father Love'* brings disease and anguish.

Just as all your so-called evils and ailments begin in the mind, so does your *'Good to Be'* and your *'Good to Do'*!

Under these conditions, the *'Universal God Mind Power'* can do Its Perfect LOVE WORK in you.

You are being invited here to think and feel more carefully about what you give your energies to! If you carry on with the narratives based upon how you are being *'hard done by'*, then you will sustain that hardship feeding into the hands and mouths of those who mistreat you and know nothing of Love. Learn to follow and Speak and Give Love.

Remember, there are a few of whom you are accepting of their own beliefs of themselves, often sending you up the garden path to more misery, illness and unhappiness. Remember, that there is Nothing in the Universe that has Power over your own Life Force Energy,

NOTHING, not the powers of man or woman, not the power of their money, not the Laws that they make to corral you into further states of depression. You have the choice to give them your power to do that, which you have been giving for millennia of time already. Remember, three more things:

1. The ratio of madness to sanity, in accordance with the population or those who control the power today over those who allow them to do it, is 0.000375%.
2. No one has greater Power than God Universal Consciousness.
3. No human or man-made law has any jurisdiction over the Cosmic Laws or People of God.

There has never been in the History of Human Evolution anywhere in the Whole of the Creations of God that a Cosmic Christ Mandate, such as this, has ever been Proclaimed Directly from the Source of God to a Human Race. This Divine Plan is not a human plan. It was conceived within the Chambers of Shamballa 90 years ago, and Grounded, Inaugurated and Implemented by human beings themselves, by their own volitions. *'You'* who are reading this now can align yourselves to become those who will become the Champions and Ambassadors for a New Human Race, who will accept the Divine Authority, along with God Responsibilities, to put it into Love In Action. It will not happen overnight, and it is, at this stage, being said that it may take 300 years to complete this Earth

Evolutionary Phase. That is 15 Generations of New Children.

We Know, however, that this is not set in concrete, and all shall depend upon the Amalgamation of the *'People of God'* to Unite within a Single Fusion of all the facets of human life as soon as is practically possible. There are 250,000 Representatives of Human Races here upon the Planet today, all blending their Universal Experiences within this Life Adventure of Experiment, Trials and Investigations of how a whole human race can come together to Ascend en masse. Not like Jesus or the other Masters have done in the past, but his time as a Whole United Group Living Organism, where all are Equal, Functioning within a Synthesis of Love in Action to a Group Life.

All of humanity has a Role to Play, just as the 'false power elite' have had theirs. Jesus asked God to Forgive those who placed Him upon the Cross, and humanity today has the same Opportunity to raise themselves out of their own imbalanced lives by the 'Law of Forgiveness', Loving those 'false power elites, criminals and those that use power over others for their own gains' who are all Equal in the Eyes of God. And while they do not know what they are doing to humanity on one level, the God Within them DOES KNOW! And if

man and woman can know this also, then the Earth can Change, Humanity can Change, as soon as they start Living a God Life away from separation consciousness. This can happen in as little as a decade if the 'People of God' can come together in One Mighty Voice for change!

Rather, Seek ONLY Now That Which Is Unseen!

May You Pass Every Test.

Take the Path of Least Resistance!

No Longer Seek Further That Which Is Seen.

Posit XV

THE SUMMATION FOR THE COSMIC CHRIST MANDATE, TRUE CONSTITUTION AND DECLARATION FOR THE FREEDOM OF HUMANITY.

On the 3rd of August 2019, Lord Jesus, The Christ, came as a Guest Speaker in a Circle of Light Gathering which was convened to prepare a New Petition for a Grant for humanity to clean up the world's radioactivity and nuclear fallouts from humanity's misuse of Nuclear Power. That Gathering was called The Earth's Nuclear And Chemical Affairs Council, 'ENACA' Petition, for short. As detailed in these Posits, all Creations upon Earth by human beings MUST first receive the Permission from the Directors of the Karmic Board, else any such creation by mankind will simply become a human plan and will be destined to self-destruct under its own weight of the karma created along with it, for it is created Only by the use of mankind's ego personality power. The full Petition for the 'ENACA' and the Granting of this Petition will be found upon the EGA Websites

elementalgracealliance.com or cosmicchrist.academy its Library Extension.

ASSUMPTION 1.

Part 10 ENACA Series

LORD JESUS THE CHRIST: Beloved and Precious Members of this Alliance Council and All who are listening or reading this Discourse, I asked if I may Address this Council for reasons I shall explain in a moment. And so, I Stand before you in My Full Radiance of the Sacred White Fire Substance to show All who have the Eyes and Heart to See that which awaits All Beloved Human Beings Who will Come to the Self-Realization that They, Too, Are the Sons and Daughters of God, not just the Sons and Daughters of Man! For you see, Dear Hearts, the same Genetic Patterning is within them as They Were within Me when I was that human being incarnate upon the Earth. They too, contain all the Codes and Patterns of Life, the Genetic Encodements within the Living Organism of All Mother, Father God's Creations that represent the greater '*Digital Libraries of Consciousness*' in form.

These Codes lay coiled and concealed within EVERY single Living Cell of humanity, wound into the famous helical patterns of their DNA. These Encodements are also one of those attributes that is found in All Life forms, since it alone maintains the very rhythmical patterns that allow an Organism to Stabilise Itself within its own particular environment. This, then, is the Great Mystery which humanity still to this day and even your scientists, do not quite understand just yet! These Codes of the Living Organism all Unite together, not as separate organisms, but into one great Universal Rhythm, the '*Pulse of Life*', where none are separate, where All are interdependent upon the other.

Today, I Come to provide some VERY Clear specifics and essential aspects and details as to what is taking place within this Council Discussion. This Elemental Grace Alliance, had it not come into Formation at this time, would have, more than likely, led to another major turning point away from the Divine Plan for this Human Evolution of the Adam/Lilith Kadmon Man and Woman. So, Who is the Authority of the Cosmic Law as to what is to Act out here upon this Planet Earth?

First, I wish to reiterate what Our Beloved St. Germain said about the assistance of the Intergalactic Human Beings and the use of technology here on Earth. He said:

“So once again, Dear Ones, the Qualification by the ‘I AM’ Presence is most important! But here is a VERY firm admonishment! Qualification cannot be received through channelling other entities, for who knows the difference between entities attached to psychic stratum or who are offering Their Services from within the Electronic Belt? So-called Galactic Beings are not coming from the Electronic Belt. They may be very Loving and helpful, but these Dear Ones are mostly humanoid and, thus, work from within spacecraft and through technological mechanisms. And who can say who is who, when it is so easy to be led as a disempowered human being, who may just want to believe the highest without Qualifying the Source?” End Excerpt.

Therefore, the very fact that these Discourses are the Qualification of this subject matter only from that which is shared from those Who have Qualified Themselves have the Right to be here! Of Course, once the Grants or whatever is Agreed herein, then if it is desired to use the benevolent help of these Galactic Beings, then there shall be Compliance on All Levels. But let it be very clear, no Galactic Being, no matter how pure their intentions, have the Right to do *‘anything’* here on Planet Earth that has been asked for, commissioned or desired by any human being who does not have the Karmic Board of Directors’ Grants and Permissions to make those calls. There have been some circumstances where the Masters have asked for such assistance, but They, in turn, have the Grants and Permissions from the Karmic Board to do so. Now that this understanding is firmly fixed in place, We can continue.

Beloved Ones of God’s Heart, ‘I AM’ Come to Fulfil the Promises I made so long ago. And today, if you will enter with Me into the Greater Release of the Sacred Fire from Our Octave, which MUST come to Earth in Order to be the Love that Holds Command, then you shall have the Blessing that Only Love can Bestow. I want you to feel the Power which It is, for It is all the Real Power there is in the Universe. It is the Only Transmuting Power; It is the Only Power of Victory; It is the Only Authority and Command that is the Gift of Life; And It Is Immortal.

I Knew well enough when I said, *‘If I be lifted up, I will draw all mankind unto Me’*, because I Knew the Power of that Miracle Love from the Mighty ‘I AM’ Presence in the Great Central Sun that is the Authority throughout All Systems of Worlds. I Knew that Love, for It had answered Me and produced Manifestations every time I Called It into outer action. And therefore, as you learn to use Its Authority and Power of the Great Command to Life and know that the Great Central Sun Magnet is a Powerful Focus of the Activity of that Love in the physical World, you will move into Action and have the use of the Greater Powers of Life to bring you more quickly the fulfilment of your Calls.

Now, in the use of the Luminous Presence, you can provide Me with a Receptacle, a Cup of Life, as it were, into which I Can Focus an Eternal Flame of the Ascended Jesus Christ Command and Victory of Light which ‘I AM’ Became. When you realize that as you hold the Picture of My Luminous Presence clearly within your consciousness or around an individual or a condition or a Nation or the World, I Can Place within that Luminous Presence a Living Flame, the Honour Flame of that Mighty ‘I AM’ Presence in the Great Central Sun whose Miracle Love sustains the Universe. And this is a Mighty Power, which I hope with all My Being you will take up and use and give Me the Opportunity to use the Power of the Great Central Sun Magnet to raise every Lifestream out of its human creation as I Promised long ago.

When you realize that the Luminous Presence of Myself or any Ascended Master, where We Focus an Action of the Sacred Fire within that and Charge It with the Power of the Great Central Sun Magnet and then hold It around an individual or a condition, It immediately begins to Raise that out of the vibratory action, out of the substance, out of the feeling and out of the conditions of that which is of limitation, of human limitation.

These are Powerful Cosmic Laws that are being drawn to your attention and held before your consciousness again and again and again; and ‘I AM’ ready, with your cooperation, to draw more of this Activity of the Sacred Fire into the conditions that surround you, if you want to be Free from the problems and the mistakes of the past.

And one of those which I wish to draw your attention to specifically today for immediate action is that of the addiction to technology. Of course, there are many forms of addiction and there are many forms of technology, not just what is mechanical in nature! And We can speak of these another time, but as this is all about the use of technology, then this is of prime importance right now!

You have now heard within these very Discourses by Lord Melchizedek about the *'time binding – contraction of time'*! He said, in Part 5:

"Finally, if I may say to each of you reading this, including all the Intergalactic Emissaries of Light, this is indeed an Activation in its own Rite, if One Reads the Light Language Overlaid and Interwoven within these words for a 'Time Binding and Time Contraction' to take place! This is an Opportunity that has the potential to pull back the loss of time of this Artificial Time Cell that this Earth is in right now and to draw it closer, back to its 'Natural Time Cell' where It Belongs!

Beloved Sons and Daughters of God, are you Listening?

I Am Lord Melchizedek offering this Illumination for your Journey within this Divine Plan! Think Radiation Temples, Dear Ones. Divine your Christ Consciousness and Circles of Light! Become the 'I AM' Presence.

A 'Time Contraction' is upon you!" End Excerpt.

Dear Sons and Daughters of Man, as Sons and Daughters of God, you need to know that a *'contraction of time'* is upon you, indeed! Loosely explained, that means that you have before you a Crossroad that faces humanity! One Path leads to a Planet that will succumb to technology and, thus, will lock humanity into a virtual reality that shall be one of the hardest addictions to ever escape from. The other is one where the use of technology shall allow for the expansion of consciousness whereby that technology will dissolve and be surpassed by God Consciousness within the Higher Octaves of Christ Consciousness. The latter is one that the Human Evolutionary Path was always destined for! So, there is little time now to remove that alternative path if the mass Ascension of humanity is going to turn themselves upon the Path to Freedom. As the Sons and Daughters of God who have the Powers Invested in Them and Who are presently Petitioning for the Grants and Dispensations to turn human heads and hearts away from addictive technology, this is most definitely a New Human Opportunity to be the Salvation of a World in need!

The New Children upon the Planet cannot afford to be corralled within any mightier deceptions of false power and limitations. This single choice alone can place the Evolution of Humanity here on Planet Earth back into their *'Natural Time Cell'*. But also, as Beloved Myra of the Lyran Galactic Council for Human Affairs has shared with you, it will allow for the complete dissolution of time as you know it, so that humanity, as a New Species of the Adam/Lilith Kadmon Race, will fulfil its Own Destiny to Live in the Perfected State of the Now Moment Expressing the *'I AM'* Presence within EVERY Pulse of Life Choice!

Now, remember, *'I AM'* an Authority to the Earth as one of the Chohans and the Chohan of the Golden Ray. Your Beloved Saint Germain is an Authority to the Earth, as is the Great Goddess of Justice Who will shortly take Her Hand in International Affairs and reveal what God's Justice to Life means and reveal that to man.

The ignorance of mankind must be consumed, My Dear Ones; and their denial and defiance of the Cosmic Beings Who have Created this World and Who are the Redeemers of this World and Who are the Sustainers of this World are no longer to be denied by human beings who are bound in the darkness of their own mistakes.

I want you to know that so you can face the future with the Authority of Eternity; with the Power of the Great Command; with the Love of God's Heart; and with Freedom to Life. You can have It all, if you so decide, but your decision cannot be of the intellect alone. Your decision must be with all your Mind; with all your Heart, which means all of your Life Flame; with all your Soul, which is all the Energy of your Feeling world; with all your

Strength, which means all the Light that is in your Causal Body gathered through the centuries from constructive use of your Life in lifetimes past.

And when you decide with all your Feeling that you aren't going to have any more mistakes nor tolerate them, you are not going to have any more problems, then We will step forward, and the Cosmic Law Will Act to Fulfill your Demand. When you Demand your world Purified, set into Divine Order and cut free from the old humanness, then God Will Accept your World; and God Will Be in your World and God Will Fill your World with that Mighty Presence, the 'I AM', which is God in Action, the very Life Flame from the Central Sun in you and your affairs. It is time mankind came to the Conscious Understanding and use of the Divine Fire of Creation, the Sacred Fire of the Miracle Love that always Creates Perfection, that always Protects that which is of God, that always is the Authority everywhere over all the Energy there is in the Universe. This is the Law of Life.

And therefore, in the Statement, "I AM' the Resurrection and the Life', if you understand that as My Luminous Presence and My Heart's Flame within that Luminous Presence, focusing the Full Perfection of My Resurrection and the Ascension with the Power of the Great Central Sun Magnet, you will find It alive in you. You will find It acting in you. You will find It Blessing you. You will find It your Victory in your affairs.

I Know what I can do! I Know what My Love can do! I Know what It has done! I Know what It is yet to do. And 'I AM' the Authority, 'I AM' Its Presence, 'I AM' Its Power of Eternal Command. This is the reason that I long ago drew to the attention of the 'I AM' Student Body, and now herein with you who are reading this, the reference to the Great Central Sun Magnet. If you thoroughly understand what that means, you will never allow discord again to enter the energy of your Lifestream or your world or any part of Life where you Command it to be gone.

You are not at the mercy of human creation. 'I AM' Returning you to your Divine Birthright; and as the Power of that Great Central Sun Magnet which 'I AM' to the Earth, then 'I AM' the Sacred Fire and Miracle Love that can draw you into the Victory of God's Heart. And if you are as determined to have your Freedom as 'I AM' to Give It, you'll have It!

So, let Us go forward, Beloved Ones, knowing your Divine Authority of God's Heart. You are God's Heart Flame. Recognize yourselves as such, and the Powers of that Life Flame shall surge through you and produce the Manifestations that reveal the Perfection of God and reveal God in you Made Manifest. 'I AM' saying this to all Life in this world forever.

When the Cosmic Light is nearing the Earth in greater Intensity, the Life in mankind and all forms on this Earth become aware of that Approaching Light. When the Sacred Fire begins to send the Manifestations of Itself Here and There, in various portions of the Earth, then the Life in mankind will begin to become aware of the Sacred Fire and understand something of what It means in the Universe. When people turn their attention to Me and ask for My Ascended Jesus Christ Cosmic Victory and Understanding of what the Sacred Fire means to Life, then that shall become alive in them.

And when that Desire goes forth from within an individual and it comes to Us, Our Love returning, in Answer to that, is as if you fanned a flame and it Burst into a Glorious Sun. Such is your Privilege as the Sons of God. Such is your Destiny as the Flame of God's Heart. Such is your Opportunity as those chosen to bring this Knowledge of the 'I AM' to the rest of the people of the Earth.

So, it was not idly that I Spoke those Great Commands so long ago. When I said, "I AM' the Open Door that no man can shut', that also had reference to the Great Central Sun Magnet, for the Open Door that is an Arch that has no door to close is a Magnet to draw the individual through into the Realm of Light.

Mankind have heard these Statements, but they know not what they mean, because they must have the Illumination, the Radiation, the Love and the Enfolding Flame from some Ascended Master or Cosmic Being to

enfold the outer self and stand the human creation aside until the Mighty 'I AM' Presence of the individual has made the outer intellect understand what those Words mean.

And therefore, it is necessary that this Explanation of the Law comes into outer world conditions, into the physical affairs of mankind, into the governments of the world, into business, into the minds and bodies of the people, until the Sacred Fire Expands with such Intensity that It consumes the human creation that has darkened the minds of men and women and enslaved their feelings to destruction.

When I said again and again and again, *'The things I do shall ye do also and greater things than these shall ye do'*, I held before mankind then the Magnet of Eternal Hope, that if they would reach up, the Answer would come from Above; and that which had been the limitations that had held them in distress should be cut away and they Arise in the Divine Birthright of Their Own Life Flame and Turn Godward and be Free.

Now, since there has been anchored, or rather, created, in certain channels of the outer world the frightful conditions of filth and disorder and dishonour to God, then those of you who choose to become a Part of My Flame, My Heart's Flame; Indeed, of My Power and My Powers of Victory over this World become also a part of the Heart Flame of your Mighty Master Saint Germain and His Victory of Freedom in this World from the human limitations of the hordes of darkness.

Then Know that the Destiny of the Sacred Fire and the Miracle Powers of Its use always Manifest Perfection. And this you must draw into the physical octave if you are to have Freedom, if you are to assist the Earth, if you are to Fulfil the Divine Plan, for I Assure you, the Divine Plan of this Earth is not the destruction which the hordes of darkness intend. I Can Assure you of that Forever. The Destiny of this World is the Destiny of the Ascension, and therefore, the Life, the Substance and the Energy on the Earth, in the Earth, in the Atmosphere of Earth MUST Ascend into the Vibratory Action of the Ascended Masters' Octave. Therefore, when I said, *'I AM' the Light of the World'*, I meant it! I Still Mean It! And, I Still 'AM' the Light of the World!

Now, if you will go forward, realizing how close I Can Be to you as you hold My Luminous Presence around you, as you feel yourselves enfolded in My Heart's Flame of My Victory over this World, of My Love in Consciousness, Eternal Command of My Power in Action in, through and around you, I will be there in the midst of you, and the Victory which 'I AM' shall Manifest through you, the Freedom for which you call.

So Beloved Ones, the Power Now of the Sacred Fire must come into certain conditions of this World. The Powers of My Sacred Fire of Miracle Love are yours to use and can come into you just as surely as Light comes from the Physical Sun to the Earth. I Can Become a Sun of the Ascended Jesus Christ Miracle Power and Cosmic Christ Victory in you to make you Alive with the Light which 'I AM'; and with the use of My Powers, to help you go forward to the Freedom which you desire and to the Fulfilment of the Divine Plan, as you Demand It to Come Forth by the Sacred Fire, which 'I AM'.

I Trust the Power of My Love and the Sacred Fire of Its Victory over this World Will Become Alive in you within My Luminous Presence; and the Power of the Great Command and the Great Central Sun Magnet reveal in you and your affairs the Truth 'I AM' speaking this hour. This is to become, and is forever, the *'Law of the Earth'*, and you are those who have the Right and the Sceptre of Power to use these Divine Powers of the Sacred Fire in physical conditions that forever Must be Purified and brought into Perfection.

And I tell you, just the people reading or listening to this, when you understand that you are the Will of the People of the World, then do you not see if you Become My Will in Action, that I can only Will for all their Freedom from human creation. Then if you Become the Will of My Freedom to Life and My Victory over this World, then that Becomes the Law of your Nation and World. The Will of the People is the Law, and therefore, when you call for the Will of the Ascended Host to become the Law of your Land, you will know how Great is

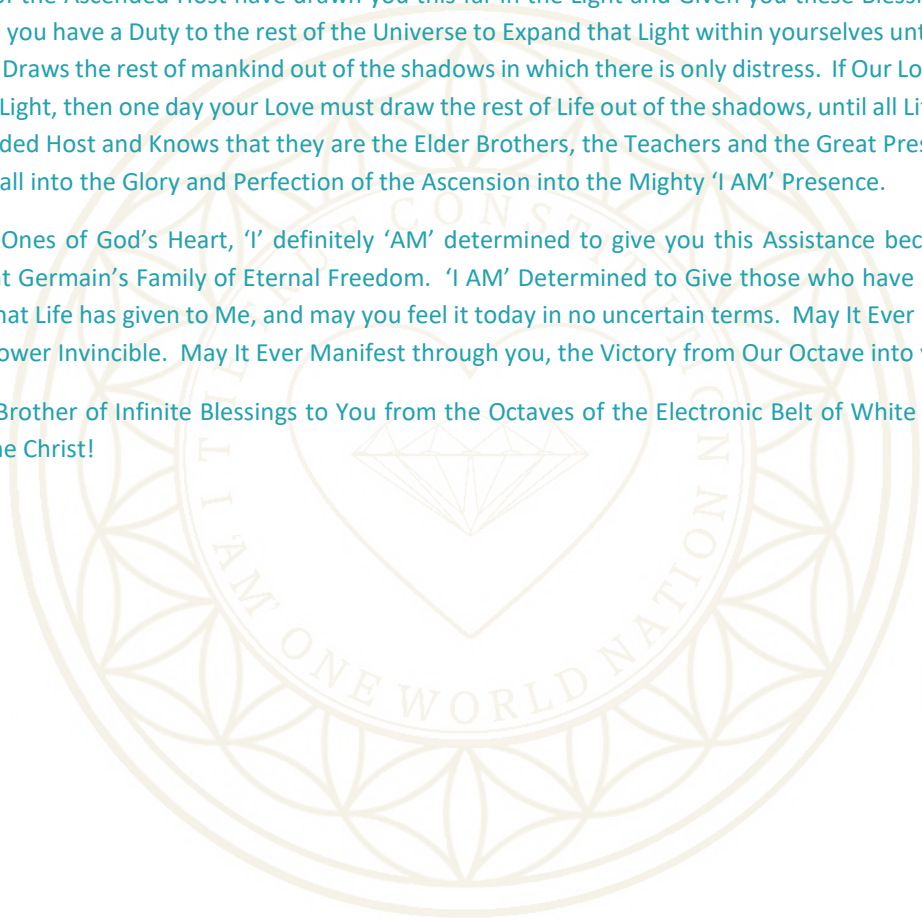

Their Love, how Great It has been, how Great It is, and how Great It will yet be, to Purify the conditions that have tortured and destroyed mankind through the centuries.

'I AM' pleading with you today, for if you step forward and do this, there can come such an Expansion of the Light for you and such Blessings to your Nation and World as shall cause the people of the Land to know that the Day of Miracles has not passed and Will Never end. You can be the Miracle Presence, My Dear Ones, of Healing to your fellow man. You can be the Miracle Presence of the Illumination that consumes the darkness. You Can Be the Miracle Presence of Our Consciousness to Life, and you Can Be the Miracle Presence that brings Light everywhere the darkness has ever attempted to come forth. You have Full Authority; you have Full Power; you have the Understanding. May I Say, you have the Responsibility, and the Duty is clearly outlined before you.

You Owe a Duty to Life! After Life has given you this much Freedom, after the Love of the Mighty Saint Germain and Others of the Ascended Host have drawn you this far in the Light and Given you these Blessings from Our Octave, then you have a Duty to the rest of the Universe to Expand that Light within yourselves until you are the Magnet that Draws the rest of mankind out of the shadows in which there is only distress. If Our Love has Drawn you into the Light, then one day your Love must draw the rest of Life out of the shadows, until all Life turns again to the Ascended Host and Knows that they are the Elder Brothers, the Teachers and the Great Presence of God, Ever Raising all into the Glory and Perfection of the Ascension into the Mighty 'I AM' Presence.

So, Beloved Ones of God's Heart, 'I' definitely 'AM' determined to give you this Assistance because you are Beloved Saint Germain's Family of Eternal Freedom. 'I AM' Determined to Give those who have stood by Him everything that Life has given to Me, and may you feel it today in no uncertain terms. May It Ever remain about you with a Power Invincible. May It Ever Manifest through you, the Victory from Our Octave into yours.

'I AM' Your Brother of Infinite Blessings to You from the Octaves of the Electronic Belt of White Fire Light – 'I AM' Jesus The Christ!

Posit XVI

JESUS SPEAKS: 'I AM' DETERMINED TO GIVE THOSE WHO HAVE STOOD BY HIM EVERYTHING THAT LIFE HAS GIVEN TO ME, AND MAY YOU FEEL IT TODAY IN NO UNCERTAIN TERMS. MAY IT EVER REMAIN ABOUT YOU WITH A POWER INVINCIBLE. MAY IT EVER MANIFEST THROUGH YOU, THE VICTORY FROM OUR OCTAVE INTO YOURS.

'I AM' YOUR BROTHER OF INFINITE BLESSINGS TO YOU FROM THE OCTAVES OF THE ELECTRONIC BELT OF WHITE FIRE LIGHT – 'I AM' JESUS THE CHRIST!

HOW DOES HUMANITY TURN THE MISCREATIONS OF HUMAN LIFE AROUND, REMOVING ALL INIQUITY AND UNLOVING BEHAVIORS NO MATTER WHAT THE FORM OR IMBALANCE?

ASSUMPTION 1.

You might imagine that the way you think is so different from the way I think that they are incomparable, but thinking is not an accurate description of what I do or of what occurs in Unity. I Am and I extend What I Am. This Discourse is, then, that Extension -- God's Idea of You Extended and Became You and Me and all the Sons and Daughters of Creation.

I say to You, that you Give and You Receive from the '*Well of Spirit*' by Way of the Threefold Flame, its Balanced Masculine and Feminine Holy Union and Electrons that Clothe such Divine Unity and Wisdom, and so the True Giving and Receiving is of Unity of the Christed

Universal Consciousness Held Within It. The Access of this All Knowing is only restricted by the limitation that the ego mind places around It! True Giving and Receiving of Life, that is, the Electrons, that pass through your '*Well of Spirit*', is not of the separated thought, or the separated thought system of the separated self.

Your continued acceptance of your past concepts and beliefs are but the results you continue to miscreate. Your Self-Realization that you are not your past beliefs will allow you to embrace the Reality of Who You Have Always Been in order to go on to the Contributions toward Creation of the New. You MUST Create the New from, and within, the Holy Union of Universal Father-Mother Consciousness and Its Unity with All.

I mentioned desire in My opening paragraph. Let me ask you a question. Do you think desire will still be with you when you have achieved what you have desired? Is it not possible to conceive of a time in which desire will no longer serve you, just as learning now no longer serves you? If you reach a State of Full Acceptance of Who You Are, and in that State Fully Accept that Your Contribution is Being Made, will desire still be with you?

The way to achieve this state is through Acceptance that it is already accomplished; and yet, as soon as your thoughts begin to accept this, many of you reverse the direction of your thoughts and turn to ideas of what you still need to do to accomplish your

Calling to make your Contribution. Such is the way of the mind, the way of the thoughts of the mind.

Now, I return you to your idea of how these words have come to you, for if you can fully accept the way in which these words have been Given and Received, you will see that you can fully accept the *'Way of Unity'*.

ASSUMPTION 2.

The Captain and the Ship. You are the Captain of your own Ship! As that Captain, as you see on the horizon a new land coming into view, would you sail blindly toward that island without doing your due diligence to check for any rocky outcrops, or perhaps coral reefs below the water line? Would you sail straight to shore and anchor directly in the waves destined to crash upon the sand or rocks?

So, perhaps your ship has lost its rudder, or you are not a captain and just a survivor of some shipwreck laying in a lifeboat without an oar or rudder and accepting of your fate to the wind and sea.

This analogy may seem somewhat simple and so old in its content, but, Dear Souls, this is where most of humanity is today, drifting upon the ocean of despair in a boat with no direction or no sustenance of hope, and he or she realises not that the boat they are in, called a human life, is an illusion of God's Life in him or her. Little do they know that they ARE The Captain of a Mighty

God Ship with its own Inner Guidance. That is not a physical determinant of what direction it should take; rather, it is the Heart of Its Own Intuitional States of Consciousness, Innate and All-Pervading in Nature and Scope. If the rocks upon the shoreline or the possibility of the underwater coral reefs could bring the ship to its demise through multiple snags between the limitations of the clear channels or through a single blow that breaches the hull, then any wise Captain would hold His or Her Course for the **Path of Least Resistance.**

The Path to Freedom that you Seek, as a Captain of the New World, is not that path where rocks and underwater coral reefs await you to become grounded upon, at the very least, or your demise at the very worst! Your Path is not a fight-or-flight scenario if you wish to reach the Shores of the New Erthe. Rocks and Corals have no more power than you yourselves believe they have! So, think not that you are less in power than any Rock Formation or Coral Reef. Rocks are unmoveable, just like the Dark Forces today! They will fight and bare their truth in the face of all that comes to face them or deny their existence, but God has ways of wearing such formations down until they are sands upon the beach or earth upon the lands from which new life will spring. Coral, standing for those who do the work of the dark forces but slightly less dense than they, are thus more susceptible to God's Laws of Attrition. To God, the

Energy to wear down coral or stone is exactly the same!

ASSUMPTION 3.

The Divine Plan. Like the analogy of the Captain and the Ship, the Captain in His or Her situation pays no more attention to the location and position of such rocks and coral reefs than is required. He or she then places all his or her focus upon his or her destination and of landing in the New World, thinking ONLY of that which he or she needs to Create to make that a Successful Manifestation.

ASSUMPTION 4.

The Call From Within the Silence. It is said that more can be achieved in the Silence than outspoken words. One, then, does not have to face off with any dark forces physically, and if enough people around the world can get into a place of Silence within their sacred space, home or gathering place with others, or just walking in silence down the street, then think about the following. You will soon come to realize that by following these simple, but powerful, means, you can Call Forth God Universal Energies to do the work that attrition will provide to wear away the denser energies that keep humanity in their states of oppression. When you see anything anywhere, all you need to do is say in your own mind or out loud if you feel that call to make to God In God's Name. The more intense the Love In Action, your call will Come to dissolve all

negativity that denies humanity their Rights to be Free! From the 'I AM' Activity Discourses, Vol 18, Discourse 18, by God Meru of the Mountain Ranges of the World on the 22nd of December, said this:

*"From tonight, whenever you think of the conditions in the Americas, or any portion of the world, wherever there is the battle between Light and darkness, wherever the hordes of evil try to take away from mankind the Consciousness of God and the Authority and Wisdom and Power of God to control manifestation, I wish you, at least privately within yourselves, would absolutely issue the Command to any suggestion that comes to you and neutralize it by this exact phrase of Words, which are a Cosmic Fiat to Life. When you say, **'By the Presence and all Activities of the Sacred Fire of the 'Beloved 'I AM' Presence' and the Ascended Host, evil shall not succeed'**. Just give it the Command like that, go on your way, and forget it.*

*"Call to Us! Call to your Beloved 'I AM' Presence first always, and then to Us; but issue this Fiat, because when you use the phrase, **'They shall not pass'**, or **'Destructive forces shall not succeed'**, it's just like you exploded Blue Lightning into a condition and shattered it, breaking its focus of action, and then the Sacred Fire consumes it. But call always to your Beloved 'I AM' Presence and the Ascended Host to release all Activities of the Sacred Fire that move into all destructive conditions with this Fiat: **Destructive activities shall not succeed!***

For God the 'Mighty 'I AM' Presence' is Sacred Fire Victory everywhere forever Invincible for Eternity! Just send that into the ethers suddenly like that and go on your way.

*"I have many reasons for this, Beloved Ones, because those of you who are here from foreign lands, if you just give this Decree into the atmosphere wherever you are abiding, it keeps certain destructive activities from condensing to the point where they might accomplish some of their diabolical plans. With all the Power of your beings, take the Authority of your Beloved 'I AM' Presence and the Ascended Masters' Octave of Light; for We have given you the Use of Our Consciousness, and It is your Call of the Consciousness of your 'I AM' Presence into Love in Action and the Consciousness of the Ascended Host to release all Sacred Fire. Then the Sacred Fire speaks to destructive forces, and It is the Sacred Fire that says, '**evil shall not succeed**'!*

*"I have a very definite reason for this. When you issue that Command into the ethers, let It go on Its Way, and We'll take care of the results. When you use your Authority of your Beloved 'I AM' Presence and Our Consciousness and you issue the Cosmic Phrase that '**evil shall not succeed**', it's just as if you blazed a Sun of Lightning into the accumulating destructively qualified force and not only shattered its action, but forced the Purification of the energy. Call Forth all Activities of the Sacred Fire to speak to*

*evil, and the Sacred Fire says to evil, '**You shall not succeed**'!*

*"When you ask your Beloved 'I AM' Presence and the Ascended Host to blaze all Activities of the Sacred Fire into destructive activities with the Call that the Sacred Fire says to all evil, '**You shall not succeed**', then you do not quite understand yet; but the Authority and the Power and Consciousness released, which is the Power that draws the Sacred Fire into physical conditions, when you ask that Sacred Fire to speak that Command, you, by your own thoughts and feelings and words, speak those Words into the atmosphere around you. But when the Cosmic Fiat goes forth from the Ascended Masters' Temples of the Sacred Fire, mankind does not yet understand that within the Sacred Fire is the Presence of Command.*

*"Within the Sacred Fire of your own Heart's Flame is your Ability and Power and Consciousness of Light to Command. Within the Sevenfold Flame of the Seven Mighty Elohim within your forehead is the Ascended Masters' Consciousness and Power of the Light within you to Command. And so, when you understand that and ask your Beloved 'I AM' Presence and the Ascended Host to Blaze all Activities of the Sacred Fire that speak to all evil the Great Command that '**evil shall not succeed**', you will shatter many times, in one Command, a focus of destructive activity that it has taken centuries to build". End Excerpt.*

Be sure, however, that you have no harmful thoughtform in your mind and

that you are saying it in Love from your Heart, else it could have a reverse action, for that which you send forth, if not Truly Loving and for the Greatest Good of All, will return back to you at another appropriate time, and that generally arrives when one least expects it! Send out via your Integrity, not out of resentment or more judgement. You could also add if you truly wish to make a difference, ***'Forgive them Father for they know not what they do!' Bless them 3 times and go on your way!***

ASSUMPTION 5.

Know Your Rights. Start thinking About Your Sovereignty and how this works in Truth against all man-made laws. Remember, Cosmic Law is All-Pervading and the ONLY Authority under God! As Sovereign Beings, you are not obligated to follow any dictates from any government or false authority that acts in ways less than the *'Law of Freedom'*. You are not obligated to do what they ask or tell you to do. Their laws are not enforceable unless you give them that power to enforce them, which means you agree to such enforcements. But be very clear, do not try this while your position is not Fully Embodied. Know Your Sovereign Rights and that you Own them Wholeheartedly. Half-hearted actions and claims will be thwarted by the level of Vibratory Frequencies you project, and these things cannot be fudged, cannot be forced, and there are no exceptions to the *'Law of*

Resonances', detailed in this 1st Resolution.

Humanity is facing so many serious restraints now being placed upon them by the forces of darkness, and to be able to stand in the face of such adversities you will need to KNOW your Sovereign Rights and what that means to show and become that Immoveable Rock of Conviction. Be Peaceful, in Harmlessness, and Assertive where necessary when challenged. Call upon the Powers of Jesus The Christ and the Masters' Octaves when, and if, required; and the more in number who can become that *'Wall of Immutable and Unchallengeable God Power'*, the quicker the *'false elite'* will dissolve and fall away.

ADDENDUM 6.

Your Right to Declare Yourself a Sovereign Being. While it is True that anyone can declare themselves Sovereign Beings, and many do, most, if not all, Declarations for Human Rights will make such distinctions whereby such Statements or Assumptions of the Declarations, if they are created through the application of man-made statutory or common law claims, may not stand, and quickly denounced as grand illusionary desires thus being swiftly denied, along with possible human consequences. In the case of the Declaration of Independence of the United States of America, for example, while this Declaration and the U.S. Constitution were based upon Higher

Cosmic Laws, neither were Petitioned Directly to the Karmic Board of Directors by human being; mainly because at that time it could be said that these Higher Entities and God Intelligences were not perceived within human relationships or consciousness. As it has been clearly defined in the **'True Constitution'**, the **'Declaration For the Freedom of Humanity'** and this '1st Proclamation Resolution Trust Instrument', The *'Law of Petitions'* for all *'human creations'* **MUST** be presented to the Karmic Board, else they become prone to failure due to the human application of ego personality to such creative endeavours. Eventually, sooner or later, such personal declarations, claims and constitutions, will fail or be dissolved.

However, while the U.S. Constitution and Declaration of Independence were assisted by an Unknown Man, now Identified as the Ascended Comte de St. Germain, who assisted in bringing to fruition these Human Rights Constitutions, these were not entirely created by human ego personalities alone.

So, while world Freedom Rights and Civil Liberties are failing now against the onslaught of the dark forces, up to this moment in time, it has been necessary to Re-Establish these Human Rights based upon the existing Constitutions and Declarations. **This time**, however, it is important that these be Created Wholly Founded in Accordance With Cosmic Law, where all Laws have been followed, and when presented to the Karmic

Board, had a Dispensation Granted that can never be challenged, disputed or rendered insufficient to Hold True to the Laws of the Cosmos. In other words, "The Statements of Being a God Sovereign Being become Unchallengeable by ANY human law, or judicial authority.

The Elemental Grace Alliance undertook that process, for and on behalf of the Whole of Humanity, so that the People of the World, All Nations, did not need to go through this process to receive such Grants and Dispensations. **This 'Cosmic Christ Mandate', 'True Constitution', 'Declaration For the Freedom of Humanity' and the '1st Resolution'** do not override any other Human Right Constitution or Declaration, but simply Reinforces Them and Underpins a more Indestructible and Undeniable Status.

While this *'True Constitution'* and all has been Executed by unascended human beings in the Presence of St Germain and Jesus the Christ and so many more God Intelligences, whomever wishes to declare themselves as part of this Constitution and Declaration For the Freedom Of Humanity does so as a God-Given Right. It is not necessary, but it could make all the difference for such Indentures when executed and placed upon the Scrolls of one's Life, stating that such a Declaration, Pledge and Decree will offer the greater benefits for fast-tracking one's Life Energies into Higher Consciousness. Remember that this is a personal choice, and no obligation is claimed or implied.

So, the EGA has prepared all these Indentures to be downloaded by anyone, free of any charge or encumbrances, who may wish to sign this 'True Constitution' and/or '1st Resolution' as your own record to that which you may wish to keep and show as you wish. Each Indenture can be used by individuals or Group in Signings. Remember that this is all about the People, not any government leaders. If the People of the World are going to become their own Governors and Administrators, then this Act of Execution will show your Acceptance to God in a way that physically Grounds the 'I AM' Presence through You into Mother Gaia, this Solar System, Galaxy, Universe or Cosmos and Beyond. Your Humanness is deemed to be your Life, but it is more far-reaching than that. And so, you may place your human signature and fingerprint herein, but the effect will go forward into future lifetimes and experiences when you pass from this physical world into the next! Think of it as a Legacy to leave for your children and their children, to show that you took part in the Raising of Human Consciousness into Higher Realms. There is not a single person on Earth who does not have a part to play in this Cosmic Event, and all have a special part

to play - Their Own! So, consider this Opportunity more deeply on our Website, and if that is what you desire to do, that Opportunity is Created for you! God Will be your Witness that you are such a Signatory.

NEVER BEFORE IN THE HISTORY OF HUMANITY ANYWHERE IN ALL OF GOD'S CREATIONS HAS A WHOLE HUMAN RACE BEEN GIVEN THE OPPORTUNITY TO EXECUTE A SINGLE HUMAN RIGHTS CONSTITUTION AND DECLARATION FOR THE FREEDOM OF A WHOLE HUMAN RACE.

In fact, no contract or agreement has ever been offered to every human being upon a single world as the Executors for its inclusive Posits of Service. If you think about this for a moment and feel into it, it will likely tell you something profound: **You Care!** No matter who you are or where you live, no matter your colour of skin or religious or political persuasion, You Are Loved, and are meant to always be treated equally and with the Greatest of Honour and Respect! This is the '*Law of One or Unity Consciousness in Love in Action*'.

God Bless You! God Bless You! God Bless You!

Power To The People

INVOCATION: Thou Mighty, Majestic Christ Power, now Growing to Full Stature Within The People of God Upon Earth! We Call Forth the 'I AM' Presence into Action in Every Man, Woman and Child upon the Earth, the Power of Light and Love, Peace and Victory of All Divine Intention, that IS Eternally Free! In the Name of Our Mighty 'I AM' Presence, In The Name of God and Christ Jesus Our Lord, We Ask the Great Numbers of Ascended Masters, the Legions of Light, the Great Cosmic Beings, and the Lord God of Angelic Hosts to Pour Your Blessings Upon and within Us, so that We May Fully Accept and Feel the All-Powerful Activity in Our 'I AM' Feeling World, Our 'I AM' Dominion and Sovereignty Over Our 'I AM' human self, and Our 'I AM' Positive Determination to Hold Our 'I AM' Feeling in Harmonious Silence for the Brotherhoods and Sisterhoods to now come Forward and Claim Their God-Given Human Rights and Civil Liberties. And So, It Is!

It is time to Reset the Cosmic Christ Clock within Every Dear Soul who is ready to stand in the face of all adversity of a world lost within the malicious intentions of *'false power elite'*, who care not what they leave in their wake of inhumane acts of destruction, control, theft, criminal acts, fraud or scams, imbalance and inharmony; where Human Rights are being totally trampled upon, disregarded, corralling humanity further into submission and Love's exile, holding them in states of consciousness that block and forbid them their own Opportunities to Remember Their God-Given Rights To Be Free as Their Own Individualized Sovereign God Selves!

Today, there are millions of New World Servers around the Globe who are, indeed, ready and who will be found in all places of human life: in family homes, neighbourhoods, communities, factories, churches, businesses of all natures, shops, schools, hospitals, all forms of media, the community services, including rescue, police and fire brigades, military - air, land and sea, in all areas of the world; banking and governmental civil departments in every country, all waiting for this moment to arrive where the present *'status quo'* will be overturned by the Hands of God!

They will *'Rise Up'* In the Name of God to Spearhead the Revelations of Truth about the hidden realms of all despicable acts against humanity, in general, but more so, that which are directed toward women and children of this world, to suppress the Power of the Woman and subliminally coerce children to lose their identities so that they will grow up having their realities distorted so they are more malleable by not knowing the realities of the Truth of their Origins as Masculine or Feminine, male or female physical beings!

Those in power today over humanity have as their greatest fear The Power of Fully Embodied Woman (FEMININE) Consciousness, of that Innate Power to Know what is Truth and what is a lie, what is Right and what is wrong. The women of the world have been targeted for

centuries by these ignorant and arrogant men, in particular. Today, it is more important to them to suppress and crush families where women are brought into greater submission of their Innate Powers and children are created confused, thus becoming neutralized into a sense of insobriety where they are in a drunken state of confusion about their true sexuality as a male or female, thus, in their subjective state of consciousness becoming neutralized within the questions around gender.

While this Cosmic Christ Mandate is Founded upon the Cosmic Laws, it holds no Laws, Rules Commands or Orders as to how anyone chooses to implement such a Mandate or Declarations into their lives. However, to make choices that conserve Energy, look into those Laws that will support you in your Love In Action.

The Law of Action - This Law, simply stated, is, no matter what you feel or know, no matter what your potential gifts or talents, only action brings them to life. Those of you who think you understand concepts, such as Commitment, Courage, and Love, will one day discover that you only Create Knowingness when you place your Knowledge into action. Doing becomes the understanding; following through Intuitively leads to Becoming; and the Creation is the Evidence and Witness of the Wisdom gained. Every human being is a *'Focal Point'* of Energy and should be a *'Conscious Focal Point'* of that Energy. In the midst of any whirlpool or thunderstorm of human consciousness (*of the chaos of the third dimension*), she or he should make his or her 'I AM' Presence felt within him or herself.

The Universe Responds to Action. When one takes deliberate action on behalf of something that he or she wishes to create, change, or shift, the Universe Observes this as Readiness, and then brings you what you have now demonstrated you can handle. Remember, the Universe **'never'** gives you what you can't handle.

Law of Syntropy - Very briefly explained, this Principle is much harder to notice than entropy, its opposing Law, the best example of which is life itself. It is the *'Law of Order'* and organization, finality and differentiation, the ability to attract, evolve and bring together ever-increasingly complex forms creating something new. A new Galaxy forming from the ruins of an older Galaxy, building a business and then bringing together of individual cells to create an organism are all examples of the syntropic nature of the Universe. Consciousness focusing energy to create and maintain a system, the *'Law of Life'*, is Syntropy. In an organism, the degree of internal disorganization is entropy, and the level of internal organization is syntropy. The sum of these two quantities represents the level of health of an organism in the present and the transformation potential for the evolution of that system or organism.

Law of Balance and Harmony Is a statement for conserving personal energy and achieving the greatest proficiency.

Law of Bi-valence - Every proposition is either true or false. Possible objections are of two kinds. If one wishes to remove objections that create propositions that require debates to find common ground, choose a Truth that is Undeniably True, One that is Unchallengeable, Undebatable, All-Encompassing and Honours Cosmic Law. Only human creations open themselves to propositions and obstacles.

Law of Brother and Sisterhood – This Law in which man and woman thinks of their Brothers and Sisters and not of him or herself alone. (*See also Law of Group Life.*)

Law of Divine Service – (See Posit V, Assumption 10, Page 54)

Law of Forgiveness – (See Posit VIII, Assumption 13, Page 86)

There are around 8 billion inhabitants upon the Planet today, but this Planet We Love in Her Divine and Pristine State was Created and is Destined to sustain 10 billion people. However, while the imbalances exist as they are today, this increase cannot be allowed in Accordance with Divine Will. To Understand this Truth and to see this for the Beauty that OverLights God's Design of Worlds within Worlds, Dear Souls must be able to more ardently grasp the God Reality which looks nothing like the present human reality that mirrors human thought and projections. They must dissolve and replace the old beliefs and mental programs that they once believed was their only reality, starting to live the NEW, while taking one step at a time toward a Greater Awareness of a much Bigger Picture that is Designed to Set All of God Life Free, not just Humanity! Allow the God Within You to Guide You in All that you do! Stop thinking like human beings! You are Greater than that! Remember, Jesus The Christ came to show you your potential. Now is that time to look at life in an entirely different way, if that is your choice.

Divinely Understand that the '*Power of God*' Exists within you! You are the '*Hands of God*' to bring Divine Balance back into this world. God Bless You on this Journey of Experience.

Conclusion of Posits

One may consider these Posits are contrary to any Articles of Association for any incorporated business, foundation, organization, trust indenture, or any other legal document created by a Lawyer under human Laws, and if that is true for you, then you would be absolutely correct.

Do not be misled by what has been Created here, for these Posits do contravene any legal document known to mankind before. These Posits are based upon Cosmic Law, and therefore, written and Embedded into the Language of Light so that all can understand, if not consciously, from an unconscious or subconscious Knowing! These Posits could never conform to man's or woman's lower-mind practices for such practices have no place in the New Human Race of the new Adam and Lilith Kadmon Human Race.

If you have read these Posits through your conscious mind and something within them strikes a chord within your belly, then go back and re-read them all over again, multiple times in fact, but this time not with your mind. Focus, rather, from within your Heart Knowing. Within the Heart no lower mind can be present.

There is much to contemplate herein, many clues and hints and invitations, but there is no "You should do this or that," "Go here or there," for this is not God's Way. You are free to do with the information contained within the **'True Constitution'** and **'Declaration for the Freedom of Humanity'** as you wish. You are the Master or Captain of your Own Ship, your Own Life.

If you come to any conclusions that all that has been shared is not possible or is untrue, then you would be right, for that will be your belief. But once upon a time, people said that the Earth was flat, and if one sailed across the seas, they would fall off the earth. It was thought that people would never fly. Look at how life has changed over the past 50 years and then say that what has been shared herein is impossible. People who do believe are the Ones that will make it happen. The **'People of God'** have that Power, if that is what they truly desire for themselves, their families, and the Greater Brothers and Sisters of their Soul Families.

It is Time to put your lives into Divine Order while holding onto Divine Faith, and Trust in that God within You to Guide You upon the Path that is right for You. This Path may not be Your Path! That is okay, and You are Loved just the same! The **'Kingdom of God'** makes no distinction as to who can be there, but the Cosmic Laws see to it that no one can arrive until the Laws that Protect and Uphold the Balance of such a State of Consciousness prevail.

Jesus said in A Course of Miracles:

“OUTSIDE the Kingdom of God, the Law which prevails INSIDE it is adapted to ‘what you project you BELIEVE’. This is its TEACHING form, since outside the Kingdom teaching is mandatory because LEARNING is essential. This form of the Law clearly implies that you will learn what YOU are from what you have projected onto others and, therefore, believe THEY are. IN the Kingdom, there is no teaching OR learning because there is no BELIEF. There is only CERTAINTY. God and the Sons and Daughters of God, in the surety of being, KNOW that what you project you ARE. That form of the Law is not adapted at all, being the Law of Creation. God Created the Law by Creating BY it. And the Children of God Who Create in the Likeness of the Creator follow it gladly, knowing that the increase of the Kingdom depends on it, just as their own Creation did. Laws must be communicated if they are to be helpful. In effect, they must be TRANSLATED for those who speak a different language. Nevertheless, a good translator, although he or her must alter the FORM of what he or she translates, NEVER changes the meaning. In fact, his or her whole purpose is to change the form SO THAT the Original Meaning is retained. The Holy Spirit is the TRANSLATOR of the Laws of God to those who do NOT understand them.”
